OCTOBER 3, 1979

LAST WEEK: (9/26) Meeting opened by Pres. Al Boudreau; America by Peter Drivas; Invocation by Ron Palmquist; Songs by Lloyd Knight; Visiting Rotarians introduced by Paul Butler.

The District Governor's letter informed us that we have climbed in our attendance rate from 57th place to 13th in the District. Give yourselves a collective pat on the back. Let's keep rising.

Pres. Al announced the names of two new members for our club:

Dave Hitchcock and Jim Moore

These names will lay on the table for ten days before final acceptance.

DIRECTORS MEETING: All Directors and committee chairmen are asked to meet at the Bridgeway at 4:30 PM on Oct. 3. This to go over our plans for the year with the District Governor.

TONIGHTS MEETING: This is a ladies night as the District Governor is making his annual visitation to our club. Let's have a good turnout. We have been assured that we will have a fine meal for the occasion. The dancing which we announced last week is somewhat up in the air as Mal Lary passed away this past week.

PROGRAM: George Chandler introduced John McCatherin who is Public Relations director for the Bell System in Maine. John is a native of Augusta and an expert in communications. He is a graduate of Boston University and has been employed by the Kennebec Journal, the Maine Dept. of Economic Development, and by the Associated Press before joining the Bell System. His talk to us was on the Bell Laboratories and what it is doing to correct current problems and to prepare for the future demands of communication in the world. He had some amusing experiments to show us including lighting a Light Emitting Diode with a battery which he made on the spot from some metal plates and sliced lemons. It worked, too. He also showed us what is being done with fiber optics, wave guides, etc. to vastly increase the number of calls that can be handled by a few circuits. A very enjoyable program.

MAKE UPS: September 18 at Scarborough, Ted Wainwright; Sept. 19 at Biddeford-Saco, Bob Nigro, Carroll Beck, Lin Beck.

LET'S HAVE A GOOD TURNOUT FOR THE DISTRICT GOVERNOR

LADIES NIGHT!!

LAST WEEK: (10/3) Meeting opened by Pres. Al; America by Lloyd Knight; Invocation by Dick Kennedy; Visiting Rotarians introduced by Paul Butler; Songs by Capt. Lloyd accompanied on the piano by Ellen Knight. This being the Visitation of our District Governor and a Ladies Night, it was a very festive occasion. The ladies introduced their husbands for a change.

NEWEST MEMBER: Harold introduced, informally, our newest member who is Jim Moore of General Electric. He will be introduced formally at a later date. Welcome aboard, Jim.

PROGRAM: District Governor, Ken Brooks, gave us an inspiring talk on Rotary in general and the 75th Anniversary Year in particular. Rotary was born in February of 1906 when four men got together for lunch in Chicago. It was not long before they realized that fellowship was not enough and the other avenues of Rotary were formed. The first Public Service action of Rotary was to arrange to have public rest rooms in the Chicago City Hall. In 1910 the mottoes "Service Above Self" and "He profits Most Who Serves the Best" became a part of Rotary. In 75 years Rotary has spread to every country in the free world and has had a tremendous effect on international relations as well as binding together countless men at the local level. Interesting to note that our district 779 is the second largest in area in the world. The largest is in Africa. Another interesting fact is that one of the four men who originated Rotary was a tailor from Litchfield, Maine.

Following District Governor Ken's talk, Warren Simpson showed us his movies of the June 1977 District Convention at The Balsams. They were very well done and should encourage any one who has not attended a convention at The Balsams to give some thought to attending the 1980 convention which will be held there and be sponsored by the Westbrook Club. Keep in mind that Dick Jordan has started a "Balsams" fund and anyone who puts money into it from time to time will have a large jump on the expenses when the time comes. Give it some thought so we can have a large group from our club at that convention.

MAKE UPS: At West Haven, Conn on 8/12, Al DiMatteo; at Winthrop on 9/18 Sam Giftos; at Portland on 9/21 Warren Simpson; at Hanover, N.H. on 9/26 Bob Kilroy; at Portland on 9/28 Harris Plaisted; at Scarborough on Aug 28 Peter Drivas and Ted Wainwright.

PROGRAM FOR OCT 10: Not known at press time as our Program Chairman left town immediately after the last meeting.

SOUTH PORTLAND - CAPE ELIZABETH ROTARY CLUB

LAST WEEK: 10/10 President Al began the meeting at 6:15pm with Dick Shaffstal leading us into singing "America" and giving invocation.

Bill York was applauded for his completion of 21 miles. He is preparing for the Casco Bay Marathon. Bill, we're behind you all the way. Good luck!

Our song leader for the evening was Ron Palmquist, who chose "In the Good Old Summer Time" and "Jingle Bells" for us to sing. Jingle Bells may have been appropriate with the season's first snow fall, but our hearts were really not in it.

PROGRAM Andy Mezoian introduced Mr Roy Spugnardi who is the Director of Pollution Abatement for the City of South Portland. Mr Spugnardi's talk centered around the treatment plants and gave a lot of interesting statistics about the plants. For instance, did you know that the estimated cost is \$17 million dollars. That 75% of the monies will come from the federal government. A total of 2.7 billion gallons of waste water will pass through the plants and 90% of the waste will be removed.

During the question and answer session there seemed to be concern over the storage of the sludge and its eventual use as fertilizer.

NEXT WEEK'S PROGRAM Andy will have Mr. Dana Perkins, who is the Assistant Manager at the Treatment Plants.

ANNOUNCEMENT Next week a representative of the Secretary of Rotary International, Mr. Willard Egli will pay us honor with a visit. The officers are asked to stay after the meeting.

COMMENT It would seem at least for the present time, that the club has made a wise decision in electing to meet at the Brideway. Our attendance is up and we seem to have a few more visiting Rotarians. The service has been excellent and the food very good, especially when you consider the price.

OCTOBER 31, 1979

LAST WEEK: (10/24) Meeting opened by Pres. Al, America by Peter Drivas, Invocation by Dick Kennedy, Songs by Bob Pentey, Visiting Rotarians introduced by Paul Butler.

Pres. Al announced that, after our fine attendance showing month before last when we got up to 13th place, last month we fell back to 33rd place. Lets get with it fellows. If you miss a meeting, make it up.

In the Casco Bay Marathon, Bill York not only finished but did very well. Ha came in around 40th place in some 3 hours 33 minutes. Several members sent him a check for Rotary Charities. If you didn't, possibly you may want to do so now.

Harold Fralich formally introduced our newest member who is Jim Moore. Jim has a Masters degree in Mechanical Engineering, is married and has three children 12, 10 and 3 years. He lives on Hunt Club Road in the Cape. He has been employed by G. E. since 1961 and was transferred to Maine in 1977. Jim is a fiddler, a golfer and a jogger. We understand that Oct 24 was his birthday. Happy birthday, Jim and welcome aboard!!

PROGRAM: Program Chairman Andy Mezoian introduced Roger Legere who is chairman of a committee which is looking into alternatives to the present bridge between Portland and So. Portland. Roger gave us a history of the bridge which is 65 years old and cost a million dollars to erect and has had several millions spent on upkeep since. The draw machinery is pretty well worn out and the present low speed limit on the bridge is an effort to make the mechanism last as long as possible. Roger posed the problems which would arise if the bridge became inoperative and 28,000 cars per day had to be pushed over the Broadway - Lincoln street area. Since 1975 there have been 26 instances in which boats have hit the draw and the worry is that the next one may knock it out for good. There have been many alternatives considered but it is generally agreed that a high level span is the best answer. Such a span would have cost 20 million in 1970 and now is up to 69 million and getting dearer every day. It is interesting to note that a tunnell would cost about double as much as a bridge. Roger is quite optimistic that we will have such a span and we should all get behind the project and push it every chance we get. There are many benefits to be gained not only to the two cities but to the whole area.

MAKE UPS: On 9/21 in Portland, Harris Plaisted and Ron Palmquist; on 9/28 in Portland, John Henchey; on 10/2 at Scarborough Ed Theriault; on 10/3 in Biddeford-Saco Ted Wainwright; on 10/5 in Portland Dieter Schnauck; on 10/12 in Portland Harris Plaisted and Bob Pentey.

NOVEMBER 7, 1979

LAST WEEK: In the absence of our President Al, Vice President Paul Butler opened the meeting; America by Dick Shaffstall; Invocation also by Dick Shaffstall; Songs by (no singing); Visiting Rotarians introduced by Dick Holden.

CHRISTMAS TREES: Advance notice to all that our trees will be arriving on November 29. As usual we will need some volunteers to unload and set up the facilities. Give it some thought now.

NOMINATING COMMITTEE: This committee made up of past presidents will meet after our meeting tonight, November 7, to prepare next years slate.

PROGRAM: This month's program chairman, Andy Mezoian introduced Dick Ingals. Dick is with H. C. Fleming Construction Co. and is a graduate of the Maine Maritime Accademy. He is also chairman of the port of Portland Development Committee and, in this capacity, gave us a run down of what is happening in this area. He spoke strongly about a new fish pier in Portland and a new high level bridge between Portland and So. Portland and how important it is for all of us to get out and vote in favor of the several bond issues on November 6. If any of these bond issues fail to pass it will be a seyer set back to many of the ports future plans. There is Federal money available but it needs to have matching state funds which are provided through these bonds iddues. Dick commented on the progress already made around the port. The new Marina in Portland and another about to become a reality in South Portland, the revising of many zoning laws to permit an orderly development of the port as to residences and fishing and commercial entities. There is under consideration an 8 million dollar condominium complex for the Knightville area. Peter Drivas is already building a steel fishing vessell at his facility and the Spring Point Marina is about to become a reality. Dick pointed out that the Pipe Line has dropped from 500,000 bbls a day down to 100,000 bbls a day . We need all the development we can get. It was interesting to note that as the harbor becomes cleaner from the clean up by the local sewerage plants the marine worms that have been unable to live in the past polution will now become a factor in destroying the docks along to waterfront. You gain on one side and lose on the other. Andy was congratulated on having a month of very fine programs. And rightly so.

NOVEMBER

BIRTHDAYS

ANNIVERSARIES

NOVEMBER 14, 1979

LAST WEEK: (Nov. 7) Meeting opened by Pres. Al; America by Tom Holden; Invocation by Dick Kennedy; Songs by Charlie Cyr with pitch by Lloyd Knight; Visiting Rotarians introduced by Paul Butler.

Our newest member, Dave Hitchcock, was introduced. He will be formally introduced by his sponsor at a later date. Welcome aboard, Dave.

DIRECTORS MEETING: Directors and officers are asked to meet before tonight's meeting at 5 PM at the Bridgeway. Important meeting.

CHRISTMAS TREES. Paul Butler passed out to those in attendance a calendar listing time slots for our Christmas Tree Sale. You are asked to fill in three slots when you can work the lot. Keep in mind that the first load of trees arrive at 1 PM on Thursday, Nov. 29 and much help is needed to get them unloaded.

MAKE UP NOTE: Scarborough is now meeting on Tuesday nights at Dick Murphy's place across from Scarborough Downs.

PROGRAM: Program chairman, Nick Pappas, introduced Mrs. Mabeth Yowe, who is a graduate of Cassovia College in New York. Mabeth spent three years doing physical therapy work at the Maine Medical Center and became very interested in spinal cord injuries. She found that most paraplegics and quadriplegics were hustled out of the hospital as soon as insurance benefits passed. They were usually sent to institutions or homes where they practically vegetated. She realized they needed a lot of help and decided to do something about it. Mabeth went back to college and got her degree in Social Work in May, 1978. She is now involved in a program called Independent Living which is designed to get these spinal cord injured off relief and into productive jobs. There are about 500 such cases in Maine who need help. These are mostly young men who have been injured in an automobile accident or from diving or gunshot wounds. This program tries to learn how much ability each person has left and what jobs he can expect to fill. Mabeth has received \$70,000 to get the program off the ground and has traveled widely to research methods and job options. Although Mabeth has been in the program only a short time she has already managed to get several local businesses interested in helping by assessing work programs and has recently placed her first man in a job. She expects to have two or three more placed in the next week or so. Tufts Univ. is of tremendous help in making prosthetic devices and in modifying machinery and equipment to fit these injured people's abilities. Independent Living program needs community support. Talk it up when you can.

MAKE UPS: On Oct. 10 at Belfast, Dan Mooers; on Oct 16 at Bridgeport, Conn Al DiMatteo. at Scarborough, Peter Drivas; on Oct 17 in Philadelphia, Harold Fralich, at Biddeford-Saco Dick Kennedy; on Oct 19 at Portland Sam Giftos and Mike Park; on Oct 23 at Bath Harris Plaisted; on Oct 24 at Sarasota Dick Kilroy; on Oct 30 at Bath Harris Plaisted, at Scarborough, Ed Thereault. Jim Moore, Ted Wainwright; on Oct 31 at Biddeford-Saco Nick Pappas, at Sarasota Dick Kilroy; with no date at Limestone, Me Dick Shaffstall and in Mexico City Ed Corson.

PROGRAM NOV 14: Peter Rice of the Toy Soldier in Bath with the fastest growing hobby in the country "War Games".

LAST WEEK: (11/14) Meeting opened by Pres. Al; America by Tom Holden; Invocation by Dick Shaffstall; Songs by Dick Shaffstall; Visiting Rotarians introduced by Paul Butler.

ATTENDANCE TOTAL 39 INCLUDING VISITING ROTARIANS

CHRISTMAS TREES: Paul Butler reported that the calendars for work times have been returned very well. If yours is not in his hands, get it to him soon. Trees will arrive on Nov. 29 at 1 PM.

PROGRAM: Program Chairman Nick Pappas introduced Peter Rice who was a Captain in the infantry in Viet Nam, is a history buff and has been interested in War Games for many years. Peter was a teacher at Searsport High School where he used the toy soldiers and War Games to teach the students. He finally decided to go into it full time and opened a store named the "Toy Soldier" in Bath. Here you can obtain model soldiers from 1 inch tall to five inches. They may be in the raw and you paint them or you can but them all finished. Unpainted they are priced from 50¢, painted they go for \$4.00.

Chess is probably the oldest war game and H. G. Wells book "Little Wars" probably established the rule for the games. You can get armies for any war and any period. Peter says it is an all or nothing proposition. Either you are turned on or completely off by it. Those who get into it become historians and get completely absorbed in the games. The games provide an outlet for all kinds of people, historians, artists, researchers, those with overactive imaginations, role players etc. With youngsters it often replaces television and even interferes with their homework at times. Peter finds it to be a big help in teaching as it leads kids into history and leads them into much reading. Four years ago it was extremely small in the hobby business but now amounts to over 7% of the hobby.

MAKE UPS: 10/31 in Saettle, Bill York; in Portland on 11/2 Harris Plaisted, Nick Pappas, Bob Penty, Lin Beck, Carroll Beck; at Scarborough on 11/6 Al Boudreau, Ted Wainwright; in Portland on 11/9 Sam Giftos.

PROGRAM FOR 11/21 unavailable at press time.

November 21, 1979

President Al began the meeting with a Salute to the Flag. Tom Holden led America and Ron Palmquist gave the invocation.

Rob Kilroy is back and led us in the singing. Welcome back Rob.

Paul Butler introduced the visitors and a special guest, Don Jenis. Don spoke briefly about his new club and a few of his other new activities. He is in charge of their Christmas tree sale.

The Christmas tree calendar is filling up. The trees will be showing up November 29th. All who can help, please do. Paul will have more details at the next meeting.

There was \$112.50 raised for our treasury from Bill York's Marathon run. Thanks to everyone who participated, especially Bill.

We are now 27th in attendance in our district, we can do better than that; come on guys.

Phil Stultz is organizing a drive to send building materials and other emergency supplies to District 406 in the Dominican Republic. That area was devastated by an earthquake a short time ago. More details to come.

Program director Peter Drivas introduced Bill Pappas. Bill is the principal of Mahoney Junior High School. He presented a very interesting slide show on Greece. Thanks Pete.

DECEMBER 5, 1979

LAST WEEK: (NOV. 28) Meeting opened by Pres. Al; America by Lloyd Knight; Invocation by Harold Fralich; Visiting Rotarians introduced by Paul Butler; Singing lead by Lloyd Knight.

TOTAL ATTENDANCE 41

CHRISTMAS TREES First load has arrived and is on the lot. Check your calendar to be sure of your time slots.

NEW MEMBER: Our newest member, Dick Hitchcock, was informally introduced. He will be formally presented by his sponsor at tonight's meeting.

President Al announced that we are in the process of purchasing a used travel trailer to serve as a shack at the Christmas Tree Sale. Our old shack has about had it. The new one should be a big improvement. Pres. Al also expressed the club's hearty thanks to Ted Wainwright for his great efforts in setting up, taking down, wiring and storing our old shack for all the years we have been in the tree business. Not only his own efforts but those of his employees. Thanks very much, Ted.

PROGRAM: Program Chairman Nick Pappas introduced Bob Penty who gave us a Classification Talk on his duties at Haig International. Bob has a Masters degree from Cornell and a PHD from Lehigh. He is a materials engineer at Haig and works in developing new materials to meet the demands of the energy crisis. Apparently these materials must be such as to withstand extremely high temperatures to operate efficiently. Where metals have been previously used we now must shift to ceramics because of the intense heat.. Bob showed several slides depicting devices used in heat transfer operations. These allow waste heat to be recovered and fed back to a furnace in order to cut down on the amount of fuel used to fire the device.. These recovery units will pay for themselves in about a years time. Bob ventured the opinion that at \$25-30 a barrel for oil it becomes cost effective to convert coal to gasoline. It appears that this figure is just around the corner now. As we always find, this classification talk was a real good one.

DECEMBER BIRTHDAYS

LAST WEEK: (Dec. 5) Meeting opened by Pres. Al; America by Charlie Cyr; Invocation by Dick Shaffstall; Visiting Rotarians introduced by Paul Butler; Songs by Dick Shaffstall.

TOTAL ATTENDANCE 39

Paul Butler expressed the Club's thanks to all the fellows who helped to unload the Christmas Trees and assist in setting up the lot. On the week-ends of Dec. 8-9 and 15-16 we are going to need a lot of help at the lot. These will be our big sale times and the regularly scheduled fellows will have all they can do to collect the money from the customers. Help will be needed to replace trees on the rack and also to help with sales. Even if you can spare only an hour or two, it will be a big help. Please see what you can do to help.

NEW MEMBER: Our newest member, Dave Hitchcock, was formally introduced to the Club by his sponsor Bob Penty. Dave is a Maine native having been born in Mars Hill. He is a graduate of the University of Maine with a BA in engineering and an MBA as well. Dave is Operations manager for the Greater Portland Transit District, lives in Cape Elizabeth with his wife and three children. He likes duck hunting and fishing and his classification is Transportation-Public. It is interesting to note that when Dave was in school he was sponsored by a Rotary Club to attend Boys State. Welcome aboard, Dave.

Nominating Committee presented the following slate of officers for the 1980-1981 year:

President: Paul Butler
1st Vice Pres; Bill York
2nd " : : Bill Brown

Secretary: Dick Shaffstall
Treasurer: Jim Doughty

Board of Directors: Director at large: Al Boudreau
John Henchey Lin Beck
Tom Holden Andy Mezoian

election of officers will be held at tonights meeting.

PROGRAM: Program Chairman, Jim Doughty, introduced Lee Allen who is the chairman of the Maine Highway Safety Committee Lee is only 5 feet 2 but she gave us a real, hard hitting message about the drinking driver on our Maine highways, and the efforts of the authorities to combat this problem. In Sept of this year a new law went into effect which mandates a fine of 250 to 1,000 on conviction of operating under the influence plus a 30 day license suspension (6 months if personal injury is invloved) on the first offense, automatic 6 months suspension on 2nd offense and 2 years for 3rd. Also a driver must complete a driver ed. program before his license may be restores. Lee cited statistics showing that of the 242 deaths on Maine highways in 1978 60% involved liquor. Also the increasing incidence of young women- homemakers who are driving drunk in the daytime. Some of the problems in combatting the drinking driver are crowded court dockets and plea bargaining. It is reassuring to see in the newspapers that the courts are now hitting these drivers with large fines and also jail terms. Remember, 12 oz beer or 8 oz wine or 1 oz of whiskey are the same in their intoxicating effect and it takes a 175 pound person an hour to burn off this amount of alcohol.

DECEMBER 19, 1979

LAST WEEK: (12/12) Meeting opened by Pres. Al; America by Ron Palmquist; Invocation by Ron Palmquist; Songs by Nick Pappas; Visiting Rotarians introduced by Paul Butler.

Our Tree Sale seems to be on schedule. Help is needed on week ends. Even if you can only give an hour or so it will be very helpful. Busiest time seems to be 11 AM to 4 PM on Saturday and Sunday.

Charlie Cyr was presented with our First Annual Dynamic Sales Award. A huge trophy in recognition of the fact that this year Charlie sold his wife a Christmas Tree after failing to do so last year.

As we have now bought a trailer to serve as a shack for the Tree sale, our old shack was presented to the Salvation Army for use at its summer camp. Andy Mazzoin announced that his committee has been in touch with the local high schools in search of candidates for a Rotary Scholarship. If you have knowledge of a good prospect, give the name to Andy. Our new officers for 1980-1981 were elected as follows:

President:	Paul Butler	Directors
1st V. P.:	Bill York	Al Boudreau at large
2nd V. P.:	Bill Brown	John Henchey
Secretary:	Dick Shaffstall	Tom Holden
Treasurer:	Jim Doughty	Lin Beck
		Andy Mezzoian

PROGRAM: Jim Doughty introduced Bill Cullinan who is no stranger to most of us. Bill is consultant on the expansion of the Portland Airport. He had two floor plans showing what the end result will be. The present airport has 24,000 square feet and the new will have 88,000. The need results from the tremendous increase in passenger loadings in the last ten years (220,000 in 1977) and also the security needs. The first phase, the new baggage section, is almost complete and cost 1.3 million. Phase 2, the expansion of the terminal proper will start in January with completion scheduled for March 1981 at a cost of 4.6 million. The terminal will be on 2 levels and will grow to 600 feet in length. The garage across the street has already had its cement poured and will have the superstructure put in place in the spring at a cost of 1 million. I have listed the costs and point out that no local tax money will be spent in the construction. The local funds will come from the sale of bonds which will be retired with money received from leases of facilities at the airport. The Federal share which is less than 50% will come from user taxes. Should be great when completed.

TONIGHT: (12/19) We have our annual Christmas Party for the old folks. If you have some people to pick up, please note that they are expecting you from 5:30 to 5:45. It would be nice if you called them a day or so in advance. Let's have a good turnout and give them a real good time.

DECEMBER 26, 1979

LAST WEEK: Meeting opened by Pres. Al; America by Bill Brown; Invocation by Dick Shaffstall; Visiting Rotarians introduced by Paul Butler.

This was the night of our annual party for senior citizens and, as usual, it was a big success. We had 27 in attendance, the oldest being Mr. & Mrs. Holbrook who are both 93 years young. Mrs. Holbrook recited a poem which she had written telling us how much she thinks of the State of Maine. How nice that Ray Frost was able to be with us and to lead us in a rousing chorus of the Railroad Song. Our host Steve Notis provided a very nice meal and also arranged to have his own entertainer, Gramps Nye, come in early to play and sing for us through the meal and for the Christmas Carols which Dick Shaffstall conducted. Each year as I return my passengers to their homes I am touched by their deep appreciation for this little gesture on our part. Our hearty thanks go to Mr. Notis, to all you fellows who picked up and delivered our guests and to Dick Shaffstall and Bill Stanton for their efforts in making it such a fine evening.

MEMBERSHIP APPLICATION of Miles Potter, sponsored by Dick Jordan, has cleared all the committees and now lies on the table for ten days.

MEETING OF DEC. 26. This will be a Club Assembly and Pres. Al has promised us a Most Unbelievable Deal. I know not what it is but feel that I should be present if only to protect myself.

MAKE UPS: 10/30 in Seattle, Bill York; 11/6 in Gulf Beach, Fla, Frank Hugo; 11/9 in Portland Bob Penty; 11/16 in Portland Bob Penty; 11/13 in Gulf Beach Frank Hugo, in Scarborough Ron Palmquist; 11/16 in Portland Mike Park; 11/19 in Largo Fla. Sam Giftos; 11/20 in Gulf Beach Frank Hugo, in Scarborough Bill York, Peter Drivas, William Doughty; 11/23 in Portland Harris Plaisted; 11/27 in Countyside Sam Giftos; in Scarborough Dick Kennedy in Gulf Beach Frank Hugo; 11/28 in Biddeford-Saco Dan Mooers, in Seattle Bill York; 11/30 in Portland Warren Simpson, Mike Park; 12/5 in Biddeford-Saco Dick Yerxa; 12/7 in Portland Harold Fralich, James Moore. Undated in Biddeford-Saco Lin Beck and in Portland Bill York.
