PROGRAM - This will be our first summer meeting at Carolyn's, Cape Elizabeth. The day and the time will be the same; Wednesdays at 6:15 P. M.

Our summer programs are always among the best of the year, and we expect this will be no exception.

LAST WEEK - President John in his inimitable way, reviewed the past year's happenings. Project, programs, accomplishments, plans completed, long range hopes, membership, and more were mentioned. We all felt a touch of nostalgia as this review was presented. The comment shared by all members was that our club is stronger now, and a more important force in this community after John Nadeau's term as president. Thank you, John, from all of us for the hours of devotion to a great Rotary Club. We will need your help for the future, too.

Also, thank you Keith, Ron, Dick, Ed, Lloyd, Frank and Allen, for your individual guidance combining to make a fine team.

Keith, our new pilot, received the gavel and humbly accepted the challenge of the year to come. He then introduced his team for 1967-68.

Ed Inness	-	Vice President
Ron Tripp	-	Secretary
Dick Jordan	-	Treasurer

Directors:	Dick Kennedy	-	Club Service
	Art Kenniston	-	Vocational Service
	John Vose	-	International Service
	Howard Williams	-	Community Service
	John Nadeau	-	Director-at-large

We all welcome Luther Hodges, new President of Rotary International. He began in Rotary as a charter member of the Leaksville-Spray, North Carolina, U.S.A. Club in 1923.

Would you believe: During the past Rotary year 361 new clubs have been organized throughout the world, to make a grand total of 12,803 clubs with 613,500 members.

This has to be an indication of the true greatness of this organization, and its influence will be felt in each community, and by each member who will constantly apply the 4-way test to each day's living.

This is the last bulletin for your editor - it's been fun. Give your new editor "all the news" whoever he is. To be announced Wednesday.

"The best thing to put aside for your old age is the thought of it."

PROGRAM - Mr. DeMuth, Executive Director of Child and Family Services, will speak on community's need for social services.

LAST WEEK - This was our first summer meeting at Carolyn's, Cape Elizabeth. Dick Kennedy presented a very interesting film on "Food". Dick told us that one out of four is engaged in the big business of food. In our own club that ratio holds. Some of us were amazed to learn that the super-markets use about 784 million pounds of food a week and the film showed the various steps necessary to supply this demand.

GOODWILL AMBASSADORS -

At Scarborough - Blaine Raymond 6-29-67; Dick Kennedy 6-29-67; Ed Inness 6-29-67 and John Vose 6-29-67.

At Newburyport, Mass - Al DiMatteo 6-20-67.

At Expo 67 - Warren Simpson 6-19-67.

At Scarborough - Ralph Green 6-27-67; Ralph Kilgore 6-27-67; Blaine Raymond 6-27-67 and Al Rowe 6-27-67.

At Biddeford-Saco - John Toft 6-28-67; Ralph Strachan 6-28-67.

At Westbrook - Ralph Strachan 6-27-67, Howard Williams 6-27-67 and Lloyd Pike 6-27-67.

Our first meeting of the summer was a very pleasant one and although it was very unexpected, I found myself as bulletin editor for the next six months. There was no opportunity at this meeting to get together the necessary information to write a complete bulletin. Howard Williams was not present and he has this information and so, we will just put together what little material we have and call it "the best under the circumstances".

One of the nice things about the editor's job is the opportunity we have of reading the bulletins of other clubs in our district. There was a nice item in the Shawinigan, Quebec bulletin (The Power Wheel) of June 18, 1967 regarding their 25th Anniversary celebration. It was most complimentary to Lloyd and Ellen Knight from the South Portland club for their singing. John Nadeau was also given recognition as one of the interesting and amusing speakers who acquitted themselves "magnifique".

THIS WEEK - This should be something special. Frank W. Lee, who has spent the past two years teaching and adventuring in West Nigeria, Africa, will tell us of some of his experiences. Frank is a former member of this Club, and those who remember him I'm sure will agree that his wit should make this a most unforgettable meeting. Let's have a large attendance to welcome Frank home.

LAST WEEK - Donald DeMuth, who works for the County in the field of mental health gave us an awful lot to think about, in a most earnest and forthright presentation. Beginning by defining illness as a malfunction of many parts of a person, he next stressed that emotions can affect the anatomy, finally producing actual physical changes in the anatomy. Mr. DeMuth pointed out that 12 Billion a year is spent on the research of "Things", while only 150 Million goes towards the research of the person himself.

He sees two of the reasons for the magnitude of the mental health problem as being: The high cost of adequate treatment and the critical shortage of trained people. He fears that change will come only when enough people become sufficiently concerned, concerned enough to make mental health the BIG BUSINESS that it should be. This was a most powerful talk, and was followed by some most powerful questions. I'm certainly glad that I heard it.

WE REGRET - to announce the resignations of members, Bruce Bailey and Dick Kinney. Dick is going back to School for his Master's Degree, and we hope to see him again after that. We shall miss you both.

PRESIDENT LUTHER HODGES suggests four ways to "Make Your Rotary Membership Effective"

PROGRAM

- Our program chairman, John Barrows, has informed us that the program for this week will be a talk by Mr. Donald Lowry, president of the Portland Regional Opportunity Program or (PROP) as it is commonly known. PROP is one aspect of the Government's "War on Poverty". Mr. Lowry is a partner in the law firm of Jensen and Baird. Mr. Lowry will discuss what is being done in Portland with PROP.

LAST WEEK

- This was our third summer meeting at Carolyn's and the attendance was excellent. Of course the speaker, Mr. Frank W. Lee, introduced by Ralph Green as Ralph Kilgore as absent, was received most enthusiastically. Frank, a former member of our club and one of the most popular we have ever had, left us in August 1965 to take over a teaching position in Nigeria under the sponsorship of Harvard University and although we have had letters, very interesting letters, from him over the past two years, it was a real treat to have him with us to tell us of his experiences in the "dark continent". Frank says it is no longer a dark continent but a very progressive and beautiful place to live and work. It would be impossible to repeat here the whole story of this wonderful experience that Frank and his family had, but we do remember some of the high spots. People of Nigeria are very friendly and Frank told us that at no time did he feel any apprehension for the safety of his family.

Frank's talk was greatly enhanced by the large number of slides which he evidently made from the very beginning of his tour of duty. Not only were these pictures exceptionally good but it showed clearly that Frank is a good photographer. Frank spoke very highly of the members of the Peace Corps who were stationed in Nigeria. He evidently has great admiration for the jobs they are doing and the way they are doing them. He spoke of the Nigerian people as being "very pro-west".

We all hope that at some future date Frank will come back and finish telling us one of the most interesting stories we have ever heard and finish showing those magnificent pictures.

ANNOUNCEMENTS

- Somehow the Canadian customs have allowed our Banner to get through and it is now back in our possession.

We are sponsoring the South Portland High School AAU track meet next Saturday. Somebody said, near enough for us to hear, that Jim Dowdy was entered for the Shot Put.

CLUB ATTENDANCE - 6 MONTH PERIOD JAN. - JUNE 1967 - (corrections)

100% - 26 Meetings: Blaine Raymond, Dick Kennedy
88% - 23 Meetings: Charles Foxgrove

It seemed good to have Ray Frost leading the singing after so long away from it. Nice going Ray. Lloyd Knight was at the Piano.

V.P. Ed Innes introduced the 10 visiting Rotarians, one of whom was a 42 year perfect attendance member from Leominster, Massachusetts.

GOODWILL AMBASSADORS - At Portland - Dick Jordan - 7-14-67; Newt Pratt - 7-14-67. At Portland - John Barrows 7-7-67; At Scarborough - Blaine Raymond, 7-4-67; Ron Hall - 7-4-67.

THIS WEEK - First Classification Talk of the Rotary year will be our treat Wednesday. Ed Inness - Photography developing and printing, will explain to us what he does in that room out back at Inness Photo Service. These have consistently been our finest programs, and I'm sure that Vice President Ed's talk will be no exception, but exceptional.

LAST WEEK - Donald Lowry, President of the Portland Regional Opportunity Program (PROP) described the work done by this division of the Office of Economic Opportunity. The guiding principle of this organization is the attack the Problems Of Poverty in much of Cumberland County. Included in the program are three primary groups: Project Head Start, The Neighborhood Youth Corps, and Neighborhood & Rural Centers Component. They are also looking into the possibility of organizing an on the job training program. As opposed to merely handing out money, the attempt is being made to break the Cycles of Poverty in this area by striking at the roots of poverty.

Since its conception in 1965, the total cost of all programs has been \$802,682, of which \$671,566 has been furnished by the Federal Government. A breakdown of expenses shows \$75,000 in salaries for Administrators, \$216,500 in non-Administrative salaries to those performing services to the poor, and \$251,000 in salaries to the poor themselves. PROP is overseen by a 30 man Board of Directors, of which 1/3 come from the poor of the Community.

This talk certainly shed light on the program to the editor, and I imagine most of those in attendance. Mr. Lowry's presentation was followed by a spirited question and answer period. We thank Mr. Lowry for taking time to visit with us, and for his fine presentation.

ANNOUNCEMENTS - Next week is our monthly Board of Directors meeting following the regular meeting, to which all members are invited, and to which all Directors can make definite plans to attend.

MAKEUPS - 7/18/67 Al DiMatteo, New Haven, Conn.
7/21/67 John Nadeau, Dick Kilroy, Portland
7/18/67 John Barrows, Art Keniston, Westbrook
7/18/67 Ralph Kilgore, Vern Wilson, Ron Hall, Dick Kennedy, Blaine
Raymond, Charles Foxgrove, Scarborough
7/25/67 Tom Walter, Bath

ATTENDANCE - June once again found us way down on the list, 27th out of 49 with an attendance percentage of 81.40. What has been happening lately? If anyone has any ideas or any idea how to do something about it, I'm sure we would be glad to print them. How about getting back up on top again.

LEADERSHIP FORUM - will take place sometime in September or October. This is a new session this year which will be a working session for several key committee chairmen and members, such as Rotary Information, Bulletin Editor, Classification Committee, and Membership Committee. Those on these committees stay tuned for further details, such as when and where.

THIS WEEK - A member of the Propeller Club will show us a film titled "Bridging the Seas." This is an excellent film on U. S. Maritime Industries.

LAST WEEK - George Brooks, Technical sales representative, Photo finishing division of Eastman Kodak Company gave Ed Inness's classification talk for him. And did a fine job too. All of the camera bugs in the group had a good chance to have at George with all of their questions and experiences. Our thanks to Ed for securing George, whose figures were most impressive. Photo finishing is in the process of doubling between 1964 and 1969, there are automatic machines which can print 2500-3000 photographs each and every hour. Quality control plays a large part in operations such as the one at Inness Photo. A very interesting tour of Ed's business was accomplished by means of colored slides, which I have been given to understand, were developed and printed at a mail order house.

DISTRICT GOVERNOR'S - visit will be due no later than Sept. 20th, so set this night aside to attend your own Club's meeting. There will be a Club Assembly following our regular meeting, and these have always been challenging and informative.

COMMITTEE REPORTS - will be due no later than Sept. 1st, so there will be time to review and organize them before the Governor's visit. These reports are for the purpose of helping all committee chairmen make plans for the work to be done by their committee for the coming year. It would be a good idea to draw up the report at a committee meeting so that all members can contribute to the plans. Don't wait till the last minute, as all committee should have already done this, as the new year is already over a month old.

MAKEUPS - 7/28 at Portland; Roger Sturtevant, Dick Yerxa, Bill Sheriff.
8/1 at Scarborough; Blaine Raymond, Lloyd Knight.
8/1 at Westbrook, Ralph Kilgore.
8/1 at Berlin, New Hampshire; Dan Gacetta.
8/1 at New Haven, Conn.; Vern Wilson.

PROPOSALS - for membership have been received in the following classification: Gasoline - Distributing and Drugs - Distributing. If anyone else has proposals for these classifications now is the time to make them known.

THE CLASSIFICATIONS COMMITTEE - in the hopes of stimulating your thoughts will publish from time to time a partial list of companies and/or classifications which are unfilled in the Club. If you know anyone in these companies who you feel would make a good member, please get a proposal from the Secretary and fill it out.

E. G. Foden Co.	James Wiltsie Co.	Ametek
Hannaford Brothers	General Electric	King Cole

BOARD OF DIRECTORS MEETING - 8/2/67. Discussed possible summer outing. More at next week's meeting. Discussed tentative plans for attendance contest. Voted leave of absence to one member. Voted to postpone final results of membership drive as some who were proposed still will be joining. Adjourned.

THIS WEEK - Jack Geary of Cole's Express will make a slide presentation of "The History of Trucking in Maine" commemorating the 50th Anniversary of the trucking industry which is being celebrated this year. Two young musician singers will assist Jack and will entertain us during our dinner hour. This will be a little change from our usual program and should prove to be very interesting.

LAST WEEK - We were extremely fortunate last week to have Ralph Leavitt give a presentation of a film entitled "Bridging the Seas." Ralph is an active member of the Propeller Club and his running commentary of the film made it one of the most enjoyable and instructive programs of the year. He explained that the reason for keeping the Propeller Club alive was due to its keeping freight rates lower. By keeping ships in all places at all times it saves us at least a billion dollars a month. Ralph told us that we now have more than 900 ships in our merchant marine. We did have five or six thousand shortly after World War Two. The smaller number of ships now carry a very large amount of cargo because of the method of packing it. We now use containers, each of which contains 46,000 lbs of cargo which previously was shipped loose and it consumed a great deal of time loading and unloading, while it can now be handled in containers in a much shorter time.

Not only was the film very interesting, it was also very beautiful.

COMMITTEE REPORTS - Ron Tripp, who covered the bulletin during my absence, has covered these reports in detail and we will not go into this subject again this month.

MAKEUPS - 8/2/67 - Al DiMatteo - Wallingford, Connecticut.

At the last Board of Director's meeting, some discussion was made regarding the possibility of a summer outing. This would probably be held at one of the islands in the bay. We understand that Carolyn's cannot have us here either one or two weeks at the end of the month and this will probably be the time selected for such an outing. No regular vote was taken at this meeting but a show of hands gave indication that such an outing would be welcome to most members.

PROGRAM - Now Hear This!!!

Bryant P. Jones, the Director of Public Information and Central Services of the University of Maine in Portland will speak to us on "Public Information and Its Place in the University." In view of the many reports on efforts being made to reorganize the structure of our public colleges in Maine prior to and during the recent legislative session, this should be a timely presentation.

Mr. Jones is a Maine native and a graduate of the University. He spent two years in Augusta with the Department of Economic Development before joining the staff of U. M. P.

Let's welcome Mr. Jones with enthusiasm and an attentive ear.

LAST WEEK - Jerry Cole presented a very interesting film "50 Years of Trucking in Maine." This was primarily the story of the build-up of the express and trucking business from 1931 on. Jerry gave us a fine commentary regarding the experiences of the Cole organization and its expansion from one 1928 Reo to the present day fleet of huge trailer trucks. Before his presentation, during the dinner hour, we were entertained by two fine appearing boys who were brought down from Dover-Foxcroft by Jerry, and they sang folk music and played guitars. The boys were Neil and Dave Mallett, and they sang numbers made famous by Henry Belafonte, Berle Ives and several other recording artists.

GOODWILL AMBASSADORS - Ron Tripp was not at this meeting and we must wait until next week for the report on make-ups.

BIRTHDAYS - As July started a new Rotary year for us it has taken a little while to get set up with a new editor, and the transfer of statistics on our members. To catch up let's get down the birthdays of members in July and August.

- July Birthdays - Keith Dennison, 14th
- August Birthdays - Bob Lamy, 5th - Lloyd Pike, 20th

V. P. Ed Innes introduced our 6 visiting Rotarians.

LAST WEEK - Bryant P. Jones, Director of Public Information and Central Services of the University of Maine in Portland spoke to us last week on "Public Information and its place in the University." Mr. Jones was introduced by Ralph Green and spoke at some length on "Communication." Mr. Jones touched on the upcoming referendum on higher education.

PROGRAM - Our own Allen Rowe in collaboration with Ted Wainwright will show us slides, with accompanying comments, on their Alaskan hunting safari of last summer. This should be an enjoyable program.

LAST WEEK - Harry Richardson, Portland Attorney and Majority Leader of the Maine House of Representatives spoke to us concerning the up-coming State Bond Issue and the referendum on which we must vote September 12th. Mr. Richardson was born in Bangor, Maine. He is a partner in the law firm of Robinson, Richardson and Leddy. He told us of his job as majority leader. It consists of explaining the G.O.P. stand on which they take a stand. He explained to us the various items which will appear on the referendum ballot September 12th. He told one very cute story which he credited to Abe Lincoln. It was about a man who was tarred and feathered and ridden out of town hanging from a pole upside down. A small boy seeing him in this position asked him what it was like. "Son, if it wasn't for the honor of the thing, I'd just as soon walk."

Any interested members are asked to come in to the S.A. and help them with the elderly people. Contact Keith or drop into the Salvation Army Headquarters.

On September 14th the Portland Club is having a lobster festival and square dance at the Stevens Avenue Armory. Reservations must be made through the Portland Rotary Club office, (773-7157) by 5:00 P.M. Monday, September 11th.

Our meeting last week was a little different than usual. We ate in the regular Howard Johnson restaurant and ordered from the regular menu. Perhaps that gave us an opportunity to gather a little more material than usual. It was a little more noisy than our regular room and perhaps we didn't hear all of it correctly. When Ron asked Newt Pratt how he had been, Newt replied, or at least some one close by did - "I am pooped. Went from Prince Edward Island down to Fort Lauderdale and back this week - on horseback." We are not sure that last remark was made by Newt.

Thought for the day -

It must be terribly frustrating to a girl when she puts her bra on backwards.....and it fits.

PROGRAM - Mr. David M. Molthrop, consultant for Community Education for the National Small Business Association, Washington, D. C., will speak to us on "America Is Too Young To Die." Mr. Molthrop's subject sounds so interesting we are sure to enjoy his presentation.

LAST WEEK - We were treated to some of the most unusual slides and a very fine story of two rugged souls from our own club who made an unusual safari up into the wilds of Alaska last summer. Al Rowe and Ted Wainwright made the trip in Ted's plane and as Ted told the story it must have been exciting. We were greatly impressed by the thoroughness with which the program was presented. Before showing us the fine collection of colored slides, Ted gave us a complete explanation of the route they flew while Al gave us a visual story with the aid of a big map which had been plainly marked and allowed us to have a definite knowledge of the places mentioned and shown in the story. It was a very excellent program and we all enjoyed it greatly.

We understand that, in addition to the slides used in the program, both men took a lot of movies. Here's hoping they will give us the benefit of another show in the near future.

PROGRAM - This is the day our District Governor, Frank Hinckley, will make his official visit to our club. Governor Frank will address the club, after which, he will conduct a club assembly. Written reports, in duplicate, are required of the committee chairmen.

LAST WEEK'S PROGRAM - Mr. David M. Molthrop, consultant for Community Education for the National Small Business Association, Washington, D. C., gave a very dynamic talk entitled "America Is Too Young To Die", and if he did not stir up a lot of arguments among the club members, it was probably because his rapid fire type delivery made it almost impossible for most of us to keep up with him. We do not intend to attempt any report of this presentation because, frankly, we did not understand what he was trying to tell us. As John Daly, of the "What's My Line" TV program would describe Mr. Molthrop, "he is salaried and deals in a service".

PROGRAM - We are going to have another talk, and we hope some more excellent slides by Frank Lee. This time, he will tell us about a Safari on which he went to the west coast of Africa.

LAST WEEK - District Governor, Frank Hinckley, visited our club last week and gave us a very interesting and informative talk on the general subject of Rotary. After his talk, he conducted a club assembly, and this was entered into very enthusiastically by all club directors and committee chairmen. Unfortunately, there were many absentees, but their reports were given by other members of their respective committees. It was a fine meeting and many of the new members were greatly pleased that they learned so much about Rotary in one evening.

There was no piano player present, and after our only effort to sing without music, "I've Been Working On The Railroad", with Ray Frost leading, Governor Frank told us a short story of a District Governor who visited one club and they were also without music. After their efforts, the Governor very solemnly remarked: -

"I don't know when I've heard better singing than that, but I am sure I have".

John Nadeau has been promoted to Manager of the John Donnelly & Son operations in Maine. Congratulations John.

President Keith announced that Bub Barrett was improving steadily and would soon be back with us.

During the reports of committee chairmen at last week's assembly, we learned from Ron Hall that there is some activity, in writing, towards another attendance contest between Shawinigan and South Portland. If it should materialize, we will probably increase our attendance average by a considerable amount. It also makes for a fine friendship amongst the clubs.

GOODWILL AMBASSADORS - 9/13/67 at Scarborough - Blaine Raymond
9/15/67 at Portland - Al DiMatteo

SMILE TIME - Two girls were, as usual discussing men. Stated one, "Men are all alike." The other gal, from the deep South, replied, "Man are all Ah like, too".

Warren Simpson and Dick Jordan will be absent from meetings for about 13 weeks as they are both attending formal studies.
