All three of these accepted subject to comments from the membership directed to President Don.

Tony Kostopoulos, program chairman, introduced our guest speaker, Bill Bisson. Bill is an architect with Stevens Architects of Portland. He did an excellent job with a very timely subject on energy conservation. He dealt with residences as well as commercial buildings; with an overview of economy in heating and cooling, namely in insulation. Bill advised by priority; ceilings, roofs, doors and windows, foundations, and walls, for the latter he stressed, consulting professional help. Bill also distributed a very informative booklet among those in attendance.

MEETING APRIL 12

In the absence of President Don the first Vice President, George Chandler, called the meeting to order 8 minutes late.

After a glazed ham dinner, complete with sweet potatoes and dessert; Bill York, completely unprepared, led us in songs. First Happy Birthday to our speaker, Smiles, and lastly On Top of Old Smokey.

Acting Vice President, former President, Les Waters introduced Guest Rotarians, Bob Nesbert and Niel Sargeant (Portland); Jerry Paradis and Stu Herrick (Scarborough).

Treasurer Art Keniston gave a final figure for the Tree Sale of \$4,201.00. This must be some kind of a record. The only other item of interest on his report was that P.H.F. stands for Paul Harris Fellow. Incidentally we have three of these now. Nice work.

V.P. George announced dates for the district meeting, May 12th and the 13th at the Mast & Rudder Motel on Mt. Desert Island. All officers should try to attend. Members are also welcome. Those interested should contact President Don. Rotary-Anns are invited.

MEMBERSHIP CONTEST

1. Don't let it slide.
2. Charlie Cyr claims to be ahead.
3. Contest date has been extended until June 1st.

PROGRAM LAST WEEK:

Tony Kourakos introduced Bob Folsom who is in control of Fitness Fair, A Cardiac Vascular Program held at UMPG. Mr. Folsom gave us some very sobering statistics about individual physical health as a nation. We have the most heart problems. This country's average physical fitness peak is the age of 26. In length of life we are the 44th country in the world. With our medical knowledge and facilities "we have a great country to live in if we are sick, but a bad country if we are well." The biggest villain is the automobile and the way we style our life around it.

Mr. Folsom said our body adjusts to overloads and this is the reason for his program. Vigorous exercise for 10 weeks, and you are ready for a routine of weekly jogging or whatever; to keep your body in tune. A testimonial was given by Mason Smith. With this type of care of ourselves we will combat one of the major health problems of this country. They both advocate becoming healthier as you grow older.

MAKE UPS: 3/24 at Portland, Tom Holden. 4/5 at Portland, Jim Doughty. 4/5 at Belfast, Nick Pappas.

MEETING APRIL 19

After the meal we were led in song by Lloyd in "O-Canada". Preparation for the upcoming convention and hockey games I guess. Next we had April Showers in preparation for leaving the meeting.

President Don announced a conference committee meeting at his house, 79 Hillcrest Road, Cape Elizabeth, on May 8th at 7:30 P.M. All interested members are welcome to attend.

MEMBERSHIP CONTEST

A reminder that the contest date has been extended to June 1st. Take a minute now to think of a neighbor, business associate, or a friend with an unfilled classification. Do yourself, your club, and your committee a service. Filled classifications are on the back of this letter.

PROGRAM

Introduction by Bill Kourakos. Daphne Micheles representing Radio Station WPOR gave an interesting talk on the history and operation of today's radio stations. Some of the facts stated were that radio broadcasting is well over 50 years old. First broadcast being in 1910. The Hardy and Cox Presidential election was the first project program. Being free to the public, radio depends entirely on advertising money from the business industry. Reaching 83% of the population, over 12, per day and 90% of the people hear radio sometime during the week.

Other interesting facts are that 95% of the automobiles sold have radios and 64% of miles driven are with radios on. We were told how involved station operation is, how they advertise; billboards, bumper stickers, etc. The more specialized a station is the more work is involved. Radio is a public service and offers a lot to a lot of people.

Our speaker is a native of Dixfield, Maine but spent most of her radio life in Florida before returning to Maine.

MEETING APRIL 26, 1978

LAST WEEK: Bell on time by President Don. No one went hungry. Bill York led us in "America the Beautiful."

SINGING: Bill York again. It must have been Spring fever; "Daisy", "Bicycle Built for Two", and "The Band Played on". You know what happens to young men's minds in the Spring time.

GUESTS: George Chandler introduced two Portland Rotarians. Bob Benedict, a Portland jeweler, and Joe Taylor with the Portland Water District. President Don had a guest from G.E., Jim Moore.

MEMBERSHIP CONTEST: Be nice to Peter Drivas as he apparently has not yet decided which team he wants to be on. Both sides blame him and know his credits will weigh heavy on the outcome. At present we are either at 44 or 45 members.

OUTSTANDING MEMBER: There was no outstanding member this week from either President Don or V.P. George. Come on you guys do something outstanding.

ANNOUNCEMENTS:

The 2nd Monday of the month will be District Conference Committee. May 21st will be Rotary night at the Phyllis Thaxter Theater, most S.P.C.E. Rotarians and Rotary-Ann's are signed up for the Unsinkable Molley Brown.

PROGRAM LAST WEEK:

Introduction by our newest and quietest Greek, Tony Kostopoulos, Program Chairman for the month. He introduced Bill Collins, Managing Director of the Portland School of Art. Bill told us much about his school which is little known to the people of Greater Portland. He predicts the school will soon be to the Rhode Island School of Design as Bowdoin is to Harvard. In his 4½ years here the enrollment has gone from 87 to 197 students. Their school is housed in a number of buildings around the Holiday Inn Downtown. An evening program is scheduled each winter with about 100 adults attending.

Bill expressed the value of the greater Portland Area for his school in its history and its living conditions. One of the main concerns now is the schools accreditation, their library needs to be enlarged with first rate quality books. A plea has been made for text book donations as well as art books.

ATTENDANCE:

4/14 Art Keniston, Portland

4/18 Al Boudreau, Ted Wainwright, Scarborough

MEETING MAY 10, 1978

LAST WEEK: President Don called meeting to order on time. America lead by our Captain Lloyd. Invocation by J. B Maxwell. Good meal.

SINGING: There was none as many members had itching feet to get away early to see a very important hockey game. Mariners won.

VISITING ROTARIANS and guests introduced by George Chandler. Dan Gacetta was chosen as Outstanding Rotarian for his supplying refreshments in the Christmas tree shack on those cold days and nights.

CONFERENCE COMMITTEE: will meets at the home of Don Jenis next Monday, May 8.

MASON SMITH showed a series of slides which he took on his recent trip to France where he spent a day with Pierre Bourgeois who visited our club last Fall. It appears that Mason was indeed wined and dined in very fine style.

PROGRAM: This month's chairman, Dick Jordan, introduced Neva Cram who is the Executive Director of Ingraham Volunteers Inc. This program is, in effect, one which is a telephone service for anyone in the community who is in need of any kind of assistance and does not know where to turn. Ingraham Volunteers can put such people in touch with the proper agencies who can suppl a solution to the caller's problem, no matter what it is. The agency has grown tremendoulsy in its seven years of existence. From 1970 to 1976 it handled a total of 10,000 calls. In 1977 alone it handled 5,000 calss and 1978 looks to be larger yet. Well trained volunteers man the phones 24 hours a day, seven days a week. Each volunteer serves eight hours a week and there are monthly and annual intensive refresher course provided to them to maintain a high degree of proficiency in there work. Ingraham has recently installed a teletype machine which allows them to serve approximatelt fifty deaf people in the area by making phone calls for these deaf people. Neve also pointed ut that these deaf people are subject to the same stresses as anyone else and they are finding that these deaf people need the other services offered by the agency. Dick Jordan says that the month's programs will all be devoted to the Social Services of the area.

LADIES NIGHT: May has five Wednesdays so the last one will be a Ladies night meeting. More on this later.

MAKE UPS: Al DiMatteo made up on 4/18 at the Newburyport club and on 4/20 at Woonsocket, Rhode Island. Warren Simpson made up at Portland on 4/21.

Meeting was called on time at 6:15 by V. P. George Chandler; the invocation given by J. B. Maxwell then Charlie Cyr led us in America.

After the meal Dick Kilroy led us in singing.

Visiting Rotarians and guests were introduced by Al Boudreau.

We were reminded by Warren Simpson that the last Wednesday of May will be Ladies Night. Warren's program for that evening will include showing of films from Hawaii - he promises pictures of beautiful scenery and of course beautiful girls in bikinis. Then to top it off a special dinner of Hawaiian foods. Bring your ladies for they will be certain to enjoy it.

Dick Jordan who is program chairman for the month, introduced Perry Rakin, an Indian who was born and grew up on a reservation. He told us of the dropout rate of the Indian children from school at an early age; also spoke on the grave problem of alcoholism. It was a most interesting and informative talk. Perry said that he was not a public speaker but a woodsman and guide, and that is what he enjoys most.

Bill York would like to remind you that the presentation of the show "The Unsinkable Molly Brown" is May 21. Anyone wishing tickets can contact him or Bill Stanton.

Remember that the membership contest has been extended to June 1st.

MEETING - MAY 24

Invocation was given by Rob Kilroy, and Tom Holden led us into singing "America the Beautiful".

We have Capt. Lloyd to thank again for getting us in tune for the Rotary Conference, with such songs as "Vive Le Rotary" and "Smiles".

Bob Carson introduced our five visiting Rotarians. We had one guest, Carroll Beck's brother, visiting from Daytona, Florida.

PROGRAM: Dick Jordan introduced our speaker, Mary Price who is Executive Director of the Family Crisis Center. Mary is one of the original founders. The Center has been open and very active for five months. It can house up to 14 people. The individuals and families can stay no more than three weeks. They may not return more than twice, but they often have some that return as volunteers, which to me is a good indication that they are doing something right.

Mary referred to the type of service given as sort of a band-aid service, where they cared for the immediate but temporary needs of the families seeking help. The Crisis Center does not decide who will be admitted to the house, this is done mostly by the Ingraham Volunteers through their "Hot Line".

THANK YOU: A special thanks to Dick Jordan, program chairman for May, who put together a fine program of speakers that has certainly enlightened us in the field of social services.

DATES TO REMEMBER:

- May 31 LADIES NIGHT. The theme will be Hawaiian and the mood informal. Dress is to be casual and colorful. The meal will be a scrumptious Hawaiian style delight. The cost is \$6.00 per person. Ray was the first. Ray has been an active Rotarian for 42 years, with 27 years perfect attendance. He has served as past president and secretary of our club and now as district secretary. Ray and Dottie have been long known as Mr. and Mrs. Rotary in the district. Congratulations to Dottie Frost.

PROGRAM:

Dick Jordan introduced Dr. Joseph Kreisler, Head of the Department of Social Research at UMPG as this evening's guest speaker. Dr. Kreisler spoke of the program in his department. He said that all professionals in his area have an obligation to clarify services for which the taxpayers are paying. He said the three goals of a social worker are 1. To seek to help people having difficulty coping; 2. To help people to connect up with needed services; and 3. To understand society and promote needed services. He said that the profession had developed beyond the "do-gooders" to disciplined professionals. To achieve this level of professionalism, his department trains students with knowledge, skills and values associated with the profession. He said the basic message was not to solve problems for people, but to help people solve their own problems. Following the talk, Peter Drivas questioned the speaker about the proliferation of social services.

MEETING - JUNE 14, 1978

Don Jenis opened the meeting by leading Rotarians in the "Pledge of Allegiance", Lloyd Knight then led the singing of "America the Beautiful". Dick Kennedy then gave the invocation. George Chandler introduced the visiting Rotarians, including a large group from the Portland Club. Following the introductions Lloyd Knight again took the floor to lead the singing. We first honored the U.S. with the singing of "You're a Grand Old Flag" and then honored Canada and our visitor from the Montreal Club with "O Canada O Canada", also set the mood for the upcoming District Conference.

Don Jenis reported that we were 5th of 56 in the District in April for attendance. South Portland-Cape Elizabeth had a 91.67% attendance. Only a few percentage points separated the top clubs.

Harold Fralich reported that he would be visiting the District's newest Club this weekend at Frobisher Bay. The Club is located just 100 miles from the Arctic Circle. There will be twenty-nine charter members in the Club. The Frobisher Bay Club will be chartered late in the summer. A chartered plane will be flying Rotarians to Frobisher Bay for the event. If you are interested in attending, speak to Harold Fralich.

South Portland-Cape Elizabeth Rotary welcomed its newest member, Bill Brown, at this meeting. Bill will be introduced at a later meeting.

PROGRAM: Charlie Cyr introduced Ed Anderson, President of the Maine Mariners, as our speaker. Mr. Anderson came with the Calder Cup in hand. A year ago Mr. Anderson as the second employee of the organization was working to get the new team set up and to develop a support base in the Portland area. Just one year later the Mariners have proved themselves as a viable professional athletic venture for Portland.

Anderson said that the Mariners expected to lose 5 players for the coming season, including the popular Rudy Tisner who will be coaching and playing in Switzerland. He said Tisner made the decision because of a desire to be closer to his family and culture. The players will be largely replaced through the NHL player draft.

The Rotarians were disappointed to learn that Wednesday evening will continue to be the midweek evening for home hockey games. Anderson said he expects 19 Wednesday, 17 Saturday, 1 Friday and 2 Sunday games.

Mr. Anderson commented on a variety of questions, including the officiating and how it affects the orange shirted players of the Flyers and Mariners.

DATES TO REMEMBER: June 21 - Meeting cancelled July 1 - Meal prices go up to \$4.00

MAKE-UPS: Rotarians making up at Portland were Harris Plaisted, Al DiMatteo, Art Keniston, Dick Kennedy, Ray Frost, 6-2-78; Bill York, Warren Simpson, 6-9-78; at Brunswick Harris Plaisted, 6-12-78; at Lewiston Steve Kennedy, 6-15-78; at Biddeford-Saco, Keith Dennison, Nick Pappas, 6-15-78; at Scarborough Bill York, Al Boudreau, Carroll Beck, 5-30-78; Carroll Beck 6-6-78; Dick Yerxa 6-13-78 and Neveto, California Dick Kennedy, 5-26-78.

JUNE 28 MEETING

Don Jenis opened his last meeting as president by leading Rotarians in the "Pledge of Allegiance", followed by Lloyd Knight leading the singing of "America the Beautiful". Rob Kilroy then offered the invocation.

Harold Fralich reported his reactions to the district conference. He said it was the best district conference that he had ever attended. The organization was superb with special thanks being given to Don Jenis for his untiring efforts. There were a variety of activities for the conferees, including well organized business meetings and a full range of entertainment in the afternoon and evenings. Harold also reported that this was the district's best attended conference with 570 in attendance. In the last hours of the conference 10 additional Paul Harris Fellows were named - more than meeting the challenge of the Waterville Club. Six were needed to sponsor an additional scholarship in the district. Les Waters finished the weekend as champion on the golf course. Sam Giftos reported that while being the best conference, it was also the most expensive. One of the thoughtful bits of organization included the provision of French translators and FM receivers for French speaking Rotarians.

George Chandler introduced visiting Rotarians.

Charlie Cyr introduced Captain Bill Rich as the speaker of the evening. Captain Rich, a native of our area, serves as Port Captain of Bath Iron Works. Captain Rich reported that BIW is healthy and has its largest backlog in history. He spoke of the history of the company and hi-lighted his talk with slides of many of the boats built by BIW. Captain Rich discussed the triumphs including J. P. Morgan's yacht, Vanderbilt's America's Cup defender, and many fine Navy and Merchant Marine boats. He also discussed some of the failures, including an aluminum PT boat, whose prop self destructed in 12 hours of running time. Captain Rich takes command of the sea trials of each new boat built in Bath.
