NEXT MEETING - July 14, 1971

"Gulls as a Biological Indicator" will be the title of our guest speaker, Richard Anderson. Mr. Anderson is the assistant director of the Portland Society of Natural History.

MEETING - JULY 7, 1971

Was it the show or was it the weather? Although we did not receive the public support that was anticipated, the Water Follies had its highlights. Congratulations to all committee chairmen for their fine organization and for achieving the support of the club and the business community. Thanks must be extended to all who participated. Approximately, \$3400.00 will be donated to our goal of a boys club in South Portland. Let's keep it up. Good to see Art Keniston back at the meeting.

CONGRATULATIONS

Warren Simpson and Ray Frost will represent our club on the District Commission as the Governor's Special Representative and for Club Expansion, respectively.

THE BELL, the gavel, and the headaches were passed last week from Immediate Past-President Lloyd to President Harold. We can look forward to a fine Rotary Year under the direction of Harold, District Governor Paul Cote, and International President Roy D. Hickman of Birmingham, Alabama, U.S.A. The club is in a sound financial position with our Community Fund Account having a present balance of \$5,220.02, PLUS the \$7.63 PROFIT from Guy Lombardo. Unfortunately, our attendance is not doing as well. We dropped again in May to 32nd place in the District, down two more places from our 30th position in April. We also fell below the District average by 2.13%. Let's start off the new year right by giving 100%. If we can raise our average by only 13.03% we could be #1 in the District.

THIS WEEK'S MEETING will be at the same time - same place!

FOOD FOR THOUGHT - from incoming President Roy Hickman's address to the International Convention, held two weeks ago in Houston:

"This is a very simple message directed to the individual Rotarian --you and me--and it simply says 'let's take a new look at the object of Rotary, and individually carry out the four avenues of service'... Let's give Rotary a rebirth by individually involving ourselves."

The 1972-73 Rotary theme - "LET'S TAKE A NEW LOOK!"

THE GOVERNOR'S VISITATION is August 2nd. It will be a Ladies' Night, and will be held at Heatherstone. Cocktails will precede dinner. Let's mark it down now, for a good turnout.

Two Rotarians from Papua, New Guinea and four from Afars and Issas attended the International Convention this year. They were among the 14,296 Rotarians from 75 countries. Also, there was one Rotarian from Khmer Republic. Also.....(continued)

HISTORY OF ROTARY - PART VI

"In addition to growing in numbers Rotarians began to contribute significantly to the intangible world of human relations, where occurs the fascinating parade of men of vision moving upward in defining their ideals. At the Buffalo convention in 1913, the stage was set for consideration of a 'Rotary Code of Ethics.' President Russell F. Greiner appointed a committee to discuss the matter; one member was from Sioux City, Iowa, U.S.A., and he sought the help of members of his club. Most of the work was done in Pullman cars traveling to the next convention in Houston, but these men drafted the first copy of a 'code of trade ethics.'

This was to have important repercussions. The code passed through the crucibles of both the Houston and San Francisco conventions; its adoption marked the definite turning point in Rotary from the 'business reciprocity' idea of the first few years to the principle of service to and thoughtfulness of others. The code was widely used for many years." Source - Adventure in Service

June 26, 1972

LAST WEEK - JUNE 21: Walter Corey, a local attorney, spoke on the Federal Occupational Safety and Health Act. This legislation applies to all employers involved in interstate commerce who have one or more employees. (That's just about everyone!) Under the rigid requirements of the act, penalties are assessed for violations. From inspections made during the first eight months, it was found that only 22% of the employers inspected were in compliance. During the same period, over \$1 million was assessed in penalties.

NEXT WEEK is the last meeting of this Rotary Year, and the bell passes from President Lloyd to President Harold. Good luck for a successful year to President Harold Fralich, Vice-President Sarando Giftos, Secretary Ray Frost, Treasurer Art Keniston, and Directors Dan Mooers, Les Waters, Frank Hugo and George Chandler.

HISTORY OF ROTARY - PART V:

"After the new club in Chicago had held a few meetings, the members began discussing an appropriate emblem, one that would symbolize the developing meaning of their organization. One member submitted a design of a locomotive drive wheel with a counter-weight and the word 'Rotary Club' on the connecting rod. Another presented a design of a buggy wheel, and this was adopted. He afterwards added 'dust' to portray the idea of motion--but put the dust both before and after the wheel so it appeared to be rolling on the clouds. Later a streamer carrying the words 'Rotary Club' was added to this design.

All the early emblems varied considerably, although most used the wheel in one way or another. Differing elements often were superimposed, some symbolic of the club or region, others of a characteristic product. The 1912 convention adopted the gear wheel as the basic design, and subsequently there were minor changes until, in 1922, authority was given to 'create, adopt, and preserve' an emblem. Accordingly, the present gear wheel with 24 cogs, six spokes, and a keyway was adopted."

LAST WEEK'S meeting, while not quite developing into a riot, presented the liveliest discussion in months. Ms. Marilyn Andersen-Richard, Task Action Chairman of the Southern Maine Chapter of N.O.W., with the assistance of Ms. Anne Hazelwood Brady of Camden, spoke on the rights of the "fairer sex." (That would cause a riot!) Apparently that topic cut deep, at least with Bill Lewis, Dick Holden and Nick Pappas, each of whom reacted rather defensively. It's a good thing it wasn't a ladies night!

WELLS-YORK ROTARY CLUB (new club) offers each of us an opportunity for summer theatre.

As a service to Rotarians in this area who may enjoy summer theatre, the Wells-York Rotary Club has reserved a section at the Ogunquit Playhouse for Thursday night performances throughout the season. Reservations for Rotarians and their friends will be available until 2 P.M. on each Wednesday for the Thursday night performance. Box office price with no surcharge.

Procedure -- For Thursday night reservations for Rotary nights at the Ogunquit Playhouse.

1. Call the Inn Crowd Restaurant - 646-7071 and ask for Dave Jutras or Dick Twomey for Rotary reservations.
2. Leave your name, Rotary Club, and number of tickets desired.
3. Tickets may be picked up at the Wednesday noon Rotary meeting at the Inn Crowd or they will be held at the Inn Crowd Restaurant to be picked up the night of the performance.
4. It is suggested that the Club Secretary or one individual make reservations for the number of tickets desired by members of our Club.

TICKETS FOR THURSDAY NIGHT ONLY AND WILL BE HELD AT THE INN CROWD RESTAURANT.

HISTORY OF ROTARY - PART IV

Everyone who has come to rotary has brought some special talent, some particular ability, or some new idea. Perhaps in individual circumstances these have not always been utilized, but in others they have left a lasting imprint. The case of the 'number 5 Rotarian,' a printer named Harry Ruggles who joined immediately after the first meeting, is pertinent. Musically inclined, he is credited with introducing one of the most prominent characteristics of Rotary fellowship, club singing. Many clubs, it is true, do not have a brief song period at the beginning of their meetings; on the other hand, a majority feel that such a period relaxes men tensed up by the business day, and they sing with a will.

GOVERNOR PAUL COTE, District 779, will make his visit to our club on Wednesday, AUGUST 2. This will be a ladies night. Please mark it on your calendar now so you don't forget.

June 14 MEETING should be a very interesting and enlightening one. It is one of those very rare occasions when a woman will speak - Mrs. Marilyn Andersen-Richard of Windham. Although only recently returned to the State of Maine, Ms. Richard has already made her name heard in political circles.

GOOD-WILL AMBASSADORS: PORTLAND: 5/19 - Francis X. Landrey, Arthur Keniston, Wendell Davidson; 5/26 - Roger Sturtevant; 6/2 - Ray Frost, Capt. Landrey, Wendell Davidson; WESTBROOK: 5/16 - Al DiMatteo; 5/30 - Dick Anderson, Bill Kilroy; 6/6 - Jerry St. Cyr, Bob Carson, Dick Kilroy, Frank Hugo, Dick Holden; SCARBOROUGH: 5/16 - Ted Ousback, Roger Sturtevant; 5/30 - Ted Ousback; BIDDEFORD: 5/17 - Rick Anderson; 5/31 - Ted Wainwright---and finally, our Ambassador-At-Large, HARRIS PLAISTED was at Bath on May 16 and Lisbon on May 22.

GOOD NEWS - Phil Dube is making steady progress and may be back with us for a meeting in July. Phil has really been missed!

HISTORY OF ROTARY - Part III -

"A description of those early members of the first years further indicates the slant of the sale. (Founder Paul) Harris said of them: 'They were friendly and congenial, and each represented a recognized and honorable vocation different from that of the others. They had been selected without regard to religious, racial or political differences. The group included members of American, German, Swedish, and Irish ancestry, and representatives of the Protestant, Catholic, and Jewish faiths, all products of the American melting pot, and, in that respect, fitting progenitors of the international order which they were to bring into being.'

Those two qualities--the premise of agreement and the unquestioning acceptance of a man as a man instead of as a member of a specific group--became the flesh and blood of Rotary history."

JUNE 7TH MEETING will be a Rotary information night for the entire membership. Would all new members please be present.

LAST MEETING

On May 24th, Edward Y. "Duke" Blewett, President of Cumberland Cablevision Corporation, spoke on the new technology of "cable television". Duke pointed out that the Cities of Portland and South Portland presently have under consideration proposals from 14 different companies for the installation of cable television in the two cities. Because of the impact of cable TV on our everyday lives, he recommended that each individual should try to become involved in the decision to assure that the company receiving the franchise would be responsive to both communities. He strongly recommended a recent book published by the United Church of Christ entitled "Cable Television, A Guide for Citizen Action".

HISTORY OF ROTARY - PART II

"As with all human things, there were mixed objectives and ideas in this first Rotary group. There was spirited discussion, with the admitted hope that such a grouping would help the members get new business. Meetings, they decided, were to be held in rotation at members' places of business; hence the name 'Rotary.' To broaden acquaintance and perhaps help obtain more business, it was agreed that only one representative of each business or profession would be admitted. Keenly aware of the bitter business rivalry of their time, they agreed that in this way there might be less chance of dissension within the new club.

There were these business aspects in the early days of Rotary, but they also carried the germ of the idea that would lead the fledgling group into the path of service. Schiele put it this way; 'Each of us would be having some thought for the welfare of the other fellow.' It was only a step from the business welfare of the fellow member to the social welfare of the community, a step that was first taken in 1907 when the new club led a campaign to install public comfort stations in Chicago's city hall--its first service project. The course of this first Rotary club was firmly set."

MAY 24 MEETING:

Our speaker will be Edward Y. "Duke" Blewett, Past District Governor of Rotary, District 779. His topic will be "Cable Television - Boom or Bust." (Those members who heard Duke speak last year know it will be a fascinating half-hour).

REMINDER:

June 7 will be Rotary Information night. All new members are specially requested to be in attendance.

LAST MEETING:

David G. Stanley, Vice President for Group Administration, Union Mutual, used our forum to lobby (he said it) for the National Health Care Act now pending in Congress. The act, which is competing with the Kennedy and Nixon Bills, is sponsored by the Health Insurance Association of America, an organization made up of the 300 major insurance companies in the United States.

ROGER STURTEVANT AND ED INNIS:

Need help with Guy Lombardo. Ed in getting people there - Roger with setting up for them and cleaning up after them.

MAKE-UP:

Portland - Roger Sturtevant; Brunswick - Dick Holden and Jerry St. Cyr; Scarborough - Nick Pappas and Dick Kennedy.

HISTORY OF ROTARY - First of a series.

"From the facile brain and lonely heart of Paul Harris an idea had come--an idea which stimulated the imagination of the three men who gathered around him. The idea, conceived as most great ideas--a tiny fragment of genius--challenged these men to dream a small dream even on that February evening. They dared not dream, however, that the idea set in motion within the drab walls of this Chicago office would some day enlist the minds of men around the world.

Within a few days other friends and acquaintances had been drawn into the circle of Gus Loehr, Hiram Shorey, Silvester Schiele and Paul Harris. The first meetings were informal, but basic rules were adopted, and gradually the Rotary Club of Chicago came into existence."

THIS WEEK - May 17

Bob Roberts of Union Mutual will speak on new developments in the field of group health plans.

LAST WEEK - May 10

Richard Hamlin, the Executive Director of the State Highway Safety Committee spoke on the various safety programs which have been implemented in Maine, such as the staffing and operating of a 24 hour, 7 day a week, radar patrol car for the City of Portland, and defensive driving courses for adults.

He also explained the functioning of the 25 man committee, its funding, its effect, and its future.

GOODWILL AMBASSADORS

Al Sands, Dick Yerxa

Brunswick - May 1 - Dick Kennedy

Scarborough - May 2 - Ron Hall, Capt. Landrey

Sanford-Springvale - May 5 - Harris Plaisted

Portland - May 5 - Roger Sturtevant

NEWS

Last week's bulletin stated that only 4 tables were left for Guy Lombardo. This was in error. As of May 10th, according to Ed Inness, only 40 tables had been sold, and, with 70 tables being the break even point, the project will be in deep trouble unless more members become involved. Time is running out.

Congratulations to grandfather Jim Doughty. A grandson.

THIS WEEK - May 10

Richard Hamlin, Executive Director State Highway Safety Committee.

LAST WEEK - May 3

Mo Mowatt gave a most interesting and humorous classification talk on his firm, KenMo Vending. KenMo began in 1958 with 10 coffee dispensing machines which often produced a brew which might have been used for "paving parking lots." Needless to say the business and the coffee has improved to the point where today KenMo is a substantial firm handling a complete line of food and beverages.

Within the last 10 years all machines have become standardized, both as to color and size, they are asthetically appealing, and the coin changers are now giving better odds. In fact a \$3.00 bill will still occasionally give you a dollar in change.

MAY 3, 1972 - Mo Mowatt will give a classification talk.

APRIL 26, 1972 - Dan Mooers, on rather short notice, gave a brief personal talk on his feelings about the "Law" and the upcoming observance on May 1st of Law Day nationally. Dan conveyed, not only his love of the law, but also, the need of our nation and our people to respect and honor the law in order to survive.

The program was then concluded by John Toft who, while accompanied by Mrs. Toft in Texas, did a little low pressure politicking for Senator Muskie.

April 21, 1972

April 26, 1972 - Introduction of New Members. Dick Kennedy will host.

April 13, 1972 - John Carey, Executive Director of "Birthright", a legislative research program of the Diocesan Bureau of Human Relations, gave a most interesting slide presentation and discussion of abortions and more particularly his perspective on abortions. He is absolutely opposed to abortions as a method for controlling population. The color slide depicted the various methods of abortion.

Mr. Carey seemed to feel that the underlying issues are the right of life to the unborn child and the right of the unwed mother to carry her child with dignity. He stated that society should make provision for these children and mothers and take care of all their needs, social and economic, not only during pregnancy, but afterwards.

Mr. Carey admitted that between 60 to 70% of the population today favors abortion as a means to control overpopulation, and that the percentage is growing. He predicted massive efforts, in the near future, by the governmental authorities to control conception through birth control devices.

The issue of legalizing abortion is, to say the least, an emotional one with feelings running strong on both sides, as demonstrated by the fact that well after the close of the program the Purpoodock parking lot was still 3/4 full, and fellow Rotarians were still discussing, inside and outside, the program.

April 18, 1972

APRIL 19, 1972 - "Birthright" A right to life. A positive alternative to abortion.

APRIL 13, 1972 - The Thornton Heights Lions Club hosted the third annual joint service club meeting. It was a memorable evening. In addition to the Thornton Heights Lions Club, seated at the head table were notables and their wives from the South Portland Lions, Jaycees, Kiwanis, South Portland-Cape Elizabeth Rotary, and the Cape Lions.

Our own "Medium Star" introduced Bill Caldwell who spoke on "Saigon, Washington, Augusta."

Having been to Saigon 18 times, Caldwell speaks with some authority. Most people think of the Ho Chin Min Trail as a single, narrow road running through the jungle. Actually, it is a network or grid of trails. If one is bombed, there are others to choose from. Along these trails, there are spare parts for disabled trucks and work crews to repair roads hit by bombs. How good is the South Vietnam's Army? "Much better than anticipated, especially the 1st Division." North Vietnam is not a puppet of either Red China or Russia.

Mr. Caldwell's remarks about the Washington scene were interesting. Regarding the current political campaign, he commented that Muskie's star rose too fast, has had too much publicity. However, as of now, he has more delegates than any other candidate. But come November, "Nixon by a country mile."

The State of Maine has over 400,000 acres of public lands which they want to sell. The strange thing is the State can't find these acres, and feel it would be too expensive a venture. All very amusing the way Caldwell puts it.

A very interesting primary coming up. "The millionaire against the little old telephone operator from Skowhegan." This will be closer than people think, but it will still be "Margaret".

Our speaker concluded with his concern for "Danger". There are over 150,000 trucks and only 5 inspectors. We need more to police the mechanical defects and to halt drivers from working too many hours and becoming fatigued.

Throughout, the evening was interspersed with Caldwell jokes which made it pleasant and interesting.

APRIL 12, 1972 - NO MEETING - Make up necessary.

APRIL 13, 1972 - 3rd annual joint service club meeting, 6:30 P.M., Memorial J.H.S., \$4.00 per person, Bill Caldwell speaker. Ladies invited. Call President Lloyd. This counts as make up for April 12.

APRIL 5, 1972 - Captain Donald J. McCann, U. S. Coast Guard, introduced by Dick Kennedy (I thought he would never ask), gave us an overall picture of ice breaking. Slides presented by the Captain showed the ship he commanded, the Northwind, and its ice breaking maneuvers. Although the ship didn't look that large, it had a complement of 230 people and had fuel storage for 1,000,000 gallons. One slide indicated that the ice breaker had only made 20 feet, which according to the Captain was in a 24 hour period. Slides of the Northwind, sunrise and sunset, helicopter, the ice breaker Manhattan; the white, white polar bear, and others, along with the good Captain's narrative made it an informative and pleasurable evening.

APRIL 19, 1972 - Program Chairman, Dick Kennedy, indicates the program will be most controversial.

GOODWILL AMBASSADORS

BRIDGE TOURNAMENT - Bill Lewis claims he won single handed, but we understand Ray Frost, Harold Fralich, and Floridian Phil Clough held their ends up. Our champions returned with a check for \$100, and one leg on a permanent trophy. Well done!

Art Kenniston presented a banner from the Ft. Lauderdale Beach Rotary Club.

Attendance = 42nd in January to 22nd in February which is 83% attendance. Can we keep it up?

SAGE COMMENTS - IF YOU don't attend, who will? IF YOU don't propose a member, who will? IF YOU don't stop on the way out to thank a speaker, who will? IF YOU don't serve when asked, who will? IF YOU have to leave early, we hope no one else will!

MEETING, APRIL 5, 1972

Dick Kennedy, Program Chairman for the month of April, will introduce Donald J. McCann, Captain, U. S. Coast Guard. His topic will be "Ice Breaking," and he will show slides taken on previous tours of duty.

LAST WEEK

Chief Gordon "Bud" McGrath, Police Chief of South Portland, told us some of the little known areas that the Department is involved in. A defensive driving course four times a year, which all cruiser operators must take. A course for babysitters in the 13-16 age group, "What to do in Case of Emergency." Nurses and telephone operators have taken a course in judo. The Chief is very pleased with a bicycle safety and rodeo course, which he feels has cut down on bicycle accidents by 50%. The Police Union sponsors a foul shooting contest, grade school only. Money from the Union treasury goes for trophies. In addition they have a Patches program for the kids, "No rides from strangers," "take license numbers," Community Crime Check; you watch my house, I'll watch yours. The Chief and his staff also conduct a drug course for Junior and Senior High Schools. These are three - 2 hour sessions and describe drugs, color, appearance, odor, etc. An excellent program.

MEETING - MARCH 29, 1972

Jim Doughty will introduce Chief Gordon McGrath of the South Portland Police Department. His topic will be "Varied South Portland Police Activities," stressing the areas which are generally unknown to the public.

LAST WEEK - MARCH 22, 1972

William Lewis, swimming consultant, gave a lengthy and most interesting dissertation on last year's July 4th weekend. It all started with President Art and his goal to come up with a worthwhile project. The South Portland - Cape Elizabeth Boys Club was the answer, and the bowl of "cold gravy" was the solution to raise money. Many good things emerged from the endeavor. Bill Lewis did an excellent job in organizing, all Rotary members participated, and last but not least, we have \$5,000.00 in a trust fund for the Boys Club which is a start toward the \$750,000.00 fund raising campaign.

The above was preceded by Ed Inness selling more programs (some under protest) to the membership and visitors than we sold at the "extravaganza."

Warren Simpson completed the program by narrating films he took of the "bath". One picture is worth a thousand words.

PHIL DUBE

Still confined to Central Maine General Hospital, Lewiston. -- If you are in the area drop in or send a card.

THURSDAY - APRIL 13 - 6:30 - Memorial Junior High School, Wescott Road. Ladies' Night - \$4.00 per person. Speaker Bill Caldwell - See President Lloyd for tickets.

WEDNESDAY - APRIL 12 - No Meeting.

Mr. Mooers and Mr. Kilroy want equal time to solicit signatures.

GUY LOMBARDO - 21 tables left - \$12.50 per couple, 5 couples per table -- See Ed Inness.

BRIDGE TOURNAMENT - April 29 - South Portland Library, 7:00 P.M. - 11:00 P.M. Portland, Westbrook, Brunswick, Ray Frost, Harold Fralich, Phil Clough, and the man with the dazzling shirt, Bill Lewis will represent our club.

MEETING - MARCH 22ND

We have been promised this will be an evening to remember. Movies of the great fiasco, "The Water Folly" will be presented by Warren Simpson. Bill Lewis, impresario and vaudevillian, will make the introduction. Title for this evening's performance was to be selected from "Wish You Were There", "The Great Splash", "Alone at the Stadium", or the "Folly Flop". Programs will be available.

LAST WEEK

An excellent program. Captain Hedblom, Medical Corps., U.S.N., presently assigned to the Brunswick Naval Air Station, who has been to Antarctica five times and made several trips to the Arctic, spoke on cold weather first aid and survival. The Captain gave us a pictorial presentation of his subject, complete with his running commentary, which was both serious and humorous. His slides were excellent, especially those showing various stages of frost bite and frozen extremities. He left us with much food for thought.

When body temperature is above 95°, your body can still generate heat to increase. Below 95°, your body cannot bring it up.

If your toes are cold, cup the heel with one hand, the toes with the other.

If you make a snow bank and hollow it out for shelter, digging down to earth will give more warmth.

If you see three fires in a row, or three mounds of rocks in a row, or hear three shots, someone is looking for help.

GOODWILL AMBASSADORS

MEETING - MARCH 15, 1972

Jim Doughty will introduce Captain E. E. Hedblom, Medical Corp. USNAS Brunswick, Maine, who will give a pictorial discussion on cold weather, first aid and survival. Should be interesting for you snowmobilers.

LAST WEEK

Lendall B. Knight introduced Ralph Kilgore, ex-Rotarian, who is head of the fund drive for the South Portland-Cape Elizabeth Boy's Club. Ralph presented slides showing the need (they were all Budweiser cans) and what the Club will offer to boys, girls, adults and the elderly. To raise the \$750,000 needed is a most ambitious program and we as individuals and as a club should assist Ralph in any way possible.

MEETING - MARCH 1, 1972

Our March Program Chairman, Jim Doughty, introduced Roger Legere, a native of South Portland and a graduate of the Maine Maritime Academy. Roger is the chairman of the South Portland Bridge and Tunnel Committee of the South Portland Board of Industry - a committee set up to analyze the transportation facilities between Portland and South Portland with the assistance of a \$35,000 grant from the State authorized by the 104th Legislature for the study. He gave some interesting facts and statistics on the "Million Dollar Bridge". It was built in 1914 and primarily accommodated trolley cars and buggies - automobile traffic being rather scarce at that time. Presently, an average of 30,000 cars a day use the facility with 2,000 cars per hour at peak periods, making it the heaviest travelled highway in the State of Maine. The draw is opened approximated 1600 times a year or five times a day for ships, mostly tankers, to pass through. Thankfully, the ship traffic is self regulating its time of passage through the bridge so as to avoid the rush hours of vehicle traffic. There have been 12 incidents of ships hitting the bridge in recent years, and this can be a real hazard considering the tanker traffic and volatility of their cargoes. The current study, according to Roger, is considering alternate crossings and locations for both high level bridges and tunnels under the harbor. It was a very interesting talk and gave us all some food for thoughts on the situation.

SPECIAL ANNOUNCEMENT

On March 22nd, Warren Simpson is showing a film on the International Water Follies. Each and every one of the expected huge attendance will be guaranteed the opportunity to purchase a program for this amazing event. The program will be highlighted with the introduction by Bill Lewis. "Ya wanna see it?"

THIS WEEK - FEBRUARY 16

Cliff Blake the director of the Portland Y.M.C.A. will give us a talk on "Y.M.C.A. and its Relationship with Youth Today."

LAST WEEK - FEBRUARY 9

Program Chairman George Chandler introduced Hank Treni - Maine Manager of I.B.M.

Hank traced the interested development of high speed computers from its inception to present day. It was interesting to learn that the computer accomplishes all of its marvels with the use of two digits 0 and 1.

Hank pointed out that the computer doesn't replace people, but does turn out volumes of tedious math in a very short time. The computer has given birth to many new jobs and industries.

There are few major hardware companies but many soft ware companies. We can look for the computer to play a more intimate roll in our lives in the future.

ITEMS

Ed Inness - has been selected as ticket chairman for the Guy Lombardo dance 5/31/72.

Tickets \$12.50 per couple.

Duplicate Bridge Tournament will be held 3/29/72 at the South Portland Library. 8 local Rotary Clubs will participate.

Congratulations to Bob Carlson, Jr., Fast Food Service; Wendel Davidson - Lawyer; as our two newest members.

THIS WEEK - FEBRUARY 9

Hank Treni - Maine Manager of I. B. M. will talk to us on Computer Technique.

LAST WEEK - FEBRUARY 2

Dana Sidelinger, manager of the Portland area of the New England Telephone Company, gave us an interesting talk on "Bigness". Dana ably demonstrated that although Ma Bell is the largest corporation in the world they are very concerned with their impression locally. Dana's local segment works as a grass roots member of the national network. He also pointed out how the Bell System and related industries benefit from its association with Western Electric and Bell Labs.

Regular meeting was followed by a directors' meeting.

Nominating Committee for next year's officers was appointed and will be chaired by Art Keniston.

Congratulations to Gerard C. (Jerry) St. Cyr our newest member to the club. I am sure he will be a valuable addition to the club.

THIS WEEK - FEBRUARY 2

Dana Sidelinger, Manager of the Portland Area of the New England Telephone Company will give us a talk on Bigness.

LAST WEEK - JANUARY 26

Arthur Hughson, Portland Health Director and Acting South Portland Health Director gave us a most interesting talk on the Health Departments in Portland and South Portland. He indicated that a good Health Department should cover an area which encompasses approximately a population of 150,000. In continuing his talk, Mr. Hughson outlined his Health Department breaking it down into the following divisions.

1. The Administrative Division: The responsibilities of this division are to administer all programs of the Health Department.
2. The Public Nursing Association of Portland:
 - a) The responsibilities of this division are to control the rate of communicable diseases, some of which are gonorrhea; syphilis and tuberculosis.
 - b) They also assist local areas in confining epidemics.
3. Program for the Elderly: This division has offices in the Portland Housing Authority Buildings which caters to elderly and retired people. Through periodical laboratory testing they are able to diagnose many illnesses in older people who themselves could not afford to do this.
4. Pre-Natal Program: This division helps in educating and seeing that those who are unable to pay for medical treatment during pregnancy follow proper health and dietary habits.
5. The Environmental and Health Divisions:
 - a) They inspect retail food outlets throughout the city.
 - b) They also investigate and inspect restaurants and give them ratings of good, fair and poor.
 - c) This department is also responsible for rodent and pest control within the city limits.
6. The Dental Health Division: This program is just beginning through federal funding. When operational it will be responsible for caring for children who are unable to get proper dental care.
7. Diagnostic Laboratory: The City Health Department has a small diagnostic laboratory which aids them in recognizing trouble spots in the city.
8. School Health Plan: This plan enables the department to undertake physical examinations for children who might never get them. If an illness is noted they then will refer the child to the proper channels for treatment and recovery.

ITEMS:

We are happy to announce that Guy Lombardo has been engaged to play for us on Wednesday, May 31, 1972. The price, as voted on by the Board of Directors is to be \$12.50 per couple. Make your plans now.

Harold Fralich reported that total gross sales receipts from the Christmas Tree sales were \$5554.25 and total expenses were \$3728.64 which enabled the Club to reap a net profit of \$1812.61. Congratulations on a job well done, Harold.

THIS WEEK - JANUARY 26

Arthur Hughson, Health Director of the City of Portland and Acting Health Director of South Portland will give us a talk. This talk will focus primarily on the health situation in both cities and what departments are doing to improve existing conditions.

LAST WEEK - JANUARY 19

Andre Dion and Reggi Desjardin, members of the local Jaycees gave a very interesting and inspiring talk on sanitary land fill. The general idea given us by the two members was this is the most effective way to get rid of solid waste. They indicated it was the only logical, economical and technical way to take care of our solid trash. The Portland area handles practically 168,000 tons of trash per year.

In order to care for this properly, we would have to open up trenches; fill the trenches, and have a good solid base which can readily absorb the waste material so that it will not surface. Sanitary Land fill is the most nuisance free, economical method of disposing of our solid waste. Our soil in Maine is not conducive to this type of waste system, it is still far better than having open dumps and exposed waste.

This method is expensive because in order to manage it, mechanical equipment, constant surveillance and foolproof assurance that the waste will not affect our environment is needed.

Many questions were asked of the two Jaycee members and they answered them most adequately. They favored the Portland area inaugurating this type of a waste disposal system.

ITEMS

Roger Sturtevant informed the members that if a dance is to be held he could get Les Elgarth on dates in May and Glenn Miller's old band for dates in May at a cost of \$3000.00. Guy Lombardo at this point was not available on a weekend. He was the choice of the majority and an attempt will be made to get him for a weekend, but if this cannot be worked out, we would employ him for some day during the week. Guy Lombardo's price is \$3000.00 for mid-week and it may be higher for a weekend. If any of the members have further feelings on this please make it known to Roger.

Gentlemen, our attendance was quite limited this week, so if you feel that you can at all make our next few meetings, I am sure it would be beneficial to the morale of the Club.

THIS WEEK - JANUARY 19

A representative from the local area Jaycees will give a talk on sanitary land fill.

LAST WEEK - JANUARY 12

Mr. Al Ellsworth presented us a most interesting talk on the work of Junior Achievement in the Portland area. Accompanying Mr. Ellsworth this evening were two members of the Junior Achievement Group, Jane Carpenter from Cape Elizabeth High School and Jeff Shorey of Greeley High School.

Mr. Ellsworth and his two very interesting young Junior Achievers gave a most interesting talk on the mechanics of Junior Achievement and how they form their own corporations each academic school year to operate as a regular business corporation.

Their corporations are run very much as a regular business - they have their own Board of Directors; their own officers; their own operating procedures as well as profit and loss records. The supervisors for these groups are members of corporations who sponsor these Junior Achievement Companies as they have no federal assistance and all financial aid is donated by large corporations.

It was well to note that such an organization is existing and training our young people for the rigorous give and take of the business world.

ITEMS

President Knight stated that this year if the Club so desires there is a possibility that we may again have a name band to play for us sometime in the spring. President Lloyd requested that we contact Roger Sturtevant and give our suggestions as to whether we really want this type of an affair or not.

THIS WEEK - JANUARY 12

Al Ellsworth will speak on his present duties with young people. He is an aide in helping people who wish to start businesses. Al assists them in the operation of a business and what responsibilities it entails.

LAST WEEK - JANUARY 5

Mr. Lawrence Niles, Director for the Southern Maine Chapter of the March of Dimes.

Mr. Niles told us of the function of the March of Dimes now as compared to several years ago when polio was the purpose.

March of Dimes is now mainly interested in trying to prevent birth defects. A film was presented describing the problems related to birth defects.

Tom Stan, W.P.O.R. explained that a Radio-thon would assist in raising money January 22-23, 1972.

ITEMS

Harold Russell received his two year pin for perfect attendance.

Harold Fralich arranged a rebate on left over Christmas trees with our broker, further increasing our profit.

THIS WEEK - JANUARY 5

Tom Star will bring Larry Niles to tell us how their Radio Station will help the March of Dimes this year.

LAST WEEK - DECEMBER 29

This was the last meeting of the year. Frank Lyman introduced Matthew Barron of the Greater Portland Welfare Department. He stated that they are not Federally subsidized, but sponsored by the local towns. They don't pay out money to people either but pay their bills when they are valid, this takes away the chance of it being mis-used.

ATTENDANCE STATUS

According to the Governor's letter our club is hovering at the district average, which is 82%, for November.

DISTRICT GOVERNOR CANDIDATES

All names for District Governor Candidates should be submitted to Phil Stultz.

CHRISTMAS TREE SALE

The sale is officially over and Harold Fralich announced, although we had a few trees left over, we made \$1,940 profit. Chairman Harold expressed his thanks to all the club for all their help.

THIS WEEK - DECEMBER 29

Matthew Barron, from the Portland Health and Welfare Department will be our guest speaker.

LAST WEEK - DECEMBER 22

Betty Gribbin, with piano player Ruthie Fineburg, put on a show for our Senior Citizen guests. Betty called her program "Where were you when the lights went out". Actually they did a fine job. Our guests joined in a sing-a-long of Christmas carols and some of their old favorites. President Lloyd joined in harmony which led to some real enjoyable singing.

For those who weren't there, the power was off when we arrived for the meeting and with the exception of about five minutes they stayed off until everyone had left. Naturally as the last few people filed out of the building with the help of weakening flashlights the power came back on.

LET'S BE CONSIDERATE

We all have occasions when we won't be able to stay for the program. Introduce yourself to the speaker, apologize to him, then leave as soon as the meeting is turned over to the program chairman. Put yourself in the speaker's position, how would you feel?

BRUCE ROBERTS DONATION

Ed Innes took a collection (fine) from all members present because as he put it, he spent a busy Saturday evening all alone selling trees. \$27.50 was donated to the fund.

CHRISTMAS TREE SALE

As of Wednesday night, December 15th, we were out of the red and going strong. Our tree bill of \$3,623 had been met and from then on, except for a few incidentals, it will be all profit. Good going!

THIS WEEK - DECEMBER 22

Our annual Christmas Party will be the program and Betty Gribbin, with possibly some help from President Lloyd, will be our entertainment. This party is held once a year so let's help make them wanted. Chairman Phil Clough said there will be a punch bowl upstairs for everyone to enjoy before we eat.

LAST WEEK - DECEMBER 15

Frank Lyman introduced, at length, John Daigle "the busiest man in town". Mr. Daigle is President of the Casco Bank and Trust Co. He belongs to and is active in numerous business, civic and social organizations. Mr. Daigle gave a talk he called "Phase II or Maze II". He praised the idea and is convinced it is the only thing that could have been done to control our economic plight. He blames us as the public, with our nonsensical attitude and our state of mind. In 1970, he told us, wages went up 13%; 14.6% with benefits included. Mr. Daigle said that the American attitude in 1968 with a 26 billion dollar debt, highest since 1945, and Penn. Central Railroad going bankrupt, had reached a low that we could not live with. He said this could only be controlled by the unprecedent action that the president took. He urged that public support is needed. It is our fight and could be our last opportunity. He cited many industries who promised "to keep the lid on" even though not bound to.

Phase II will work, he said, only because we make it. He asked all of us to be confident in our future, encourage our elected representatives and last of all check prices and values when buying. Buy but buy wisely.

APOLOGIES TO THE KNIGHT BROTHERS

Last week I said Lloyd had one year 100% attendance. This is true but he also has seven more. It should have read Lendall Knight - one year perfect attendance.

THIS WEEK DECEMBER 15

John Daigle, President of the Casco Bank and Trust Co., will be our guest speaker.

LAST WEEK DECEMBER 8

Frank Lyman introduced Gene Coffin of the M.T.O.A. Gene told of his job representing and promoting goodwill for the truck owners. He informs the public as to what the truck owners want and how they help us in our daily life. Along with his poem and amusing stories, Gene told us about other organizations they help, such as Little League and Farm League by sponsoring baseball teams. The truckers Association was very much involved in getting the Prince of Fundy here. They donate time and trucks to worthwhile projects, such as hauling 29 tons of tools and needed items to the ship State of Maine, to be delivered to Brazil during its recent voyage. One of the Association's most popular projects is the teenage Rodeo, which tests driving skills of teenagers all over the state each year.

CHRISTMAS TREE SALE

Unofficially the sale is going great! Your writer and Bob Chambers took in \$350 in three hours Friday afternoon. Saturday the sale caused a traffic jam all around the park, let's keep it up.

ROTARY FOUNDATIONS SCHOLARSHIPS

Donald Adams Gross, Camden, Maine and Mary Towers Doggett, Westbrook, Maine have both received scholarships to continue their studies abroad. Congratulations to their sponsoring clubs.

ATTENDANCE

South Portland-Cape Elizabeth club was 38th out of a possible 51 with 77.60% For the month of October.

THIS WEEK - DECEMBER 8

Gene Coffin will be our guest speaker representing the Maine Truck Owners Association.

LAST WEEK - DECEMBER 1

Frank Lyman introduced Frank Fowles, President of Maine Bonding and Casualty Co. Mr. Fowles enlightened us on the No Fault Insurance question. He said the big advantage for us as policy holders is that a claimant would not have to prove who was at fault in an accident, but that the insured vehicle did damage to him or his property. No Fault's purpose is to prevent the claimant from having to prove negligence. No Fault has just completed a very successful first year in Massachusetts. In our state it may not work out to be less expensive as it did in Massachusetts, but Mr. Fowles said it would certainly work out to be a more honest system than we have now. We wouldn't be working against the other fellows insurance company but our own. We have a tremendous dissatisfaction with our present system which will not give the coverage the public expects.

CHRISTMAS TREE SALE

The sale is now in progress. The first shift every day is to pick up the cigar box containing keys and change at the office of Hodges Appliances, across the street from the site. The last shift each night should leave \$20.00 in change and all keys in the cigar box. This box should be returned to their office before closing each night. All the other money should be put in the night deposit bag and deposited at the Hinkley Drive Branch of M.N.B. Remember you are responsible for your shift if you can't cover it be sure it is covered. Any emergency problems call Harold Fralich Home 799-8102 - Office 775-7461, Trust Department.

CHRISTMAS PARTY

Phil Clough chairman of the Annual Senior Citizen's Christmas Party said Betty Gribbin will be our program and with some encouragement, maybe a song or two from Capt. Lloyd. Phil needs transportation for a few couples that night so volunteer if you are able.

NEXT WEEK - DECEMBER 1

Our program by Frank Fowles, Maine Bonding and Casualty Co., will be on No Fault Insurance.

LAST WEEK - NOVEMBER 24

Dick Holden introduced Joseph Brennam, Cumberland County Attorney. Mr. Brennam gave us his views on the problems of the Maine Criminal Justice System. He said our antiquated system is demoralizing to the law enforcement officials. Serious punishment, the multiplicity of hearings, and the delay, waiting for grand jury's three meetings a year, are all too long after the crime to be effective or impressive.

He said we had many honest hard working judges operating an outdated system that takes many times longer than the thirty days it should to make effective convictions.

CHRISTMAS TREE SALE

Chairman Harold said there will be a master work schedule at the shack. It can be seen any time through the window, so you may be sure that your turns are taken care of. Every tree will be priced - no one is to cut prices.

THE ROTARY FOUNDATION

For the third consecutive year contributions have increased substantially, \$2,461,463 almost 27% over last year. This averages \$3.61 per member in the world. The Paul Harris Fellows gained 688, all contributing \$1,000 or more. This high level of contributions will permit increased awards and grants of about \$2,800,000 in 73-74.

DIRECTORS MEETING

At the November 10th Directors Meeting it was voted to allow \$250.00 toward a member's expenses attending the Rotary International Convention. Although not necessary it should be the incoming President attending.

NEXT WEEK - NOVEMBER 24

Hopefully our program will be environment Al control given by S. D. Warren Co.

LAST WEEK - NOVEMBER 10th

Dick Holden introduced Pete Mason, Jr. of the telephone company. Pete gave his program "For Humans Only" and told of the many innovations the Human Factors Engineers are developing for our use through the telephone company.

Chet Dorr, Bar Harbor, the President elect of the "Toast Masters" gave us a two minute speech that a few of us couldn't quite keep up with.

CHRISTMAS TREES

Harold announced programs will be distributed this week. Check it for your times of duty. Help is still needed for unloading 9:00 o'clock, December 4th at the park.

MEMBERSHIP

Don't forget, any new prospects you think of should be brought to the attention of Les Waters.

MEMBERSHIP

President Lloyd is concerned. We are down to 50 members. An all out effort should be made to increase membership; each and every one of us know some one person who does not belong to such an organization as ours - do him a favor, suggest his name, everyone will gain.

NEXT WEEK - NOVEMBER 17th

Pete Mason of New England Tel. & Tel. will be our guest speaker.

THIS WEEK - NOVEMBER 10th

Dick Holden introduced "Mort" Pratt of Canal Bank's Trust Department. Mort showed us, in John Toft's words, "a beautiful set of pictures" depicting picturesque Prouts Neck in Four Seasons. He also narrated and told of his 50 years at "Prouts".

CHRISTMAS TREES

Harold Fralich announced 1165 trees will be here December 4th at 9 o'clock. This is 5% more trees than we had last year. Our cost is \$3,700. Assuming the sale goes as well as last year we will make \$2,500 profit. The fifteen members absent the 10th should make a special effort to sign up with Harold for three, three hour work periods during the sale.

ATTENDANCE

President Lloyd announced we were in 39th place last month. "NUFF SAID"

NEXT WEEK - NOVEMBER 10TH

Mort Pratt, Scarborough, will tell us about "The Four Seasons of Prouts Neck, Maine."

MEETING THIS WEEK - NOVEMBER 3RD

Dick Holden introduced another celebrity, "Bud" Sawyer, from the anonymous Radio and T.V. Station. Bud showed a startling and frightening film on drug abuse that could have been filmed in any of our own home towns. Bud told how close to each of us this problem really is. He also said work should be done with children in schools as low as the Fourth Grade.

NEXT WEEK - November 3, 1971

Dick Holden, program chairman, promises a good program from Bud Sawyer of W.G.A.N. who will be our guest speaker.

LAST WEEK - October 27, 1971

Scott Fox, a local C.P.A. and one of the original drafters of the state income tax, gave us his views on the upcoming referendum. As a strong proponent of the tax, he emphasized that it is the fairest means of taxation. It was also noted that Connecticut repealed their income tax and the state sales tax went from 5 to 6½ percent. Since a good percentage of the state's operating budget is fixed, such as interest and principal payments, Mr. Fox stated that if the income tax is repealed there will be a good chance state payments to towns for educational purposes will be reduced.

In concluding, Mr. Fox emphasized the point that we are not forced to vote in a democracy, but stressed the importance of each vote. Thanks "Moe" for bringing us the two opinions.

The editor must appologize for not contacting "Moe" Mowatt, our program chairman, for information on our guest speaker.

LAST WEEK - OCTOBER 20, 1971

Robert Shimer gave us several reasons why his plant moved to Maine and also discussed what is manufactured. Mr. Shimer is plant manager of the Sylvania plant in Standish. Apparently, Sylvania likes Maine's tax advantage and the people who are willing to work. The Standish plant makes circuit breakers and thermal relays. The company is presently working on a device that will automatically lock car doors when the keys are removed from the vehicle.

TIDBIT FROM A CANADIAN CLUB

Little bit of hurry - Hat on the rack;
See a bunch of fellers - Slap 'em on the back,
Little bit of hooey - Little bit of bunk,
Little bit of luncheon - Swallowed by the hunk.
Little bit of smoking - Speaker about to spout,
Look a little sheepish - As you start sneaking out.
Maybe that is Rotary - Maybe it is not.
If that's the way you practice it - You'll cheat yourself a lot.

NEXT WEEK - OCTOBER 20, 1971

Robert Shimer, Plant Manager of Sylvania in Standish, will be our guest speaker.

LAST WEEK - OCTOBER 13, 1971

Senate Majority Floor Leader, Richard Berry, gave us a very informative discussion on our government in Maine over the past ten years. His title, "It is Hard to Support Government in the Way in Which it is Accustomed", has quite some validity. Although our population has increased only by 2.4 percent since 1960, the States operating budget has increased 400 percent, from some \$80 million to \$399 million. State employees have jumped from 8,500 to some 15,500 during the same period.

Senator Berry does not suggest for us to return to our 1960 standards, but does want the State to control expenditures.

CONGRATULATIONS: Twenty-Five years of perfect attendance for Ray Frost. What more can be said than "And then, some are like a good watch - open face, pure gold, quietly busy, and full of good works".

NEXT WEEK - October 13, 1971

Senator Richard Berry will be our speaker.

MEETING - October 6, 1971

"Moe" Mowatt, our program chairman, introduced guest speaker, Dean Jewett. Mr. Jewett is Executive Director of the Maine Bar Association Mutual Title Insurance Co. His topic "Title Insurance" was most interesting and almost unknown to us of the "virgin" states of Northern New England. Title insurance guarantees against prior claims on your property up to the present value. Some rather large claims against property have resulted from human error, so the cost of the insurance can be very beneficial.

FUTURE MEETINGS

October 6 - Dean Jewett, Saco Attorney, on "Title Insurance."
October 13 - Senator Richard N. Berry
October 20 - Robert Shiner, Plant Mgr. GTE Sylvania, Standish
October 27 - Edwin A. Heisler, Chairman of FAIR.

MEETING - SEPTEMBER 29, 1971

Our speaker was Dr. David Fink, President of TRIGOM, the Research Institute for the Gulf of Maine. His subject was a "Proposal for Fort Williams." TRIGOM is a non-profit corporation formed for the following three purposes; 1. To help instate colleges to become aware of Marine Science and Biology, 2. To be an information clearing house for data exchange, 3. To be active in research on environmental matters pertaining to the Gulf of Maine. TRIGOM is funded by various state and federal agencies. "The Proposal for Fort Williams" is a comprehensive plan to convert the Fort into a Coastal Science Park. The plan divides the Park into three sections; 1. Research and Development - consists of the present Officer's Row and backland and would house Trigom as its first tenant along with private tenants in businesses related to research on environment, 2. This section would have a Teaching Museum of the natural environment of the seacoast and the coastal ecology, Section No. 3 would be for general recreation and would consist of twenty-four acres of shore frontage including the beach area. This plan was done by Trigom as a public service and has been presented to the Cape Elizabeth Town Council in book form where further action is pending. If the plan should be approved it will proceed into Phase 1 which would see Trigom locating in the designated Section 1 and be bait for other related organizations to move into the area also. What they need to do this is assurance that the plan will be kept intact. It sounds like a tremendous idea for a beautiful site and should be a great asset to coastal Maine.

NEXT WEEK - SEPTEMBER 29, 1971

Dr. David Fink, President of Trigom, the Research Institute of the Gulf of Maine, will speak on a proposed use for Fort Williams.

MEETING - SEPTEMBER 22, 1971

Ted Ousback, the Program Chairman, introduced member Sam Giftos, who with Harold Fralich and their wives made an extended visit to Greece this past summer. From mainland Greece, they flew for shorter visits to the Greek Island of Crete and Rhodes and returned to the mainland for a nine day motor trip down the center of Greece. Sam told of his and Harold's visiting five different Rotary Clubs during their stay and presented a flag from each to display at our club meetings. The Greek Clubs all met in the evening and dinner didn't start until well after 9:00 P.M. This being the busy season, at some meetings the visitors outnumbered the members. In all instances, Sam said that the members were very hospitable and friendly. After Sam's describing the trip, Harold showed some beautiful slides of the Greek countryside; the old ruins; villages; and of Athens, with a commentary. It was a most enjoyable evening and an excellent travelogue on Greece.

GOODWILL AMBASSADORS

Sorry, but I neglected to pick up the envelope after the last meeting. They will be included with those on next week's "Two Lights."

LIFTED FROM THE PORTLAND ROTARY "WINDJAMMER"

A Word on Attendance - Not all of us are expected to maintain 100 percent attendance records year after year. We are all busy men and of course, subject to the demands upon our time that business naturally makes. Rotary's attendance rules are not based on a desire to make attendance an end to itself. They are predicated on the knowledge that the attendance habit can be performed just as easily as the habit of non-attendance, and that only the Rotarian who attends meetings can give the most to, or get the most from, Rotary.

Dick Kennedy	5 yrs.
Ted Wainwright	5 yrs.
Art Kenniston	8 yrs.

NEXT WEEK - September 22, 1971

Harold Fralich and Sam Giftos will tell us about their visit to Greece.

MEETING - September 15, 1971

Ken Knight introduced Phil Lewis, President of Sun Federal Savings and Loan, Portland Rotarian, and campaign chairman for the United Fund for this year. This year's goal is \$1,500,000 and the campaign toward that result begins on October 11th. The motto for 1971 is "It's American to Care." The United Fund is a framework of 47 agencies, such as the Y.M.C.A., Salvation Army, Northeast Hearing and Speech Clinic, and many other worthwhile and necessary organizations. It is up to all of us to help fund these agencies and cooperate fully with the one of the 3,000 volunteers that calls at our home or place of business.

September 10, 1971

NEXT WEEK - September 15, 1971

Our guest will be Phillips S. Lewis, President of Sun Federal Savings.

MEETING - September 8, 1971

Stan Saxby, Club Service Chairman, introduced Capt. Jim Davis and Lt. Chuck Wilson of the Cape Elizabeth Rescue Squad. Chuck spoke on the development of the squad since it was organized in 1958, and its purpose of providing 24 hour a day emergency rescue and first aid service to the Town of Cape Elizabeth as well as, occasionally, to South Portland. The squad is manned entirely by volunteers whose only source of funds are through donations of the people. They are in need of a new ambulance and are starting a fund-raising campaign to purchase a fully equipped vehicle at a cost of \$12,500. It seems like a particularly worthwhile cause to support.

Ted Ousback, Program Chairman, introduced George Mandakis of Murray Associates. George is very well-known in our area for his community work and as a former Industrial Relations Manager with Fairchild in South Portland. George's topic for the evening was "Progress or Regress" in regard to the economic and business climate prevailing in the State of Maine. He feels that the State is having growing pains and readily pointed out our shortcomings in dealing with proposed new industry such as oil. The oil industry was and is being rejected without a thorough analysis, he claims. We should also be more receptive to outside ideas and evaluate them objectively. He added the need to support programs to sell the State and the fact that we should all be more involved with the actions of our state government. As a final note, he felt that repealing the income tax would be a disaster. As are all of us, George is most interested in the State of Maine and its future.

GOODWILL AMBASSADORS

Ray Frost is in Virginia so our ambassadors will be listed in a later bulletin.

NEXT WEEK - September 8, 1971

Program Chairman, Ted Ousback, has George Manolakis coming to talk to us.

MEETING - September 1, 1971

President Lloyd read a letter from Governor Ralph Margeson in which he expressed appreciation for the hospitality extended to his wife and himself by our club on his recent visit. He suggested more communication with our Canadian neighbor clubs to the north, and reiterated the Rotary slogan for the year - "Good will begins with you."

Ted Ousback introduced the speaker of the evening, Dave Hefler, Scarborough Rotarian and frequent visitor to our club. Dave is the Sales Manager for Maine Egg Producers, a division of Costa Egg Farms, and gave a very interesting insight, with slides, into the creation of laying hens and the production of eggs at their new facility in Turner, Maine.

His talk entitled "Silent Revolution" told of how egg production had become a tremendous volume operation from the old days of individual farmers with their small flocks of laying hens. The laying hens are created in 21 days of incubation and mature to become egg producers in 22 weeks. The eggs are taken from the hen's cage and delivered in case lots to be shipped, all automatically.

They're washed, rinsed, candled, graded by weight, and packed in boxes of one dozen at the rate of 2100 dozen per hour. Maine Egg Producers ship an average of 14,000 cases of eggs per week.

Dave answered many questions following his talk.

GOOD WILL AMBASSADORS

Ray Frost is on vacation so our Ambassadors will be listed in full when he returns.

RESIGNATION

Clint Fleming is leaving our area for Rockland. We wish him well and hope he gets back for an occasional visit.

NEXT WEEK'S PROGRAM

No details are yet available.

LAST WEEK'S PROGRAM

Governor and Mrs. Ralph Margeson were greeted by a large and enthusiastic crowd of both Rotarians and Rotary Anns. Governor Ralph renewed the Presidents challenge for a strong year in Rotary. He further charged us with the task of not only building up our membership, but with retaining these new members. It is an alarming statistic that a full 50% of all new members drop out of Rotary in less than one year after joining. It is noteworthy to point out that just because a person joins our club, our responsibility does not stop. Now comes an even greater challenge - getting the new member involved, for only thru involvement will he become a strong, permanent member.

WHAT KIND OF ROTARIAN ARE YOU?

Some are like wheelbarrows - no good unless pushed. Some are like trailers - they have to be pulled. Some are like kites - if you don't keep a string on them they fly away. Some are like balloons - full of wind and ready to blow up. Some are like footballs - you can't tell which way they will bounce. And then, some are like a good watch - open face, pure gold, quietly busy, and full of good works.

NEXT WEEK'S PROGRAM:

Governor Ralph Margeson.

LAST WEEK'S MEETING:

In the past three weeks Phil Dube has done an outstanding job of lining up varied and entertaining speakers. Starting with a speech on the International Rotary Convention, then switching to a young girl to speak on youth and ending with last week's talk by Mr. Scott Hutchinson, Senior Vice President of the Canal National Bank. Scott's speech dealt with his recent visit with Governor Kenneth M. Curtis to Europe, primarily to promote the Bangor International Airport. As businessmen in the State of Maine, was most informative and from the questions directed at Scott afterward it would appear to have been one of the most enjoyed and informative that we have had in a long time.

NOTES FROM PRESIDENT LLOYD:

District Governor Ralph and Virginia Margeson will be our guests next Wednesday, August 25. The schedule of the visit is as follows:

4:00 P.M. Governor meets with President and Secretary

5:00 P.M. Club assembly, with all directors, committee chairmen and as many other Rotarians as possible.

6:00 P.M. Social Hour - with upstairs bar

6:30 P.M. Dinner, and address by Governor Ralph

Please bring your wives, and help make our District Governor's meeting a success.

THIS WEEK'S PROGRAM:

Phil Dube is in hopes of having Mr. Scott Hutchinson to speak on his visit to Europe with Governor Kenneth M. Curtis to promote more use of the Bangor International Airport. Phil had better be careful, with all of these fine speakers he has arranged he is becoming a very good candidate for a permanent assignment to this job.

LAST WEEK'S MEETING:

Doing our bit for women's lib proved to be one of the most delightful meetings we have had. Miss Penny North, a barrister student from London, gave a very witty and humorous talk. What started out to be a talk on the differences between English Law and American Law, turned into a delightful talk on the impatience of youth. Her exuberance bubbled forth throughout the whole talk and made for a fine evening.

REMINDER TO COMMITTEE CHAIRMEN:

Your reports are due, in triplicate, to President Lloyd no later than Wednesday, August 18.

FROM ROTARY INTERNATIONAL NEWS:

As of July 2, 1971 there were 14,890 Rotary clubs and an estimated 704,500 Rotarians in 149 countries and geographical regions.

GOOD WILL AMBASSADORS:

August 3	Scarborough	- Nick Pappas Warren Simpson Al DiMatteo Peter Rich
August 4	Biddeford-Saco	- Dick Anderson
August 6	Portland	- Frank Landrey Stephen Colby George Chandler Bob Chambers
August 10	Westbrook	- Dan Mooers Dick Kilroy

August 9, 1971

PROGRAM:

Phil Dube has arranged for a young female law student from England to speak.

LAST WEEK'S PROGRAM:

Bill Barber, President of the Portland Chapter, spoke on his visit to the 62nd annual Rotary International Convention at Sydney, Australia. Bill's basis message from this meeting was just one - Rotary is involved and meeting today's challenge. It was very reassuring to hear, that in this world of very complex international affairs and of nations fighting nations, that this is still a world made up of people not just nations.

President Lloyd summed up the thoughts of us all very well by stating how appropriate it was to have such a talk as we begin another Rotary Year.

FROM PRESIDENT LLOYD:

All Directors and Committee Chairmen must have completed their projected plans for the 1971 - 1972 year in triplicate and submitted these reports to President Lloyd by Wednesday, August 18. These reports have to be used by Governor Margeson in his visit to the club on August 25.

GOLF TOURNAMENT:

Bill Lewis informed us that Bob Bishop, Ed Inness, Dan Mooers, and he represented us at the golf tournament sponsored by the Lewiston Rotary. It seems that they were leading the pack at the end of two holes.....then problems arose. At least we were represented gentlemen, and just like the Red Sox there's always next year.

BULLETIN:

Governor Ralph Margeson and his wife Virginia will be our guests on Wednesday, August 25. Ladies are invited. The governors schedule calls for a meeting with Ray Frost and Lloyd Knight at 4 P.M., a club assembly at 5 P.M., followed by a social hour and our regular meeting with an address from Governor Ralph at 6:30.

BULLETIN:

Any Rotarian who has any contacts as far as programs are concerned please contact Len Knight, program chairman.

PROGRAM:

Details of the next meeting are not yet available.

LAST WEEK'S PROGRAM:

Clint Fleming started off his classification talk with a totally unnecessary apology and gave one of the most interesting talks we have had in a long time. The Fleming family is certainly all involved with the Salvation Army, and the obvious dedication that Clint has for it and everything else that he undertakes came through very well in his speech.

It would be of great benefit, especially to some of the newer members, if we had more classification talks. Perhaps Clint's fine speech will serve as a starter and some more members will step forward.

COMMENT:

A resounding round of applause is due Ted Ousback for bringing a guest to the past meeting. If we are to continue our fine rate of growth we'll need to see a lot more, so let's start looking gentlemen.

PROGRAM

Clint Fleming, our Program Chairman has promised an interesting meeting, however, as we go to press the details are not available.

LAST WEEK'S PROGRAM

An extremely interesting talk was enjoyed on the Salvation Army's summer camp, "Camp Sebago". The camp's director, Professor James Young, PHD, of the University of Maine gave his impressions of the many benefits that children receive in their ten days stay.

An invitation was extended to all Rotarians to visit the camp on the west side of Sebago and see the program in action.

GOVERNOR'S VISIT

The District Governor will meet with us on August 25th. Please make a note to attend this important meeting.

GOODWILL AMBASSADORS:

July 13	at Scarborough	- Frank Lyman
"	at Bath	- Warren Simpson
July 14	at Portland	- Bob Chambers, George Chandler Frank Landrey
July 16	at Biddeford	- George Chandler

JULY 15, 1971

MEETING - July 14, 1971

President Lloyd opened the meeting and Vice President Harold introduced our visiting Rotarian. Brother Len was zinged again about his piano talents. An announcement of "no committee meetings this evening" was well received.

At ex-President Art's insistence, President Lloyd was assessed a \$1.00 fine.

President Lloyd introduced our guest speaker, Richard Anderson, Assistant Director of the Portland Society of Natural History. His topic for the evening was entitled "Re-Cycling". Re-Cycling is the reclaiming or re-use of waste products, such as paper, glass, cans, etc., in an effort to control the contamination of our environment. The waste is readily available as we all know, but the cost of reprocessing, transporting and of finding uses for the end product are just some of the problems of Re-Cycling.

Waste paper was given as an example of the difficulties of Re-Cycling. There is more waste paper available than there are uses. Only certain grades of paper can be used for re-cycling. Inks and dyes must be removed before waste can be re-processed.

All of these problems can be overcome, however, if someone can find an economically feasible way of re-processing all wastes.

NEXT WEEK'S PROGRAM - July 21, 1971

Professor James Young, PHD, of the University of Maine has been obtained by our Program Chairman, Clinton Fleming, to speak to us on "Camp Sebago". Professor Young is the camp's Program Director.

GOVERNOR'S VISIT

The Governor's visit is scheduled for August 25, 1971.
