KID'S NIGHT DELIGHT

There's a song whose lyrics contain these words: '...to be young at heart...' and those same words echoed within the walls of the Purpoodock Club last Wednesday evening during the first Kid's Night.

It would be a shock to my grandmother to refer to an evening as Kid's Night. She would assume there would be goats aplenty...to suggest that 'kid' was now a word accepted as a reference to children would leave her aghast!

However, participating in the evening's activities she would have found the same joy as I did. Children, some now adults, ranging in age from two to twenty-two joined their Rotarian family-member for an 'official' Rotary meeting.

The invocation was given by Dan Davidson. There was then a bountiful buffet featuring such delicacies as: beans, franks and burgers; chicken, buns and onions; and **TWO** kinds of salad dressing! There was an incredible chocolate pudding with freshly-whipped cream for dessert.

The most famous farmer of all time was sung about and so too were three of his animals...E-I-E-I-O! Bill of York led the singing with the assigned assistance of Tables Three.

There were so many raffle drawings that the winners list wouldn't fit on a single page, but, Nancy Hawes prize deserves mention. She received a great mix of items from Uncle Billy's South-side Bar-b-Que which included: The Immaculate Confection!

Also winners of money prizes (Scholarships) were: Dana Brown and Joel LeBerge from Cape Elizabeth; and James Hewes and Shane Dover from South Portland. All four students had lists of awards and achievements straight from Who's Who in America!

President Kourakos gave a brief farwell address. He asked that we refer to his letter which was included in last week's bulletin to remember all the accomplishments of the previous year. He did make a special presentation to Joanne Leclair for her Service Above Self during her short time wioth the Club and especially for her work with the Rotary Village Core Project.

The gavel was handed to incoming President Michael McGovern who immediately handed it back to Bill. It was felt that the gavel had served Bill well and that he should hang on to it!

Finally, Bill cited the "Power Partner's" progress in raising \$300.00 towards a Paul Harris Fellow Scholarship to be given honoring Barbara Gill.

THE REST OF THE STORY...

PAGE ONE

The letters D. A. R. E. conjure up different meanings for different people, but none are so real as they are for Sargent Tubbs of the Cape Elizabeth Police Department.

Drug Abuse Resistance EducaTion (DARE) has been an important part of the 5th and 6th grade curriculum for

(cont)

several years.

The program, modeled after a program started by the LAPD, offers children in the 5th and 6th grade some answers and advice. The program also provides valuable information for parents.

Officer Tubbs gave a brief presentation and then fielded questions. The most troubling response was to a question inquiring about the drug problem in Cape Elizabeth...is there one?

According to Officer Tubbs: NO. Not a drug problem, but there is an acohol problem! He continued briefly and thanked the club for asking him to attend.

PAGE TWO

The Two Lights Bulletin was awarded **FIRST PLACE** in Category A, Clubs of up to 50 members by District Governor Bob Patten at the June 20 District meeting.

The award was based on a random selection of the bulletins from the District during the month of May and reviewed by the USM-English Department.

Good Day!

MISCELLANY

The Flynn-man would like special "thanks" given to the Project Graduation asistants: Bill Smith, Mike McGovern, Phil Dube and David Jones**

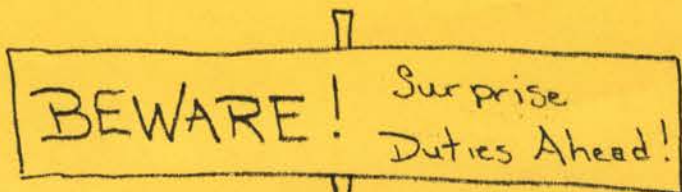

**Please note that Mr. Jones is a LION. However, he does own a large truck and his assistance was greatly appreciated.

JULY 1st The President Speaks...

The new President of our club, Michael K. McGovern will enlighten us as to what the upcoming year should hold!

JULY 8th The Vice-President speaks...

This VP is from Blue Cross-Blue Shield. Felix Nadeau will be addressing the Administrational aspects of a National Health Care Plan. Mr. Nadeau is being hosted by Jack Roberts.

Be ready! You

CHIPS AND GAS

Chips and gas, that's the way it should be
 There's no other way to raise funds... so easily
 Chips and gas, a curious combination
 Fund-raising efforts combining three nations
 Chips and gas!
 Did you really think that the headline would say
 Anything close to T and A?
 Chips and gas, sounds as close as can be
 Mexican food donated and the other ingredient is free
 Chips and gas!
 SO- if you weren't able to attend Theatre Night
 And experience the joy of **A Chorus Line** done right
 Then perhaps reading this little arrangement of words
 Will expose you to all the great sounds that were heard
 There was a full-house of Rotarians, family and friends
 Actors and actresses doing great from beginning to end.
 Prior to sitting there was food under a tent in the park.
 And then in the theatre disguised by the dark...
 Chips and gas, it's a curious thing
 But the song that was sung had a curious ring...
 Chips and gas!

BEHIND THE SCENES

The Rotary Village Core project being sponsored by the South Portland-Cape Elizabeth Rotary Club and the Rotary Club of Goonellabah, Australia received a good shot in the arm from a Theatre Night at the Thaxter Theatre in South Portland.

Blue skies lit by a gorgeous yellow sun created the backdrop for a scene from a watercolor. Green trees intertwined with colorful flowers surrounded a green and white tent set in the middle of a park. There were lots of people in multi-colored clothing enjoying foods donated by local Mexican restaurants. There were nachos and salsa, chili that was hot... and some that was not-so-hot... spicy!

The crowd moved into the comfortable embrace of the Thaxter Theatre's theatrical history and became part of it as they viewed an incredible version of the Broadway spectacular... **A CHORUS LINE**.

According to co-organizers Joanne LeClair and Agnes Winship, it couldn't have been done without the help and support of many, many volunteers. No names were given as the real knowledge of sincere gratitude is felt in the heart... not via a public statement of personalized 'thanks'.

HOWEVER: many thanks to all who came to view: who worked hard prior to: and to all of you!! Hopefully, our local efforts will be matched in kind with the Australian Club and then to culminate these international linkages, the City of Xalapa, Mexico might see a retaining wall built to preserve a new school built at the base of a mountain which is subject to devastating mud-slides.

Additionally, there is the possibility that there will be funds leftover to assist in improvements to the City's sewer system and health care programs.

REMINDERS...

The following is a list of special events and/or coming events worth noting on your calendars...

1. JUNE 17th MEETING

We will be meeting at the Cape Elizabeth Community Center. The Director's are preparing a GREEK dinner consisting of lamb, Greek salads, and fun!

Anyone not wanting to partake in the culinary delights listed above please contact Bill Kourakos so that alternatives can be provided.

2. JUNE 24th MEETING - KID'S NIGHT

There will be fun and adventure for the whole family... included will be the presentation of scholarships.

3. BUDGET COMMENTS

Last week you received with your bulletin a copy of next year's proposed budget. Please present any comments to the Director's at Wednesday's meeting...

4. DUTIES

a. June 17th

Invocation: **Surprise**
 Song: Goodrich
 Raffle: Kourakos
 Program: **Surprise**

b. June 24th

Invocation: Merkle
 Song: **Surprise**
 Raffle: LeClair
 Program: KID'S NIGHT

WARNING: Dangerous Invocation

A five-year-old boy wanted a brother and asked his dad what could be done. His father told him to pray for two months and he would be given one. The boy prayed but became impatient. At the end of the one month he stopped praying. Not long later the father took his son to the hospital where his mother sat holding twins. The dad said to his son, "Aren't you glad you prayed so hard?" His five-year-old son looked wide eyed at the twins and said, "Wow, dad, aren't you glad I stopped when I did?"

SHORT AND SWEET

There was a meeting held last Wednesday night
It was a special meeting that was a delight
The Director's all gathered at 1226 Shore Road
The Cape Elizabeth Community Center... quite
the abode
Our Lamb Duck President prepared quite the
meal
Complete with Greek music... it was such a
great deal!
Special 'Thanks' to all who helped prepare the
spread
Penny and Sophie... that's it! I'm going to bed -
I said it was going to be short and sweet
Because I don't want to start to repeat
The things that were printed in last week's
edition
And I'm not going to change my position!

MISCELLANY

JUNE 24TH KID'S NIGHT

Invocation: Merkle
Song: Surprise

Note: All 'kids' eat for free! No age limits!

JULY 1ST REGULAR MTG.

Invocation: McGovern
Song: Hennessey
Raffle: Levasseur
Program: Pearson
The President

REMINDERS:

1. Please return ticket money from Theatre Night to Agnes Winship. She will receive funds in person or via the mail at:
50 Market Street
South Portland, ME 04106

GAZPACHO

Ingredients: 1 large cucumber, peeled, seeded, and cut into 1" pieces
1 large sweet green pepper, peeled, seeded, and cut into 1" pieces
1 large sweet red pepper, peeled, seeded, and cut into 1" pieces
1 large rib celery, cut into 1" pieces
1 large carrot, cut into 1" pieces
1 medium onion, cut into 1" pieces.
4 cups tomato juice
1/4 cup red wine vinegar
1 tsp oregano
Salt and pepper to taste
Dash or more hot pepper sauce.

Preparation: Chop all veggies in food processor. Combine tomato juice and remaining ingredients, then mix in chopped vegetables. Chill at least one hour before serving.

SANGRITA (non-alcoholic Sangria)

Ingredients: 3 cups catawba or other white grape juice
1/2 cup Lemon Juice
1/2 cup sugar
1 quart Club Soda

Preparation: Green grapes, strawberries, orange slices
Combine grape juice, lemon juice, and sugar. Stir or shake until sugar dissolved.
Just before serving, add Club Soda and fruit

WOULDN'T IT BE NICE

The Beach Boys sing a song by that name. It includes a line that says:

"... wouldn't it be nice to live together in the kind of world where we belong..."

Of course, the world that the Beach Boys are singing about has more to do with adolescent fantasies than with the 'real' world. However, thinking about that song, we, in these United States, are closer to living in the kind of world where we belong than we might realize...

True, there are still cases where prejudice, injustice, and intolerance exist, but, we in these United States have the choices to make our own decisions and the means to pursue justice if we have been victimized by any of the items listed earlier.

The children of Belfast, Northern Ireland aren't as lucky. They are constantly subjected to prejudice between persons of the same race, but, of different religions.

Bruce and Susan Schulyler spoke to the Club about the Maine Irish Children's Program. Founded in Maine in the mid-eighties, the program sponsors more than a dozen children each year. Each child, ranging in age from 10-12 are from Belfast, Northern Ireland. They are coming to the States for a six-week educational experience.

Ideally, they will learn that people of different religions are essentially the same. Many of the students (each group is split into equal representation of the Catholic and Protestant faith) have been brought up believing some pretty bizarre things about the other.

Susan told us about the history of these exchanges. Initiated by a letter from a distraught Irish mother, who wanted her child to have a safe time away from home, the program was begun by the Hibbing Rotary Club in Northern Minnesota.

That was 1974... the program now serves thousands of children each year through 23 different programs. The Maine program places 16-24 each year. The funds for the exchanges are raised through various fund-raisers and private donations.

It was truly an enlightening presentation and we thank Fred Janson for inviting the Schyulers.

THE REST OF THE STORY...

PAGE 1

The invocation was given. The meal was served. We were honored by the presence of MERV RICHENS, the Past District Governor from Goonellabah, Australia.

Mr. Richens is the key contact responsible for coordinating our upcoming three-way fund-raising event with the residents of Xalapa, Mexico.

There were a couple of 'regulars' visiting with us: Larry Carey from Portland and Jim Colville from Sanford. We also had two guests: Curtis Walton and George Constantine. Both guests are with HAGUE International in South Portland.

We were led to the Ballgame with Frank Gemme

singing the tune. The raffle was conducted by Len King and was won by Jackie Critchley. Everyone was wondering what Jackie was going to do with a deluxe Cordless screwdriver...

PAGE 2

There was so much happiness that a whole page is dedicated to it! Mike McGovern started off with a happy B Day to his 105 year-old uncle; Joanne LeClair used more than her allotted time and will be severely fined for thanking everyone for their efforts for Theatre Night; the results are in from last week's mystery meal experiment... Wayne Goodrich says that we were not eating what we thought we were... he had it last weekend and it was good!

Speaking of good... Bill York is trying to stay out of trouble since Diana is abroad with Joanna... he invited anyone who wants to come over for some 'cold ones'. WAIT! There's more... Bill is sad that the Rangers lost, but at least the Penguins beat some of his least favorite teams; and finally, Bill said that the softball marathon was a wipe-out!

Unfortunately, Jim Russell took some of Bill's abuse... so he gave a dollar... for what? Ask him how left field is? Dick Holden is a Grandfather; Dan Mooers wanted to make a special effort to recognize Merv Richens' wife Margaret; George Constantine, a guest and former-Rotarian gave a buck for his previous visit to our club; and finally, Frank Gemme's son was inducted into an Honor Society.

PAGE 3

Please remember ALL the following:

1. JUNE 10TH - THEATRE NIGHT

2. JUNE 13TH - FAMILY FUN DAY
(Please see Fred Janson for sign-up sheet!)

3. JUNE 17th MEETING will be held at 1226 Shore Road. President Bill will be preparing a traditional GREEK dinner. Lamb, salad, etcetera. If anyone does not like lamb, please call Bill so that other arrangements can be made.

4. JUNE 24TH - KIDS NIGHT (will include scholarship presentations... bethere!)

5. DICK KILROY has achieved 30 years of perfect attendance!

6. Please bring any comments on the proposed budget to the attention of any one of the Directors:

LEFTOVERS

Due to a strike at the Two Lights Bulletin last week there was no bulletin. The Editor apologizes for any inconvenience.

PART I

The Second College Edition of Webster's New World Dictionary of The American Language has a very simple definition of **leftover**... something left over, as from a meal.

There is an adjective form of the word used as: remaining unused, uneaten, etcetera. Well, what does any of this have to do with anything?

Everything! Because this edition of the Two Lights Bulletin will be filled with leftover news, leftover jokes, and leftover chicken!

The week before last (May 20th) was a very exciting evening at the Purpoodock Club. The usual socializing took place as well as the bell ringing.

President Bill Kourakos gave the invocation and the Chicken and French dressing were presented. There were warm buns accompanying the dinner for the third week in a row!

Your "answer my questions as soon as I stick my fists in your mouth with cotton and suction tubes, instruments and the kitchen sink" dentist Dave Bagdasarian led the evening's singing.

The raffle prize was donated by Dave Kane. The winner of a gift certificate to Jordan's Lobster House was Thomas Hennessey.

The Quebec Exchange went well according to coordinator Phil Dube: Family Fun Day is June 13th... we are selling dough and assisting with crowd control says Fred Janson; and the CHORUS LINE will be singing a blue song if tickets aren't sold!

PART II

The family of Richard "Dick" Jordan was present as Jane accepted a \$1000.00 gift dedicated in Dick's memory on behalf of the Raymond Fire Department.

Jane said it was only right that a Fire Department should receive the gift as members of the Jordan family have been fire-fighters for generations.

There were more presentations during the evening. Bill Smith sponsored the program to acknowledge and commend non-Rotarians that have been an important part of their local communities.

Penny Carson, Dr. Peter Rand and Ralph Howard were all cited for their participation in their communities for the betterment of us all.

MORE LEFTOVERS!

The meeting on May 27th wasn't anything like that on

the 20th... except for the warm buns and the CHICKEN!

The type of chicken is still being investigated... the waitstaff insisted it was Chicken Tetrizzini... well, I got home and consulted Irma S. Rombauer, one of the authors of: **JOY OF COOKING.**

I have included the ingredients of her recipe so that everyone who sampled the 'mystery meal' might be able to help solve the mystery... were we eating Chicken Tetrizzini?

Shredded Chicken
Macaroni or spaghetti
Blanched, slivered almonds
Sauteed mushrooms (Sauté in dry white wine)
Butter, Flour, Chicken broth and whipping cream
Grated parmesan Cheese

The last line of the recipe calls for baking until lightly browned... there is nothing more to say... EXCEPT! Did you like the Red Raspberry Vinaigrette Low-cal; Low-cholesterol; Low-fat; Low-priced dressing that is the same as the Club Members are served?!

IS IT CHILE IN PERU?

Sometimes! But you've got to dress for the climate! And, according to William Schollard, Jr., the Latin American countries are warming up!

Mr. Schollard has an extensive background in International Banking and Finance. He is presently employed as a consultant by no fewer than three companies (many of which he founded) and involved with restructuring the banking systems in Latin America.

Do the South American banks need much help? One example of the lack of controls and inefficiencies was a bank in Chile that employed one person for each \$18,000 worth of deposits... you figure it out!

We thank Dan Mooers for inviting Mr. Schollard.

PAULA'S POEM

This was requested by the spouse of a member
Who was missing the warm, glowing ember
Of the fiery poems that defied description
And caused many a member to have a conniption.
So, I try to please both the member and spouse
Since both are as one within their house
Without further ado... I must tell of the meeting
And I'll try my best to keep the rhymes repeating!
Joanne LeClair gave the invocation after the bell
Then we were served 'the dinner from hell'
Apologize I will if I did offend, but my action I'll defend;
Because my success as a reporter does depend
On the information I gather by questioning guests
And that was the one that said it the best!

(cont)

PAULA'S POEM (CONT)

All was not lost... though Len's stomach was still recovering;
 He led us in song of beauty discovering
 America. The Beautiful and what a day it was
 Especially for Karen Dunfey... why? Because...
 She won the 50-50 raffle, the ticket drawn by her guest
 But wait! That's not the best-
 The raffle was done after Happy Dollars were tossed
 How much do you think she would've lost?
 Back-up a few lines if you will please,
 So that we don't intentionally tease.
 Adrienne Murphy was Karen's guest and one more
 Bob Peck's daughter, Mary from the Jersey Shore?
 I'm not really sure where Clifton Park is at
 But she's in Rotary there... how about that!
 Moving right along through the rest of the night
 Happy Dollars were quite a delight...
 Fred Janson's tub and shower have never been so clean
 Jim Russell's samples give it that sheen;
 Dan Davidson's daughter has landed a job
 Co-Producer for WSCH... that's channel 6 on the knob!
 Jeff Hobbs twins are 6 months old... HOORAY!!
 Frank Gemme and Lynne had their 25th last Wednesday
 And Bob Peck had a birthday with his children around
 Many from places way out of town.
 Michael McGovern went to school with Karen's guest
 Two more to go it's time for the CREST!
 Laurenz had multiples ONE, TWO and THREE
 Dan Mooers thought he was getting nine hundred sixty
 But lo and behold a notice did follow
 Half of the fees his wallet would have to swallow...
 Here I must stop this poetic dedication
 I'm off to bed... I need a vacation!

ANNOUNCEMENTS

Tony Wagner enjoyed Lincoln's Rotary Club meeting;

Bob Levassuer mentioned the Fried Dough sale we are co-sponsoring with the Casco Bay Sunrise Club. It will be the end of July during the Deering Oaks Festival;

Fred Janson again reminds people to sign up for dough and crowd control;

Paul Butler said that make-ups are great in Paradise!

JUNE 10TH IS THEATRE NIGHT!!

JUNE 17TH MEETING IS AT: 1226 Shore Road
The Cape Elizabeth Civic Center/ Dinner by Director's

SPECIAL NOTES:

The Board of Directors will be reviewing the internal and external budgets at a Board meeting June 17th immediately following the meeting;

There is a proposed amendment to the Club By-Laws to be voted on June 24th. If enacted, the proposed would lower the annual dues from \$130.00 to \$120.00.

AND FINALLY... Bill Smith has been appointed to the Director of Vocational Services.

RULE NUMBER ONE: SPEND ALL OF YOUR MONEY

Unless you want the IRS and every other Ingrid, Roger and Samantha to get all your money after you pass away... you better engage in some serious "Estate Planning".

According to Elizabeth 'Betsy' McCandless, there are six simple steps to properly plan and protect your estate... Sorry, but personally, I would rather spend my estate's equity than worry about protecting the tax liability of my heirs!

However; in all fairness to Besty's presentation which was anything but 'boring' as she first lead us to believe... the truth of the matter is, I couldn't think about being bored or disinterested when dollar signs were being followed by numbers with six or more zeros!

Besty, a partner in the firm of McCandless & Hunt, gave a very good broad-view of proper Estate Planning. She explained the \$600,000 "exemption equivalent" and the little known \$1,000,000 exemption from the GSTT or the Generation-skipping Transfer Tax.

Her presentation began with the popular story about Oscar Wilde that died virtually penniless, yet, while on his deathbed he was known to sip 1875 Dom from long stemmed crystal champagne glasses. Occasionally he was questioned about his extravagance and his standard reply was always:

"At least I can die beyond my means!"

Although few people are comfortable talking about death, it can be extremely beneficial to surviving family and friends if the proper steps were taken in planning of one's estate.

She stressed that the most important steps in estate planning (beside having a will!) is to designate someone to carry out the power of attorney duties. Another equally important consideration besides those mentioned relative to reducing taxable estates, is to give serious consideration to Living Wills or Health Care Declarations.

We thank Alec Livingston for inviting Betsy and allowing us the benefit of expert advice for very resonable rates!

WHERE OH WHERE HAS MY LITTLE SPIRAL NOTEBOOK GONE

Oh! Where oh where can it be?
With its notes so bold and its cover so faded
Where might my notebook have gone?
I took it to Rotary on Wednesday night
To write down the evening's events
And even at each paragraph noted so with indents
So I'd know when I read it again...
But I looked and looked all over the place
And it was nowhere to be found
So I'll continue in prose with its ups and downs
And try to remember what transpired...
Prior to the speaker talking about those who might expire

RECOLLECTIONS

I didn't recall, but was told that Michael McGovern gave the invocation. There was stuffed-chicken served with some funky rice. Some veggies were added for color and everything was chased by ice-cream with chocolate sauce.

The song leader went solo for the first time in a few weeks... Phil Dube, had everyone in perfect harmony singing: SING! EVERYONE SING!

Poor Jim Russell won the 50-50! Actually, it was typical relative to the evning's speaker... if you can actually save \$600,000... but Jim keeps winning it and then has to give it back via Happy Dollars. Is a Happy Dollar given for winning a 50-50 tax deductible?

Jim was happy for the support he has been plaged from Mark Ayers and Bob Peck for the upcoming year. Agnes has slipped her mooring again! She continues to drift in the Mill Creek Zone; and finally, she gives many thanks to everyone for supporting the June 10th Theatre Night.

I FOUND IT!

There it was... right where I left it! My notebook which had the following announcements:

1. Board meeting next Wednesday;
2. Carolina is finally graduating!
3. NEXT WEEK'S MEETING
 - a. Jayne Jordan will attend to be presented something special in Dick's memory;
 - b. CITIZENSHIP AWARDS. Bill Smith Productions.
4. The Saco Bay Club will meet at the Cascades at 7:30 am starting June 4th.
5. THEATRE NIGHT - Part II Joanne LeClair avoided paying the Happy Dollar and included her 'thanks in advance' as an announcement!

SCHOOL DAZE

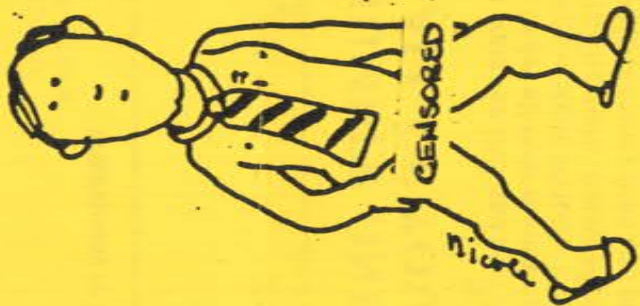

There were two Cape Elizabeth High Scool students with us Wednesday evening. Ingrid Lilley and Heather Christensen.

Ingrid, introduced by Bob Flynn, will be attending Gordon College in the Fall. She spoke about the "new" "improved" Athletic Contract being formulated for next year. Essentially, each team will tailor their own non-substance use contract and will even decide on punishment if the contract is broken.

Heather, fortunately was introduced by Paul Butler. It is only fair that one guest isn't subjected to the Flynnimizer Treatment. However; Heather caused her own Flynnization by telling us about her Independent Study Program in English which allowed her to watch; review; critique and create works in the Woody Allen genre.

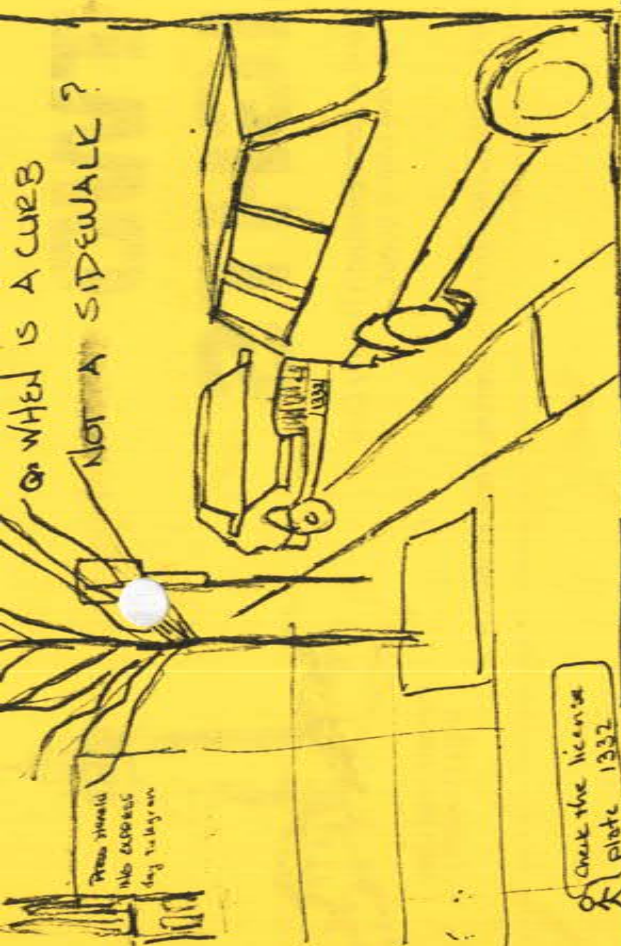

Heather is headed to LaSalle in the Fall.

I never forget

ARCHANGEL: Russia's Bangor

The only difference between Bangor, Maine and Archangel, Russia is the size of the cities... their location... the population...

ARCHANGEL. Located in the flat-nothingness 600 miles North of Moscow. There are approximately 400,000 residents engaged in primarily shipping and lumber.

However, the city is also the site of some of the major missile bases, submarine manufacturers, and other secret defense installations... rather... was!

Bill Serreta, President of Harper-Connecting Point and Portland Rotary Club's Chairman of International Services spoke about the City of Archangel, Russia.

He was one of a small delegation that travelled to Russia last year. Bill spoke about three major items relative to his trip and his duties as Chairman of International Services and Co-chair of the AID to Archangel Project.

Where is Archangel? As described above... just about nowhere... similar to Bangor, but bigger!

What exactly is the AID to Archangel Project?

Essentially it is a relief effort organized in conjunction with the 'Sister Cities' movement started in the late 1980's.

Portland was matched with Archangel. During the subsequent meetings, it was determined that Archangel, like many Russian cities, was in need of great assistance.

However, due to the political climate during 1989 thru 1991 none of the efforts amounted to much. Finally, in late 1991 there was another attempt made... very successful!

It only took 9 days to gather 25 tons of food plus \$20,000 in cash! Most of the items were donated by large corporations, but a lot was collected by area schools. The items (including medical supplies and anti-biotics) were shipped through a network of vendors at no charge. Nearly 95% of the shipments reached the intended end users!

What is going on in Archangel today? There is the potential for a Rotary Club... if they'll elect officers! Bill told stories about how difficult it was for the people of Russia to get used to actually having a voice... one that is heard!

Throughout the journey, the delegation saw a desperate people. There is a great resource of businesses ranging from Bear Testicles to Submarines. BUT, they haven't a clue as to running a business.

The conclusion of Bill's talk seemed to say it all: Russia is no different from the United States, the only problem is that the US won the Cold War because we didn't run out of money first...

It's funny, but even with all the troubles, the Russian people seem to maintain a sense of humor as evident from the following story:

The Russian farmer had finally saved enough Rubles to buy a car outright. The dealer said it should be ready to be picked up 5-years from this day. The farmer said that

would be fine, if he could pick it up in the morning. Perplexed, the dealer asked why...

"Because, da plumber is coming in the afternoon!"

THE DREAM...

He arrived late. There were no parking spaces close to the building so he had to park far from the clubhouse. He walked slowly towards the entrance. There was something different as he passed the kitchen area... he couldn't quite figure what was different.

There was another meeting in the Main Hall. He casually glanced around at the strangers and nodded to some that looked familiar. Finally, he pushed aside the sliding door separating the function rooms and was unprepared for what he observed...

The South Portland-Cape Elizabeth Rotary Club Members were happily eating, laughing and talking. It seemed surreal... not the members' actions... the tables and their contents!

Quickly, he sat and tried to shake the visions from his head. Looking down, he saw crystal salad bowls. The fresh, crisp salad with lettuce, tomato, cucumber and Bermuda onions was in a crystal salad bowl... chilled!

The entree was presented: thinly sliced, lean Roast Beef with sides of fresh corn and cheesy potatoes. WAIT! There's more! The basket of rolls felt warm... he shook his head again... there were butter slices without wrappers floating in a chilled pond. The butter actually melted on the rolls!

Realizing it wasn't a dream, he consumed everything in sight! The dessert, a basic selection of iced-creams seemed to be more... ahhhh! Mmmmmmm!!! Lets see if anyone else had the same dream... and if it might happen again?!

THE REST OF THE STORY...

It was started by **Len King** giving the invocation. The dream became reality. **Michael McGovern** introduced our most frequent founding friend: **Dieter Schnauk**.

Jack Roberts shared the singing duties with **Bill York**. The two took us out to the ballgame. **Jim Russell** collected the raffle and **Phil Dube** collected the \$50-50 from Jim.

Happiness had many faces: **Bill Kourakos** shared one of his \$10 Lottery Jackpot; **Sam Giftos** recognized RI's 176th Club as reported in The Rotarian; **Bill York** was happy that Karen Dunfey ran in the Boston Marathon even though it wasn't 'our' Karen; **Wayne Goodrich** loves this 'edible' time of year! **Jackie's Dad** is doing well following surgery; **Phil Dube** won \$20.00 but still owes \$6.00... what? **Tim Thompson** had to spend some time at Hilton Head... what a shame! **Frank Gemme's** son has completed year two at college; and finally, **Dan Mooers** was thrilled to take part in the first round of his training for his upcoming RI appointment... 11 Rotarians from 10 countries... that was incredible!

PAGE TWO...

Please mark May 23rd on your calender. That is the day the boat will leave for Jewell Isle with a bunch of Rotarian Grunts to work at implementing Andy Longley's plan for a recreational haven;

Also, May 16th there will be a \$20.00 per person Award Night at the Rumford Rotary to honor Oscar Legere. Oscar has been a Rotarian for 50 years... with perfect attendance!

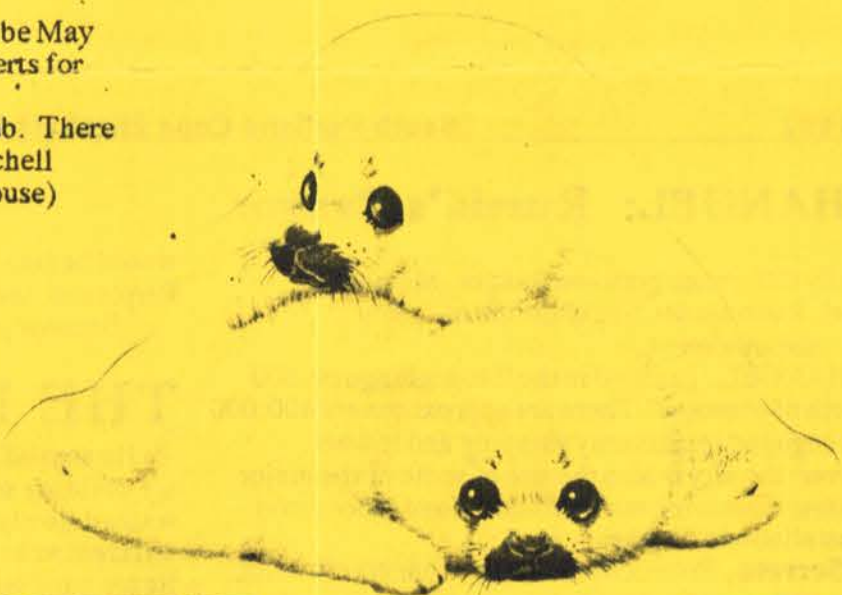

The Dunstan Schoolhouse Restaurant is now back to its normal schedule... so too is the Scarborough Rotary Club Tuesday meeting... 6:15PM

The Pine Tree Society Baseball Marathon will be May 21st from 3:00 to 6:00 PM. Please see Jack Roberts for further details!

Finally, Mick Maher has resigned from the club. There will be a Board of Director's meeting at: 481 Mitchell Road next Wednesday. (Michael McGovern's house)

I hope they remember...

GET DOWN TO BUSINESS

What does that mean? I thought I knew when Lynn Wachtel, Commissioner of the State Department of Economic and Community Development, spoke them at last Wednesday's meeting.

However, after writing down the headline I wondered... what does that really mean? **Get** has more than two dozen definitions; **Down** has a dozen in three different parts-of-speech labels; **To** maintains the status quo by having nearly two dozen definitions in two different parts-of-speech labels; and finally, **Business**. See, we finally 'got down to' business. But, it too has more than half-a-dozen definitions.

So what? I just thought it interesting to listen as Lynn spoke of the State's current situation resulting from the Nation's situation. She said that all indicators point towards an end to the 'painful recession' that has been a part of the news media for the past few years. However; the State of Maine is behind the National Recovery by a minimum three-months and possibly as much as six months...

Why? Maine has unique circumstances resulting from three major issues. These three were tabulated by questioning the many companies that have chosen to leave Maine over the past few years. Not surprising, the three, in order of importance: a) Worker's Compensation Insurance; b) High Income Taxes; and c) Excessive Regulation.

What can be done? Wachtel suggested 'short-term' stimulation. She said that there has been substantial progress already resulting from the Governor's recent Job Summit. The soon to be released: **Jobs Commission Report** will highlight proposed flat-rate taxes; Worker's Compensation repair and/or replacement; and efforts to reduce duplication of regulatory agencies' policies.

Ms. Wachtel hoped to allow time at the end of her presentation to answer questions, but after expounding on many of the programs her office offers, there was little time remaining. She didn't have time to touch on Education, Health Care and Tourism and the effects that each have on the long-range survival of the State of Maine.

However; she did stress that the most important goal to be reached is proper long-term planning. Without it... the State cannot compete in the INFORMATION AGE. Many thanks to Wayne Goodrich for inviting Lynn...

Now, lets 'get down to business'!

EXCUSE ME...PLEASE!!?? (%\$#@&!!)

(This section will be used to place corrections and/or apologies if the Editor ever makes a mistake...)

Last week there was a schedule of upcoming events listed on the back page of the bulletin. The editor humbly apologizes to: **Mike McGovern, Dan Mooers and Mort Schmidt** for the deletion of the year in which the District Conference at the Cliff House will be held.

The District Conference will be June 17th thru June 20th 1993 at the Cliff House in Ogunquit.

BE HAPPY! GIVE DOLLARS!

PART I MISCELLANEOUS MEANDERINGS

The above headline was not planned to run opposite the one on the preceding column... but, since the spacing worked the way it did... why not?

What a concept! **Come to Maine and be happy! Also, give dollars!** Don't you get it!? Nothing has to change. **Keep** the excessive Worker's Compensation Rates which pay more money to health services and lawyers than they do to actual victims. **Keep** the high taxes so that we can continue to offer any program under the sun that provides great services to too few recipients. **Keep** the excessive regulation that is more restrictive than the Federal Government and which hasn't proved to be any more beneficial to anyone or anything as far as anyone can determine... we'll make up a catchy acronym using the first letter of each highlighted section... maybe not!

PART II THE EATING AND MEETING

Everyone was happy that **Bob Flynn** gave the invocation... Amen. Rumor is that he was practicing earlier in the day while driving on the Million Dollar Bridge. He included in his prayer that he would really enjoy another dressing to top his salad besides the 'bulk liquids stored in the tanks at Merrill Industries' (please see last week's bulletin)

Well, unbeknownst (what a word!) to Bob, his massive body of muscular tissue caused undue stress to the bridge and delayed the arrival of a French ship to the Merrill docks... viva Italian!

The evening's dinner was served. **Bill Stough** from **Portland** was introduced by **Mike McGovern**. Soon the walls echoed with the familiar sound of **Home On The Range** lead by our very own **Doug Stewart**.

As is usually the case, the raffle was conducted. However, what was actually raffled is subject to some translation. **Joe Conroy** provided what he thought was your basic, run-of-the-mill, Master Mechanic's Cordless Screwdriver with attachments.

Dr. David Bagdasarian went wild when he saw the device. He was overheard commenting as to its possibilities as a dental tool. Cordless drill! Oh! the possibilities! It even had attachments!

Sony Dave! **Wayne Goodrich** was the winner. Of course, in Wayne's eyes it had great potential as a portable food processor!

PART III HAPPY DOLLARS

Dan Davidson was grateful that the phone company had nothing to do with his dead phone. You see, Dan was in good company. Hundreds of Cape and South Portland residents were without phone service because the PWD destroyed underground lines. Please Doug, tell the District to stick with water and sewer!

Alec Livinston was happy that Stephen and Tabitha King are so damned wealthy...in fact, they're swimming in it! Because they are, they donated enough money to keep the Maine Swim Team in action;

Jackie Critchley is a year older; **Doug Stewart** thinks that the lawsuit filed by Michael McGovern and ETAL are progressing smoothly...however; he still wants to meet ETAL!

Bill Kourakos is anticipating the arrival of his 5th and 6th Grandchild...speaking of which: Have you ever noticed that the person your children has decided to marry is never 'good enough' for your child **BUT** that the Grandchildren they produce are the smartest people around!?

Jack Roberts was happy that the Cape Elizabeth Public Works truck plowed in the end of the driveway his son had just cleared of snow...of course he was really happy when they came back and cleaned it out!

Tim Thompson's parents arrived in a snowstorm and their car went off the road...No one was hurt! But be careful if you run into Tim's son or you might be...he just won a Gold Medal in Karate.

Finally, **Agnes Winship's** ship has gone out to sea! Not long ago it was reported that the FLEET had set Agnes up on a new mooring. Well, she's back at the OL' MILL CREEK. It seems that the banking storm known as: RECOLL caused extensive damages to moorings throughout the State. In fact, when the storm cleared, the RECOLL repair teams had 'sold' Agnes' mooring to Maine Bank and Trust!

THE REST OF THE STORY...

Dan Davidson stood up after dinner and dribbled some information about Basketball...**FEBRUARY 13th... BE THERE!!** (Can someone donate a 1992 Calender to Dan?)

FINALLY, but never the end...only the beginning... **Mick Maher** is passing the bucket! It's a nice bucket. Hopefully it will be a FULL bucket...Full of quarters! Mick is going to Vegas!

Seriously, for the rest of February, each member is being asked to put seventy-five cents into the bucket at each meeting. The 75 is to celebrate the 75th anniversary of the Rotary Foundation.

Mick would be happy to receive \$3.00 as payment-in-full for the month.

ARE THEY A NEW SINGING GROUP?
ONLY ONE! The other two do other things!

Invocation: Gazette
Song: Thompson
Raffle: Critchley
Program: Surprise!

WHAT IS A CLUB ASSEMBLY

According to Webster's, assembly (n: definition two) is a group of persons gathered together, as for worship, instruction, entertainment, etc. **AND**, club (also according to Webster's; but, using definition four) is a group of people associated for a common purpose or mutual advantage, usually in an organization that meets regularly.

So, if one were to assume by the two words used in the same sentence, and subject to the definitions given... Club Assembly would be... a meeting!

Well, last Wednesday there was a Club Assembly at our regular meeting... business as usual? Not Quite! You see, when a regular meeting is given a redundant title, there must be something special about it... and there was!

It was a beautiful Spring evening. Gentle breezes tickled the trees lining the greens and fairways at Purpoodock. Several golfers completed their game as the crimson sun set silently upon the horizon. There were many Rotarians gathered, talking in relaxed tones while consuming moderate amounts of liquid stimuli.

The bell beckoned the masses toward the great dining hall. **Phil Dube** gave the invocation. The Pledge was recited and the song was sung... then it happened!!

The waitresses brought forth the Club Assembly sacrificial foods... Large tubular pasta covered with some type of mysterious red sauce looked like blood-soaked bamboo shoots. Conspicuously segregated from the pasta were hundreds of small, round, green balls referred to only by the initial "P".

The regular assortment of beverages were offered. Too, dessert was presented. It was an overly sweetened pie that tasted remarkably like apple... but; perhaps this was just another portion of the ceremonial morsels.

It was hard to detect anything different from the usual meeting following the meal. **Michael McGovern** delegated **Sam Giftos** to assist him leading the evening's songs. That's right! Songs... perhaps part of the Club Assembly Ritual.

SING EVERYONE SING! and SMILE! SING A SONG! were both offered in near perfect harmony. It must have been the sacrificial meal that allowed such lovely sounds to echo throughout the room.

The raffle was a gift certificate from **Jeff Hobbs**... for dinner at the Channel Crossing... **Len King** won! Len must have eaten all his P-squared (pasta and peas) because this was the second time in as many weeks that he has won.

There were but two Happy Dollar givers... possibly the only two that ate all of the B-squared (bamboo and bombs) **Len King** was pleased to have won his second dinner out; and **Bob Peck** had multiples! His daughter was appointed a Key Bank V.P.; his son had successful surgery; he was glad to win the raffle last week (when Len didn't!) and finally, Bob is going semi-retired soon!

FINALLY, something began to happen! Directors started speaking in tounques... rather with tounques... which is the best way to speak!

Fred Janson told of three upcoming events:

- 1) Bill Smith has three selectees for the Citizenship Awards to be presented May 20th;
- 2) FAMILY FUN DAY is happening on June 13th. Get ready for fried dough!
- 3) Scholarship recipients are being selected from the two schools and hopefully, the winners will be present at our June 17th meeting.

Dave Kane has decided to change banks following a \$13,000 Bank Service Charge... only kidding! Dave claims it was a misprint generated by the PWD's Computer System... funny, the same thing keeps happening with my water and sewer bill!

Bob Flynn presented a triple whamy:

- 1) Rotary Youth Exchange participants are being sought;
- 2) Project Graduation assistance won't require 3:00 AM pancakes... instead; the Cape Committee is asking for assistance with its Post-Graduation Reception;
- 3) The tree-planting program will now be a mandatory part of the Boy Scouts' Badge Program... including ensuring survival of the saplings!

Bob Lavasseur presented a four-pack:

- 1) The American half of the Quebec Exchange will take place May 14th-16th. The Canadian contingent will attend school Friday; go boating on Casco Bay Saturday; and travel North Sunday. Please be ready to assist Bob with a possible event Saturday;
- 2) Mexican Theatre Night is June 10th;
- 3) Rotary Foundation Ambassadorial Program has received four applications. They are currently being reviewed by Bill Smith and one candidate will be selected by May 15th;
- 4) REMINDER! The Club is still offering a 50% match for Paul Harris Fellows. The offer is good through July 1st. Please see Bill Kouakos for more details.

The effects of the sacrificial foods began fading. There were a couple of random questions asked by voices from within the bodies of members present... in no particular order they came... and then, we went!

BITS and PIECES

The Lighthouse painting saved the Town of Cape Elizabeth approximately \$500;

Bob Flynn will be organizing a clean-up crew to spruce-up the grounds around the Portland Head Light;

The Jewell Isle Project was initiated by Andrew Longley, Jr. to provide facilities on the island for recreational use by day-trippers;

(cont)

Jack Roberts mentioned that the Pine Tree Society Softball Tournament is May 30th and 31st. Anyone interested in playing please see Jack!

The PORTLAND CLUB is sponsoring their annual Dinner / Auction May 8th starting at 5:30 PM. The cost is \$15.00 per person. Please call the Portland Club and/or Bill Kourakos for further details;

The Club Roster is being updated! Please contact Wayne Goodrich or Michael McGovern if you aren't listed on the roster (printed in last week's bulletin) OR if there is any incorrect information;

Joanne LeClair will be hosting Bill Seretta on May 6th. He is the President of Harper-Connecting Point. Bill is also a member of the Portland Rotary Club. He is their Chairman of International Services and Co-chair of the AID to Archangel.

Bill will be speaking about his involvement with the Archangel Project. He'll be focusing on the results of the project; his participation thereon; and the current business and economic climate in Archangel.

FINALLY, did you know there is a \$25.00 fine for not knowing your weekly duty? Not only that, it is payable to the Club Bulletin Editor!

What \$1,000 can do

When you become a Paul Harris Fellow and The Rotary Foundation receives a US\$1,000 contribution, you may wonder how that gift is used. Following are just a few ways your money can be put to work in Rotary. \$1,000 can:

- ◆ fully support four children for a year at a Rotary-sponsored orphanage in Betong, Thailand, including food, fees, books, uniforms, bedding and utensils.
- ◆ perform 100 cataract and glaucoma operations at a Rotary eye camp in Karnataka, India.
- ◆ immunize 5,000 children in Belize against polio.
- ◆ establish a tree nursery in Jamaica that will annually produce 5,000 seedlings of a variety of fruit, coffee and cocoa trees to increase family income for 700 farmers.
- ◆ provide materials for construction of a deep borewell in Tamil Nadu, India, supplying clean water to more than 300 people.

WHAT A TURKEY!

Hopefully that will be the cry Wayne Goodrich gives if he is successful in his newest hobby...turkey hunting. Of course, if he hunts anywhere near Washington, D.C. his success might be guaranteed!

Wayne took us on a journey from his childhood to present day. He included the various trials and tribulations which helped to mould him and to help shape the company that he and Ellie founded in 1982.

Goodrich Consulting. Perhaps the most important person involved with the creation of Wayne and Ellie's business was Wayne's Aunt Hazel. It was her suggestion that "...her nephew, with his crooked back and wheeziness was too 'spleeny' to work for a living, so he must go to college!"

Early in his life, Wayne developed severe asthma. It was hard being raised on a farm in Arundel where every activity seemed to raise dust...exactly what Wayne was most allergic to! Because of his allergies, sports and other social events were taboo.

His father bought land on the Kennebunk River and built a small three-room house. There was no electricity until 1950. There were no other 'conveniences' either. Wayne's father worked on the Maine Turnpike and also tended to the cows, goats, chicken, geese and pigs. He also raised strawberries, raspberries and other fresh produce.

Leaving the farm behind, Wayne took his Aunt Hazel's advice and went to college. He worked hard and with help from his mother, student loans, scholarships and other assistance, became the first in his family to graduate from college.

It wasn't clear whether or not learning poker and bridge helped him to graduate; but, it became part of his blood. Too, modern medicine had also become part of his blood...it relieved his allergies and lessened the effects of his childhood asthma.

Wayne started doing things he used to dream about! He not only started his career with the State Street Bank and Trust in Boston, he began experiencing: hunting, fishing and golf.

Returning to Maine with Hayden Stone, a New York Stock Exchange brokerage firm, Wayne continued expanding his activities...water-skiing, spectator sports (live and televised) home canning, herb gardening, making vinegars and liquores, cooking and hiking.

Wayne also led many white-water canoe adventures on the St. John River. He and Ellie also did a lot of travelling to sightsee and to participate in bridge tournaments on the National and International level.

However, all these activities required time and money! The latter was always a bit tight until Goodrich Consulting was created...the former...

According to Wayne, he became a 'pain in the ass' about time management. He knows how long it takes him to get here; there; and anywhere...to the minute! In fact, if you ever meet with Wayne, don't expect him to stay one

minute longer than the meeting's effective time. The first time a point is repeated, he'll call attention to it. The second time, he'll leave!

Well, what was Wayne doing while managing time? He was selling: houses, businesses, welding rods, solid brass giftware, insurance, fire alarms and burglar alarms.

BUT: he decided to get a real job and went to an employment agency...he was hired by the agency to recruit. Admittedly learning all there was to know about how NOT to be an honest businessman, Wayne joined another firm learning the right way!

However, Wayne wasn't happy still. He and Ellie decided to take the plunge...and, after starting their business, they did!

Goodrich Consulting. Specializing in manufacturing placement, they don't charge as much as other agencies. They guaranty their placements for a year OR they'll replace them for free! They charge a 'flat fee' and stress time management.

Goodrich Consulting. Since 1982, they've worked in 20 of the United States, Mexico and Canada. They have learned the processes and products relative to nearly 30 manufacturers ranging from stainless steel to Grandfather clocks; fans to sewing machines; air bags to sump pumps.

Goodrich Consulting. The perfection of Wayne's time-management theory. He and Ellie have the time to do what they like to do...good thing...two years, four months and some odd days ago their grandson Christopher was born!

SQUAWK! SQUAWK! Good luck turkey hunting and thanks for a classification talk that was anything but a turkey!

TIME MANAGEMENT READER (TAKEN FROM GOODRICH CONSULTING GUIDE)

No time to beat around the bush...unless you're after a turkey! **Bob Flynn** gave the invocation. **Bryce Johnston** led the song (with his able assistant director **Nick Pappas**)

OH WHEN THE SAINTS GO MARCHING IN! They must've gone marching and taken the Purpoodock's chef! **Len King** figures something has changed... Italian Dressing and steak!?

Dick Yerxa donated the Gift Certificate that **Bob Levasseur** won...or did he? Bob never looked at his ticket until there was no one else with the winning number...

Speaking of numbers...**Len King** gave a Happy One for April 15th! **Nancy Hawes** did too...she can relax now! **Jack Roberts** asked if the Club's taxes were sent to a better place than Windham Little League's; and finally, **Michael McGovern** figured the cities might as well have another dollar since it looks like the Portland Water District might do well in the Rate Rape hearing.

There were no visiting Rotarians. **Carolina** joined us for dinner and fellowship.

(cont)

MISCELLANY?

Remember what Wednesday Night is? That's right! Your significant other should accompany you to an evening filled with good cheer, good food and good guests dancing!?

Proposed Member's Night at the Cape Elizabeth Community Center... **APRIL 26th**

Finally, the District Assembly will be held **April 25th** at the New England Center at UNH. Please see Michael McGovern for details! The Assembly is a must for Director's and can be quite enlightening for new members!

TWO LIGHTS

South Portland — Cape Elizabeth Rotary Club
On the Maine coast

Portland Head Light
Cape Elizabeth

Wednesday 6:15 p.m. at Purpoodock Club, Spurwink Avenue, Cape Elizabeth

April 22, 1992

South Portland-Cape Elizabeth Rotary

Established 1961

LET'S DO IT AGAIN!

Perhaps on the **Sunny Side of the Street** we'll watch Patty Duke on the television through the window of the appliance shop. Maybe we'll ride the **Trolley** along Main Street and go past the **Rock House**...

Yes! We Have No Bananas! So you and your **Elegant** friends who feel as though **Anything Goes** should go with **Dapper Dan** back to see **Laverne and Shirley**.

Furthermore; would you please remember that **Anything You Can Do I Can Do Better!** It's just a matter of time before **Diana Ross and the Supremes** will be singing: **Don't Go Into The Lion's Cage Tonight.**

So, remember that **I Love Lucy** even though the **Wack A Do Wobbles Like Jelly On A Cake...** WHAT?

Does the preceding headline and text have you a bit confused? If so, then you weren't at the Significant Others gathering last Wednesday evening at the Purpoodock Club.

We were treated to the **Solid Gold** talent of students from Cheryl Greeley's Dance Studio. The words in bold faced print represent the various titles of the evening's performances.

The performers ranged in age from 5-years-old to late teens (not including instructors; pianists; etc.) There were elegant costumes; lots of smiles; and constant tappity-tap-tap-tappity-tap-tap-taps along the way to our evening of **Fame** and fun!

Many thanks to Maureen Holden for being the hostess and MC for our delightful entertainment!

EVERY WEDNESDAY NIGHT?

Is it true? thought the Power Partner present...
That each meeting is like the one to which I went
Does Dan Davidson always give the invocation?
Is there always the Pledge of Allegiance to Our Nation?
Is My Country 'tis of Thee always sung?
Is the bell always rung?
Stuffed Chicken with broccoli and cheese
Steamed veggies; rice pilaf... pass the dressing please.
Coffee: Regular, Decaf or perhaps some milk?
Just two waitresses... service smooth as silk!
Raspberry Sorbet for dessert, what more could one ask?
Does Nick Pappas always do the introduction task?
Visitors come from other clubs near and far...
Peter Thompson from Newington, CT. got a new bannah!
After presenting an updated Club Banner of his own.
Najeeb Loftey and Ed Anderson felt right at home!
Regulars from Portland they got a chance to win
A raffle basket which contained within
Delicacies to make any picnic a delight
That was donated by Thomas Hennessey this night
Won by Bob Peck who was here with his wife Pat...
Is every Wednesday just like that?

Well...no, no, no. Yes, yes, yes.
The rest is anybody's guess!?

Each Wednesday is unique; always a slight mystique
Insofar as the menu... guaranteed your curiosity to pique
The regular schedule does also include
A couple of things that we had to exclude...

But come join us again when you'll be able to hear-
Happy Dollars: Dollars given with stories to share.

Singing: Eachtime a member volunteers
To lead us all in song while seated in our chairs...

Unless its appropriate to stand out of respect
(for the notes that are killed... and we all are suspect!)

Seriously! Every Wednesday night there's a meeting.
That's the only constant yet there's really something more
Come join us again and we'll continue to explore!

In the meantime, continue to ask yourself and your 'other'
What it is that sets Rotary above any other?

Each of you will be pleased with what you discover!
The Rotarian will refresh the Rotary ideals...

And each of you will realize anew that 'Rotary' feels!

GO TELL IT ON THE MOUNTAINS

R. I. President Rajendra K. Saboo spoke of the peaks and summits of the Rotary Foundation on a special video for the Paul Harris Fellows in District 7780 in conjunction with the 75th Anniversary of Paul Harris Fellows.

The South Portland-Cape Elizabeth Club was recognized for its outstanding success and dedication to the Paul Harris Fellow distinction. Our own Dan Mooers was personally recognized by President Saboo for his outstanding service and dedication to Rotary.

ANNOUNCEMENTS

Sophie Kourakos reminds everyone as to the significance of Theatre Night on June 10th... watch for details!

Shirley Mooers said that the Greater Portland Woman of Roatry are sponsoring a Fashion Show at the Woodlands on May 8th. Call Shirley or Rita Hennessey for details...

There will be a Club Assembly this week;

Joanne LeClair will be hosting Bill Seretta on May 6th. He is the President of Harper-Connecting Point. Bill is also a member of the Portland Rotary Club. He is their Chairman of International Services and Co-chair of the AID to Archangel.

Bill will be speaking about his involvement with the Archangel Project. He'll be focusing on the results of the project; his participation thereon; and the current business and economic climate in Archangel.

Invocation: Kilroy Song: Davidson
Raffle: HOLDEN Program: Assembly

WHAT GOES UP... DOESN'T ALWAYS COME BACK DOWN

According to Joel Russ, soon-to-be President of the Greater Portland Chamber of Commerce, if the State's Worker's Compensation insurance rates don't start coming down... the State of Maine might be!

Trying to stress the impact of current Worker's Comp rates on area businesses, Russ gave the following example of a Gorham company's rate increases over the past few years.

The company, involved in manufacturing, has a workforce of one-hundred and fifty. It has been in Gorham for nearly twelve years and is one of four locations across the country. During the past few years, the company's insurance rates have sky-rocketed from **\$66,000 to more than \$365,000.**

The worst part relative to the whole' scheme of things' is that the Gorham location is the safest of all of the locations. In fact, one of the least safe operations spends just \$60,000 on Worker's Compensation in another state.

Currently there is an unofficial investigation being conducted through the Maine Municipal Association to try and find another system. The group involved with this project represents many different entities ranging from local government to small business.

Also, a new 4-member 'blue ribbon' Commission has been established by the Governor and the Legislature to research the current system and to seek alternatives to a problem which has plagued Maine for more than two decades... **GOODLUCK!**

The future looks a bit gloomy when one considers that already 15 of 18 insurance companies have left the State of Maine... **BUT**, Joel thinks that something may come of the work being conducted by the two groups... one of which has an August deadline to report!

Thank you Len King for inviting Joel.

THE DAY THE MUSIC DIED

The sun slowly melt upon the tree-lined horizon like butter on top of steaming brussel sprouts. There was a prayer of Thanksgiving whispered by Fred Janson sounding like a gentle ocean breeze across a barren beach.

SILENCE. Food was served to the gathered masses. Stuffed breasts of poultry stood guard over a wild party of rice pilaf. There were greens, reds and whites dressed in coats of orange inside of their wooden vessels.

Cakes of cheese and chocolate were made available to sustain those who engaged in the Battle of the Happy Dollars... oh what a fight!

The **President Kourakos** immediately told of his first attempt to imitate the ancient tribal custom of beating the ground with a club and uttering spine-chilling cries... known by anthropologists as: Self-expression.

These days, we refer to it as golf. (April Rotarian p. 64) Also, Bill asked that Michael McGovern pay a

couple of fines for appearing in some photos with high-ranking Rotarians... all Michael could do was complain about not having his wallet... but he still had some cash!

It was a good thing Michael had some cash! **Carl Pearson** had to borrow a buck from Michael to tell the story of: The Chief That Almost Was... just a quick tale about the Town Manager that used the Fire Chief's vehicle to attend a meeting in Augusta...

The Manager was returning to Town when a Fire Alarm was sounded. The manager was already late to his meeting so went right to his meeting at the Purpoodock Club... which happened to be where the fire was!! Confused? Please ask Michael!

Ask **Phil Dube** too... he has moved his office. He was confused for a while without his computer up-and-running, but; he is settling in at his new location quite wonderfully.

And speaking of moving: **Laurenz Schmidt** has sold his house... bought another... and convinced his 13-year-old daughter to move too! All this moving gets **visiting Rotarian Julian Coles** pretty excited! But noone got as excited as **Bill York**... and it wasn't even because of the Yankees!

Bill asked if anyone has ever seen Yasaar Arafat in the same room with Ringo Star? He also shared parts of Joanna's most recent correspondence... she'll be home June 24th! **Agnes Winship** is setting sail again! She thinks she'll be staying around the Mill Creek area?

Jack Roberts will be scouting soft-ball players for this year's Pine Tree Society Softball Marathon; **Frank Gemme** was glad that Joel Russ was speaking and didn't have to compete with details of a Desert Storm. Finally, **Dan Davidson** echoed Frank's happiness.

SILENCE. There was a raffle! **Agnes Winship** sold tickets for **Wayne Goodrich's Snow Squall Gift Certificate.** **Jack Roberts** won after the second ticket was drawn... the first went unclaimed! However; if someone (possibly Michael McGovern) has the winning number: **159.** Jack would be happy to share it!

SILENCE. The battle lasted long into the night. There was a final note of thanks received from Cape High School Principal Frank Miles. Many special wishes are to be extended to **Phil Dube** for an extremely successful adventure to QUEBEC.

SILENCE. Never were there sounds of singing voices... only the familiar bell: **RING! RING!** So in reality, the music never really died... it never lived...

Geee!

Why It's Good That Rotary Admitted Women

1. There's a shorter line at the men's room now.
2. The Club can sing the high notes in the Star Spangled Banner.
3. The average age in the average club dropped to 76.
4. Maternity leave opens an untapped category for fining.
5. If the male gender becomes extinct, Rotary can still survive.
6. Better chance of getting Tom Selleck as a speaker.
7. They brought new meaning to the term "Rotary Make-up".
8. It wouldn't have been right to send foxes to the Lion's Club.
9. There's a better chance the whole club won't be bald in 20 years.
10. Rotarians were beginning to wear perms, carry purses and wear earrings anyway.

LOW INCOME HOUSING PLANNED FOR CAPE'S TOWN CENTER

The Comprehensive Planning Committee's Town Center sub-committee presented its vision of the "future" center of Cape Elizabeth to the full committee at a meeting last week.

The plan shows several high-rise, multi-family buildings immediately adjacent to the present Town Hall. It also includes multi-use facilities framed by the Route 77 and Shore Road corner. The Town Hall would be moved across the street and be the anchor for a Governmental Center which would include: Fire, Police and Public Works; Local administration; School administration and a Public Recreational facility.

The plan was developed in conjunction with CETA funding programs and a locally matched Town Center Funding program... **YEAH! RIGHT!!**

Actually, there was such a plan proposed in the mid-seventies for the Cape Elizabeth Town Center area. It never received the public's support (good thing!) But it opened many eyes as to the possibilities...

Town Planner Maureen O'Meara is presently working with Cape Elizabeth's Town Center Planning Committee (TCPC). She explained that the group, consisting of nine members of the Cape Community, are exploring many issues relative to the Town Center concept.

She described the study area beginning at the intersection of Hill Way and Route 77 (Tarbox Triangle); continuing along Route 77 until it intersects with Fowler Road and Old Ocean House Road.

The area also extends easterly down Shore Road to the Community Center and to the west along Scott Dyer Road encompassing the whole school complex.

Maureen identified many avenues being investigated by the TCPC. Included are: possible ordinance changes regulating set-backs; possible signalization of the Shore Road intersection; increased commercial activity (within existing structures) and the enhancement of trails and sidewalks to provide linkage with the various contiguous neighborhoods.

The Chairman of the Cape Elizabeth Conservation Commission, our own Jack Roberts, followed up on Maureen's linkage theme. Jack spoke about the Commission's efforts to create a 'greenbelt' throughout the Town.

The function of a greenbelt is to provide relief from urban spread. It keeps natural areas preserved to be enjoyed by hikers and future generations. Currently there are a few hundred acres providing conservation easements.

However, most of the easements and land masses are not marked. The Conservation Commission is working closely with the Cape Elizabeth Land Trust to change this... but, there will be many hours required from volunteers to complete the process... beware of Jack!!

IN THE DOGHOUSE

It was a *ruff* week! I tried my best to *chase* the right *leads* but they were *chokers*. So, no *bones* about it. I goofed!

Last week while reporting about the most recent Paul Harris Fellow recipients, it was reported that Sophie Giftos was among the new inductees... it should have been printed as: Sophie Kourakos.

However, Sam Giftos does have a grand-dog in Florida named Sophie... but, although Sam said he was honored to have the club reward her as a Paul Harris Fellow, he thought it much more appropriate that Sophie Kourakos get the proper credit that she deserves!

EXTEMPORANEOUS DRAMATIC DEBATE... LETS SPEAK ABOUT THAT!

We were honored by the presence of two Cape Elizabeth High School students who spoke about the Speech and Debate Club.

Josh Brassard spoke briefly about 'dramatic interpretation' and Leigh Parker enlightened us as to the benefit of 'extemporaneous speech' in her future endeavors possibly pursuing a career in law?

BITS AND PIECES (HUGE SLICES? CHUNKS? HUNKS? SLABS? DOCKS?)

PART I

It is still unknown as to the proper description of the evening's delightful gourmet presentation... at least I'm still grappling with a fitting description!

Doug Stewart mentioned that the loaf of buffalo gracing his plate was very similar in size to the water-purification facility being constructed at the Water District's Sebago Lake Facility... at least in total weight!

PART II

In the beginning, Larry Carey gave the invocation. The members saw it was good. They thought that the first visiting Rotarian should give the invocation. Dieter Schnauk was glad he opened the door for Larry!

Nick Pappas introduced the visitors mentioned above... after he found them... and they stood! This too was good. So the President kept things moving along... a woman named Jackie presented the raffle. It too was good. Tim Thompson won a Bookland Gift Certificate and a book: *Funny About That!*

There was singing... *VIVE LA ROTARY*... led by Paul Butler. It too was good. Finally, the President Bill asked for gifts to express happiness...

(cont)

LETS MAKE A DEAL!!

PART III

Sam Giftos was happy about his grand-dog Sophie; Bill Kourakos said his wife, Sophie, received a check made out to Sophie Giftos...the bank wouldn't cash the check until Bill showed up with the bulletin with her name in it...

Laurenz is happy for several reasons...in fact, for nearly \$500 worth...which is equal to his electric bill before converting to oil! Mick Maher's daughter was one of a few Scholar Athletes at USM; and Larry Carey's daughter is living in Cape Elizabeth thanks to a Portland ClubRotary-realtor.

PART IV

Len King will host Joel Russ on April 8th. He will talk about Worker's Compensation and the proposed State Health Care Plan. Fred Jansen will give the invocation. Wayne Goodrich has the raffle and Bob Carson will lead the singing...of course, Dave Bagdasarian siad he will lead the song anytime!

The Portland Sunday-Telegram is going to have a special Sunday supplement highlighting the Museum at Portland Head Light...only if they have enough advertising revenues to support it!

What's the deal? Well, the Town of Cape Elizabeth has bonded the funds for the restoration of the Keeper's Quarters; development of the museum; and the town was counting on fund-raising efforts to pay for the bond...

So, with the help of our own Dan Davidson, the Portland paper agreed to run the supplement as a final push to encourage donations from the Greater Portland area; but, the supplement must at least break even...

How can you help? Purchase an add! You'll never have the chance to purchase at such a price: **\$29.19** per column inch.

That's nearly a 36% discount off regular rates!
