### ATTENDANCE IS A MUST

President Bob reminded us that turning up regularly at the meetings of the club is one of the obligations that a member agrees to accept when he joins Rotary. He would like to have the attendance at 90%. The club attendance was 83.40% for November. Our club was not in Governor Sam's Top Ten for November.

Rotary rules state if a member misses four meetings in a row, fails to attend at least 30% of the meetings in his own club during each half year or fails to attend 60% of the weekly meetings, his membership is automatically terminated unless he is specifically excused by the Board of Directors.

If you are unable to attend a meeting you can make up six days before or six days after the missed meeting

A list of area clubs and meeting times can be clipped from this bulletin and carried with you.

### LAS VEGAS CONVENTION

Las Vegas, Nevada, U.S.A., one of the world's most exciting entertainment centers, will host the 1986 Rotary International Convention. Mark these important dates on your calendar: June 1st to 4th.

But register early. This not only helps ensure the choicest accommodation, but also offers a special discounted fee. Mail your registration before January 1st, 1986, and save \$60 per couple or \$20 single (over the on-site fees of \$200 and \$100).

There's an abundance of attractively priced rooms but conventioners are encouraged to arrive either on Friday May 30th or Sunday June 1st. The reason: the number of rooms available on Saturday, May 31st are limited because of the general pattern of weekend hotel bookings in Las Vegas; therefore those choosing that day on their registration forms may have a limited choice of hotels.

Preview and registration/housing forms are available from President Bob.

### ATTENDANCE MAKE-UP OPPORTUNITIES ROTARY CLUB of WESTBROOK

The membership of any active, past service, or senior active member who is absent from four consecutive regular weekly meetings of this club shall automatically terminate, unless such absence is made up as herein-after provided, or he is excused by the board of directors for good and sufficient reason.  
Absence at a regular meeting of this club may be made up by attendance at a regular meeting of any other Rotary Club on any of the six days immediately preceding the day of absence, on the day of the absence itself, or on any of the six days immediately following the day of absence, provided notice of such attendance is given to this club.

On New Year's Day a global television audience will view the colorful Tournament of Roses Parade in Pasadena. For the seventh successive year a Rotary float - funded principally by United States, Canadian, Bermuda & Puerto Rico region Rotarians - will be in the parade. It will interpret in sweeping floral patterns a PolioPlus theme "Turning Tears to Laughter" through a magnificently festooned mobile float symbolizing our goal of immunizing all the children of the world by 2005.

**YOU ARE THE KEY**

RIPresident Cadman says YOU ARE THE KEY to open the door of your Rotary club to other men who share the Rotary spirit. Spread the goodness of Rotary by bringing a new member into your club, by helping to organize a new Rotary club in your community, and by participating in club committees, projects, activities and programs.

**MILLIONTH ROTARIAN**

The countdown has begun. There are less than 6,000 new members to go. Our club has the opportunity to admit the millionth member of Rotary International. Projections indicate that he will be inducted during Rotary's 81st anniversary week which is February 17 to 23, 1986. Every Rotarian admitted that week will become part of a select group to be known as Rotary's "One Million Member Club."

He, his sponsor, and their wives, will be invited to the Rotary International Convention, in Las Vegas next June all expenses paid.

## SUPERBOWL FOOTBALL QUIZ

### LAST WEEK

A club assembly about the Rotary Foundation was the topic of our meeting last week. Ralph Miller presented the program which included the film Foundation for Peace. Ralph would like to see the club commit 10% of the external budget to the Rotary Foundation. Among the many things the Rotary Foundation is involved in is scholarships. If anyone knows of a worthy recipient of a scholarship they should contact the committee chaired by Dave Bagdasarian.

### THIS WEEK'S PROGRAM

Lloyd Knight will be the program chairman this week and he will introduce Dr Robert McAfee. Dr McAfee is one of the five members on the Board of the American Medical Association. He will be talking about his experiences on the board and about medical matters that concern us all.

### WORLD AFFAIRS SEMINAR

A very unique and successful Rotary youth activity has been conducted for the past nine years at Whitewater, Wisconsin called a World Affairs Seminar. Its purpose is to provide a forum for future leaders to learn about and discuss world problems and, hopefully, this will contribute to future world peace. Each club is encouraged to select its own procedure for selecting the participant. Advance registrations are due April 1st together with a \$35 registration fee. The seminar takes place June 8 to 13th at the University of Wisconsin at Whitewater. There will be approximately 800 high school students from the United States and Canada plus 200 students representing 50 other countries.

Our club could participate in this worth while youth project.

### PAVING THE WAY TO PEACE

The road to peace is not paved with treaties and agreements, but with something far more solid, the individual efforts of people around the globe to further the cause of world brotherhood and international understanding. Follow Rotary's 4th Avenue (International Service) to where the peace road is under construction; it will guide you in laying the very next stone.

### THE KIND OF MEMBERS WE NEED

The success of Rotary does not depend on the number of members we take into our club, or on their business and social status. Rotary's success depends on the kind of members we add. Above all, our club must be composed of men of good will. The top man in his field may glorify in power, but the right man will...

### LAST WEEK

Lloyd Knight was program chairman and introduced Dr Robert McAfee who is on the Board of the American Medical Association. He talked about his experiences on the board and about two very important medical problems - boxing and smoking.

In Maine regulations related to boxing have been changed at the urging of the medical profession although the AMA believes boxing should be banned totally because there is no effective protection for fighters.

Banning radio and television advertising for cigarettes in the early seventies also removed anti-smoking ads which were gaining in effectiveness. The most effective of these anti-smoking ads starred William Tallman, the DA on the Perry Mason TV program, who had died of lung cancer. 1,000 people per day die as the result of cigarette smoking in the United States.

Saints: Broncos : Colts

Dick Pyne, Jack Roberts, Bill Kourakos and Jim Rowe got the correct answer. They are welcome to fight over who gets Bill York to come to their house and feed them fried dough while The Monsters of the Midway beat the New England Patriots 21-14 on Super Bowl Sunday.

Be on the lookout for Dan Gacetta in the stands.

### WORLD UNDERSTANDING MONTH

February is World Understanding Month, and the perfect time for our club to not only highlight the importance of world understanding, but to also further its cause. In this age of international turmoil, the need for world understanding has never been greater.

Whether we choose to host a foreign exchange student or decide to contribute to PolioPlus, we will be using February to its best advantage and, if you think about it, to our best advantage too.

The 23rd of February is World Understanding and Peace Day and marks the 81st Anniversary of the founding of Rotary International. It is a special day, so let us not let it pass unnoticed. There is no reason why we cannot acknowledge Rotary's anniversary and our long term goal of world understanding and peace on the same

Dick Foley is Chairman of the 25th Anniversary bash that the Scarborough Club is planning for February 4th. District Governor Sam will be on hand and the members of our club and their ladies are invited to participate. Biddeford - Saco, Portland and Westbrook Clubs are also invited to participate.

**ROTARY FOUNDATION  
HOW YOU CAN HELP**

A combination of the typical Rotarian's innate awareness of the brotherhood of man, backed by financial support where it can be used most effectively, has been the basis of The Rotary Foundation's success in attaining its goals. Now, as in the past, the Foundation remains entirely dependent on voluntary contributions to continue its programs.

Specifically, you can help by -

- \* finding the best candidates for Foundation awards;
- \* hosting Foundation award recipients helping them learn about your community, business and family life;
- \* serving on a Foundation committee in your club or district;
- \* making a contribution large or small in any amount or currency every year

Each contribution is credited to your club and district and reflected in its standing. Most important, contributions help keep the Foundation's programs going - and growing.

The following is something that I think is worth thinking about as we go about our business. It is from a sign that has hung in my office for a long time.

1. Winner - Always part of the answer.  
Loser - Always part of the problem.
2. Winner - Always has a program.  
Loser - Always has an excuse.
3. Winner - Says "Let me do it for you"  
Loser - Says "That is not my job"
4. Winner - Has an answer for every problem  
Loser - Sees a problem in every answer
5. Winner - Sees green near every sand trap  
Loser - Sees a sand trap near every green
6. Winner - Says "It may be difficult but possible"  
Loser - Says "It may be possible but too difficult"

**YOU ARE THE KEY**

R I President Cadman says YOU ARE THE KEY that unlocks the gates of the disappointed and disadvantaged, so they can find that Rotary cares for them. Through Rotary fellowship and service, and your own inspiration and ideals and actions you can become the KEY to making significant contributions to the well being of people in your own community as well as around the world. You can make good things happen.

## WEEKLY RAFFLE

### LAST WEEK

Paul Butler introduced one of our own members, Dan Davidson, as last week's speaker.

Dan gave an illustrated talk about Operation Deep Freeze, which is the name given to the scientific expedition that is on-going on the Antarctic Continent. 14 Nations are represented on the continent which is covered in large part with ice that is three miles deep. In some parts of the continent there are dry valleys with no snow. During the winter ice extends 25 miles from the shore and temperatures get down to -127 F.

### THIS WEEK - LADIES NIGHT

J C Brain, Swindler & Ship Hijacker.

Confederates Downeast, Mason Philip Smith's book about Confederate operations in and around Maine during the Civil War will be published this Spring.

Mason, in his Ladies Night program, will tell us about John Clibbon Brain, an engaging swindler, con man and bunco artist, who rose to the heights of glory during the Civil War by hijacking ocean-going steamers, including the Portland based Chesapeake on its regular run from New York to Portland. Brain, a little known character in Maine's history, was the last Confederate prisoner of war and spent the rest of his life swindling his way through the South.

Try not to miss this interesting program by one of our own club members.

Bill York was the absent winner of a gift certificate redeemable at the Baker's Table donated by Alec Livingston

By Jack Roberts

I would like to have a more active Vocational Services program put together for next year. If anyone has any suggestions for projects we could do your input would be most appreciated.

Would the past Vocational Service Directors take a moment to drop me a line at 185 Fowler Road or call me at 767-4526 to let me know what projects were successful and worth repeating

### NEW ROTARY FOUNDATION PLATEAU

As a result of a memorial contribution recently made by Governor Sam to the Rotary Foundation our club has now reached the 2,500% plateau.

### THE LAST WORD

The new scholarship will fund up to three years of academic study. Candidates must be committed to assist in the development of agriculturally related institutions in their sending countries. Through the 3-H program, the Trustees have already approved more than \$3 million in grants for agriculture, nutrition, and water projects in eleven countries, and are currently developing a plan to aid world agricultural development.

## ADMINISTRATION OF THE EXTERNAL BUDGET

At the Board of Director's meeting on February 4th the following policy was adopted by the board in response to concerns that the club was accumulating money from our increasingly successful fund raising events and not disbursing all the available funds.

The Club shall designate a minimum of 10% of its net External Revenues to the Rotary Foundation, the amount to be determined in June of the Rotary year. A Paul Harris Fellow shall be designated when deemed appropriate by a vote of the Board. The selection need not be restricted to Rotarians.

The Club shall maintain a minimum balance of \$5,000.00 in the External Account from one year to the next. In the event of a compelling need the minimum reserve may be waived and the money made available immediately by a majority vote of the Board.

Funds may be encumbered from one year to the next, separate from the \$5,000 minimum, for approved projects that cannot be financed in a single year. Any commitment for funds over \$5,000 shall not be approved without Club consultation prior to a final vote of the Board.

The Director of each Avenue of Service shall request funds for projects approved by the Board by the first Board meeting in July. Remaining funds in the External Budget shall remain available to fund annual requests and Club projects.

The External Budget Committee shall review all requests for funds from the external budget. Recommendations from this committee shall be forwarded to the full Board for a vote. The Committee shall consist of the four Service Directors.

Requests for funds from outside organizations shall be submitted on a form provided by the Club. Information to be required of the applicant shall contain at least: The name of the organization, the contact persons name, address and phone number, as well as the amount of funding being requested. A short narrative on how the funds are to be used shall also be required.

Notifications of the disposition of the request shall be the responsibility of the Club Secretary unless otherwise stated by the Board.

### DIRECTORY & MAILING UPDATE

Take a moment to check out the mailing address and the information listed in the directory of members on the other side of TWO LIGHTS.

If you want any changes made either call Doug Stewart or drop him a line.

If you have anything to distribute to the membership remember it can be included with the newsletter thereby insuring everybody will receive a copy rather than hand things out at the meeting and miss some members.

### ATTENDANCE AWARDS

Perfect attendance pins were awarded to Dick Rawlings for one year and to Jim Rowe for two years.

Earlier this month the Council on Legislation of Rotary International met in Chicago for their tri-annual meeting.

For the fifth time a clear majority of the 431 delegates from 58 countries attending turned down a proposal to change the rules that prohibits women from becoming members of Rotary.

District 779 was represented on the Council of Legislation by Harold Fralich of our club.

Harold voted in favor of changing the rules to allow women as members of Rotary.

The sessions were held over a four day period in six languages. A total of more than 40 hours were spent in the sessions. 251 enactments or resolutions were considered.

61 passed, 8 passed as amended, 83 were defeated, 96 withdrawn, 1 tabled and 2 sent to the Board of Directors for further study.

### YOU ARE THE KEY

R I President Cadman says YOU ARE THE KEY to open the door of community service. Opportunities are unlimited. Survey your community's needs and help to answer the needs, through your own individual service and in concert with your fellow Rotarians in a club project; help our youth become involved citizens through a new or revitalized Interact or Rotaract club; help the elderly through a special club program or project. You can show your community that Rotary cares.

### MEMBERSHIP DEVELOPMENT

Our club, like most clubs, must grow in membership at least ten percent a year to offset normal attrition. Thus, real growth requires a continuous, concerted effort on the part of all our members.

## LAST WEEK

Alan Leathers was last week's program chairman and he introduced Professor Richard Eakin.

Professor Eakin gave a talk and showed slides about the Peruvian Amazon which he saw from an Audubon Society Tour. Lumber, farming and fishing are the main occupations of the population in the rain forest area near the Amazon. 75 million acres of the rain forest disappear each year as the trees are cut for firewood and to clear land for the raising of cattle. The land cannot sustain this type of farming for more than three years.

## THIS WEEK'S PROGRAM

Alec Livingston will introduce Philip E Curran, Chairman of the Public Relations Committee, and Douglas A Howell, a Host parent, of the Maine Irish Children Program.

This program is designed to bring together Irish children of different faiths together and to condition them to tolerance that may have benefits as they grow to adulthood. This is the second year of the program.

## PROPOSED MEMBER

John Chase has been proposed for membership by Nick Pappas. John lives on Macauley Road, Cape Elizabeth and is employed by Advest Inc. His classification would be Investments - Additional Active.

Any objection should be made to the secretary by March 2.

## MAKEUPS

Dan Mooers would like to see those postcards for makeups come in promptly. Also please put the date of the meeting on the card you are making up. Dan's address is on the other side of the bulletin and you can cut it out and use it as a mailing label.

## GUIDING YOUTH - THE PERSONAL TOUCH

Helping young people see the world as less impersonal and more welcoming is one of the most important ways in which Rotary serves youth worldwide. While Rotarians are sometimes urged to take the long view of youth service - striving to create a better society for youth to inherit tomorrow - they perform an equally important role by acting as mentors who help the young achieve involvement and full participation in the task of creating the best possible world here and now.

## A TIME FOR EVALUATION

Any club with some history can pause and reflect on what that history holds for its future. In other words, how well is that club achieving its objectives and what does it need to do - in light of changing conditions - to make its activities more meaningful? Perhaps it's time for each of us to evaluate if we are really putting forth all the effort required to help our club function as a Rotary club should.

-- from a club bulletin

## PERSONAL COMPUTERS

If you think personal computers are great productivity tool - think again.

**Gato** is a computer game that realistically simulates the bridge of a World War II submarine. You are the captain and must avoid enemy submarines and ships by navigating through waters of various depths and eliminating the enemy.

The game has evidently been designed with the work place in mind. At anytime hitting a certain key on the keyboard suspends the game and a phoney spreadsheet is instantly displayed on the terminal's screen. Anyone passing by, including the boss, sees the employee hard at work with that great productivity tool the personal computer.

## MEMBERSHIP DEVELOPMENT

One of the great privileges you have as a member of our Rotary club is the right to propose a new member.

## LAST WEEK

Alec Livingston introduced Philip E Curran, Chairman of the Public Relations Committee, and Douglas A Howell, a Host parent, of the Maine Irish Children's Program.

This program is designed to bring together Irish children of different faiths together and to condition them to tolerance that may have benefits as they grow to adulthood. Mr Curran described depressing conditions under which these children live. There is fear and violence through out the bomb damaged city of Belfast.

Host families are needed to have a child stay with them for six weeks beginning at the end of June. In addition to this it costs about \$630 per child for airfare etc. Details can be obtained from President Bob.

## FOR THE RECORD

Here are some interesting facts about Rotary geography that perhaps you didn't know.

The Rotary Club of Punta Arenas, Magellanes, Chile, has the distinction of being the southernmost club in the Rotary world. Established in 1950, the club has 40 members. At the northernmost tip of the Rotary globe is the Rotary Club of Hammerfest, Norway. Located in Europe's northerly city, where the sun is not visible between November 21 and January 21, the club, also established in 1950, has 31 members. Finally, situated 3,577m (11,735 ft) above sea level is Rotary's highest club, the Rotary Club of La Paz, La Paz, Bolivia. Established in the world's highest capital city in 1927. The club has 124

### LAST WEEK

Andy Mezoian introduced Marcia Feller who talked about her involvement with Big Sisters - Big Brothers. Ms Feeler, who has her own consulting business, moved to Maine in 1970 and has recently become involved in the Big Brother - Big Sister program. This organization, which operates on a \$30,000 per year budget, has volunteers take on the responsibilities of having a child from a single parent home for a few hours per week. The commitment is for a year and only takes place after extensive investigation.

### THIS WEEK'S PROGRAM

Bill Kourakos will introduce Elizabeth Morrison who is a Director of the Cerebral Palsy Association of Greater Portland Inc.

She will be informing us of the association's current community projects.

### WEEKLY RAFFLE

Bill Kourakos won \$16 which was half the pot in a 50/50 drawing.

Upcoming raffle donors:

### JOB SHADOWING

If you have not filled out the job shadowing questionnaire please do so and send it to Tony Wagner. Bryce Johnston and Bob Flynn will be contacting those who are participating in this program in the near future.

### CAPE FAMILY DAYS

Tony Wagner had a brief announcement about his summer fund raising program which makes about \$1,000 for our charitable activities. This activity falls on the same weekend as the District Convention at the Balsams. Dick Rawlings will be coordinating this project which will be the selling of fried dough as we have done in the past. If it is to be a viable project we will have to have a high turnout of the members not attending the convention at the Balsams. There is some discussion of having a hot air balloon to act as a drawing card.

Dave Bagdasarian will be in charge of the silent auction that will take place at the June District Convention. Crafts items are needed and a painting that the club purchased from Art in the Park some time ago will be used. The proceeds of this auction will go toward PolioPlus.

### ROTARY FOUNDATION SPECIAL GRANTS

Each year The Rotary Foundation makes a number of Special Grants to support various educational or charitable projects of Rotary clubs and districts that benefit non-Rotarians in other countries and thereby further international understanding.

The sponsoring club or district must agree to contribute substantially to a project before the aid of the Foundation is sought.

Some recent examples of funded projects are the transport of handicapped athletes to participate in the Tokyo International Skill Contest for the Disabled.

The addition by Americans of an agronomist to the staff of an agricultural research station in Honduras.

The establishment of eye clinics by Australians in many villages in Bangladesh, and the sending of volunteer teachers from England to Kenya.

### STATISTICS by Bill York

New York City and Caribou are the same driving distance from Portland.

Portland's drinking water ranks eighth in the nation in quality in an E.P.A. survey of water systems serving more than 75,000 persons.

The average winter temperature is 4°F cooler than Hartford CT.

The Greater Portland area has more hours of sunshine than 95% of the North-east.

### R. I. PRESIDENT NOMINATED

Charles C Keller of the Rotary Club of California, PA was nominated for the office of Rotary International in 1987-88.

## ATTENDANCE

### LAST WEEK

Bill Kourakos introduced Elizabeth Morrison who is a Director of the Cerebral Palsy Association of Greater Portland Inc.

This organization, to which our club has donated \$2,500, is filling training and productive needs of people who suffer from Cerebral Palsy. The State is only responsible for educating persons to the age of 20 but these handicapped people need more training to become productive in the market place.

The association is in the process of raising \$220,000 (\$170,000 raised to date) to construct a solar greenhouse, repair an existing building and have an endowment fund for future repair costs. The green house will be used to raise seedlings which will be sold to Shaw's and Shop and Save. Sheltered employment will be provided for approximately 50 adults.

### THIS WEEK'S PROGRAM

Harold Fralich who was the District's representative at the Rotary International Council on Legislation will be making a report on the recent meeting in Evanston. It was at that meeting that several resolutions were introduced relating to women in Rotary.

At the meeting this week President Bob announced members will be able to express themselves on the topics that were voted on at the Council on Legislation.

Carroll Beck received an eleven year perfect attendance pin.

Our club had an attendance record of 86.30% for the month of February. We did not make the Top Ten for this month. We were 15th. Many of the clubs in February's top ten have been on the list in previous months. Rockland in 8 out of 10 months. 2% more in February and we would have been in the top ten.

### DISTRICT CONFERENCE

Bill Kourakos will be giving out some information about the June 19 - 22 District Conference at the Balsams this week. You have still a few weeks left for joining the savings plan. See Dick Pyne if you are interested.

### ROTARY PROJECT DROPS BALLOONS ON MAINE

The Glens Falls Rotary Club had a fundraiser last September in which 4,000 balloons filled with helium were released. A \$25 prize was awarded to the person who found a balloon that was found furthest from the release point. Scarborough Rotarian Doug Rennie found one in his wood pile 165 miles from Glens Falls but Cape Elizabeth resident Susan Poole of 442 Ocean House Road found one on the beach that had travelled 180 miles.

The event raised \$3000 for that club's charitable projects.

### HEALTH, HUNGER AND HUMANITY (3-H)

To commemorate the 75th anniversary of Rotary's founding in 1905, Rotarians throughout the world contributed more than \$7 million in 1978-80 for the Health, Hunger, and Humanity (3-H) program to improve health, alleviate hunger and enhance human and social development as a means of advancing international understanding, good will and peace.

Examples of 3-H projects funded thus far are an immunization effort to eradicate polio among Filipino infants, a plan to alleviate malnutrition in Guatemala and the sponsorship of Rotary volunteers to refugee camps in Asia.

More information on these four Foundation programs, and specific application regulations, may be obtained by writing the secretariat in Evanston, Illinois.

Bill Kourakos gave a brief report on the District Convention that will be at the Balsams from June 19 - 22. It is expected to a well attended affair with 20 members from our club planning to attend. The Biddeford - Saco club will also have about 20 members attending.

For your information the following is the four types of Rotary member classifications.

Active and Additional Active members work in a leadership capacity (owner, partner, manager) in the business or profession under which they are classified. They also must either work or live within the club's territory. The South Portland / Cape Elizabeth Rotary Club's territory consists of the City of South Portland, the Town of Cape Elizabeth and the abutting communities.

Senior Active members are former active members who automatically become senior actives through one of the following ways:

1. They were active members of one or more Rotary clubs for at least fifteen years;
2. They are at least 60 years of age with ten or more years of active membership in one or more clubs;
3. They are at least 65 with five or more years of active membership in one or more clubs;
4. They are a present or past officer of Rotary International.

Senior Active members may move to another locality and be elected by a new club to this type of membership.

Past Service members are those who have retired from work after having held active membership for five or more years, but are not yet eligible for senior active membership. They must reside and continue to reside within the territorial limits of their club.

Honorary Members are elected because of distinguished service in furthering Rotary ideals. They may attend meetings only of the club that elected them, but they do not vote and are not eligible to hold office in the club.

Some notable Honorary Rotarians:- Heads of State: King Albert I of Belgium, King George VI of England, King Victor Emmanuel III of Italy, King Gustav VI, Adolf of Sweden, U.S. Presidents starting with William Howard Taft.
