South Portland — Cape Elizabeth Rotary Club

Portland Head Light
Cape Elizabeth

Wednesday 6:15 p.m. at Purpoodock Club, Spurwink Avenue, Cape Elizabeth

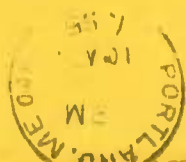

Tonight was a Club Assembly - Frank presented news of the past and the future and tried to emphasize the Rotary spirit of volunteering in the membership. Upcoming events and projects include:

1. **R.I. District Conference** - Memorial Day Weekend - See Frank for details. (Frank also has a video on the Balsams to give those interested a chance to see all the great things they can be doing.)
2. **R.I. District Assembly** - Biddeford - April 29th. See Frank or Bob Carson for details. This is an event that should be attended by all incoming officers and directors. New members may find it helpful to get a feel for Rotary outside the local club.
3. **Presidential Citation Award Challenge** - The Club is being challenged to perform three projects in each of four different areas of service during this year. Our district has had 100% success in meeting the challenge in each of the past two years. Three in a row has only been accomplished by two other districts - we can be part of history. Show your support. More details to follow in the next few months.
4. **The Trailer** is almost complete and will be ready for Family Fun Day. An additional note on Family Fun Day - the entertainment is in place and its going to be a top notch affair. (How can it fail with 3 Rotarians on the Town committee).
5. **The Club** is always open to new local projects that need assistance. Look around for areas that can use sprucing up and improvement, especially parks and public areas. See Jack Roberts with any suggestions.
6. We are starting to plan for the **END OF THE YEAR BANQUET**. A committee of Paul Butler, Dan Gacetta and Adrienne Murphy have graciously agreed to coordinate this function.
7. **Dan Davidson** reminded Club members that preparation and respect for others are crucial to the continued success of our Club. We interact frequently with the local community through projects and guest speakers and the impression that we leave with them is the basis for the perception that they will have of us. Well put, Dan.
8. **The Board of Directors** is considering establishing a separate committee to review and seek out local funding requests. Anyone interested in serving on this committee should see Frank.

Other Announcements:

1. **Soup Kitchen** - We need volunteers for April 11th. The dessert is brownies. See Joe Conroy and thank you for your support.
2. **Bob Carson** is looking to train someone for the job of Club Secretary. The job offers excellent fellowship benefits as well as some very tangible perks. Alec Livingston, our President-elect has offered to provide additional training and support. As Bob says of the job "You'll never know how much I owe Rotary".
3. **Scholarship Fund** - The club is looking to create an endowment for a recurring scholarship for deserving students. The Club is considering having an annual event, the profits of which will go to fund the scholarship each year. With any luck, we can build a trust fund with the proceeds over time and rely less on the event and more on the fund. As the meeting closed, Dan Davidson staked the fund \$100 and five other members pledged \$25 each. Others pledges are most welcome. We're off to a great start!

We welcomed back two snowbirds tonight: Wayne Goodrich and Bill Kourakos. Bill made his presence known by winning the raffle; Wayne, however, was not totally happy to be back (see Happy Dollars section below). It is interesting to note that their return was marked by one of the coldest days on record for this time of the year.

Dan Mooers was also with us after more travelling on behalf of Rotary. Dan made a very nice gesture by giving Warren Simpson a commemorative plate from the Paul Harris Memorial Little Red Schoolhouse in Wallingford Vermont which Dan was given at the President-elect conference in Nashua N.H. last week. Apparently, Warren has been wanting to make a trip to Wallingford for sometime to see the memorial.

HAPPY \$ \$ \$ \$ \$ \$ \$ \$ \$ \$ \$:

(boy, there sure were a lot of them!)

- Alec Livingston - For a successful President-elect conference in which over three hundred new presidents-elect attended and were briefed on their duties for the upcoming year.
- Bill Kourakos - For winning the raffle and being back from the south.
- Bob Danielson - For excellent coverage by other Rotarians last week in presenting the two Cape High School students when he was unable to attend the meeting.
- Bob Carson - for having Dan Mooers and the snowbirds back.
- Wayne Goodrich - Sad dollars for his return not being as smooth as he anticipated and a whole lot more costly, and a happy dollar for being back.
- Warren Simpson - For a wonderful trip to Charleston, South Carolina (coordinated through Dube Travel).
- Phil Dube - For a glowing endorsement of his business by yet another satisfied traveler.
- Dan Mooers - For a new grandson.
- Dan Davidson - For turning over the newsletter for the next in line of substitute editors.
- Adrienne Murphy - For a successful trip to Las Vegas.
- Agnes Winship - For a sparkling newsletter write-up (by Dan Davidson) on the recent talk by Craig Tribuno of Alpha One.
- Paul Butler - For (1) acceptance by his daughter to Harvard Graduate School; (2) leasing up his building and (3) for a much deserved upcoming vacation to The Turks
- Frank Gemme - For a bumper sticker on the car of a little old lady that made his day and put his daily trials and tribulations in perspective.

Program: "Field for Cape Kids" Committee:

Steve Goldstein, Dan Fisher and Mike Roy unveiled an ambitious proposal to construct two new multi-purpose ball fields in Cape. The Committee is an extension of the little league and the soccer programs. The fields are much needed given the number of kids participating in little league and soccer every year. One of the fields would be built at Lions Field and the other at Fort Williams.

According to Dan, he and John Chapman approached the Fort Williams Advisory Committee about a year and half ago to see if any space was available for new ball fields. They discovered that the Fort Williams Master Plan shows space near the lighthouse that was designated for future use as a multi-purpose field. They mobilized their forces and have decided to construct both fields without the use of public funds. The first of the ball fields is proposed to be built at the Fort. Mike made it clear that their would be no lights, loudspeakers or concession stands - just a ball field. Once the Fort Williams field is constructed, the committee would focus on the space at Lions field. They indicated that that could be a tougher site given the slope and the wetland setback issues.

Steve Goldstein announced that a \$300,000 capital campaign would kick-off May 18th with a reception at the Inn by the Sea. The Group hopes to utilize proven fundraising techniques that the kids can participate in such as coin jars in local businesses, car washes, candy sales and button and t-shirt sales. The Group is also looking for corporate sponsors, benefactors and in-kind contributions. The initial fundraising efforts have already generated approximately \$25,000 and this year's efforts will end with a banquet and auction at the Eastland Plaza on 10/21.

President Gemme indicated that the Club was interested in helping and that we would be meeting with the Committee in the near future to decide just how. We wish the "Fields" Committee much success and we know that "if you build it, they will come".

The New Songbooks have finally arrived. ♪ ♪ ♪ ♪ ♪ ♪

- Mark Ayres was given the opportunity to christen the new song books and he led the club in a rousing rendition of "Bicycle Built for Two". It won't be long before the club has a few new "old favorites".

FAREWELL AGNES

President Frank announced at the April 12th meeting that Agnes Winship had resigned from the club, due to the pressures of a change in lifestyle. Agnes joined the club in November, 1990 and has been giving service above self ever since. In addition to participating in nearly every club activity, she has chaired Theater Night, travelled to Mexico with Joanne on a Discovery Grant, and served as Vocational Service Director in the current year.

Beyond her contributions as a Rotarian in her own right, Agnes paved the way for female Rotarians who followed her by demonstrating the contributions of women in Rotary.

We wish Agnes all the best in her new career and hope that Rotary will have a place in her life again real soon.

MAGAZINE MONTH

Well, you can see from the old-fashioned typewriter that the regular editor (NH) is back from her "vacation." I feel like I'm really out of the loop when I'm not writing the bulletin - how do the rest of you stand it! Publisher **Wayne Goodrich** and I are very grateful to those who filled in for us this winter: **Bob Carson, Jim Russell, Dan Davidson** and **Bob Danielson**.

Attendance was rather light at the 4/19 meeting - was it because it was school vacation week or because **Bags** was the songleader? **Dave** showed that the money for the new songbooks was well spent as he broke new ground with - - "Home on the Range."

The crowd was suspicious when **Tim Thompson** proffered the raffle bucket to **Frank Gemme**, who drew his own number for a set of Sea Dogs tickets. However, after I won the 2nd set, donated by **Dave Nisbet**, I was convinced that the whole thing was on the up-and-up.

THE MAVERICK

The program at our 4/19 meeting was a fascinating classification talk by **Mick Maher**, who "radiated" enthusiasm for his chosen profession. Mick, who says that "you can't forget where you came from," started out by telling us about his background. He came from a poor family of 10 and grew up first in the Bronx, then on a farm in upstate New York, then back to the Bronx. He is very proud of his electrical engineering degree from the City College of New York since it was earned through 11 1/2 years of sacrifice. Mick described the qualities of a good engineer and how the function of an engineer has changed since the days of slide rules and breadboard circuits. He explained how radiation engineering brought together for him a lifetime of engineering experience. He left us in awe of his knowledge as he talked about isotopes, total doses, ionization, etc. **Thanks** to Mick for one of the outstanding programs of the year!

CHOMPING AT THE BIT

Alec Livingston recently returned from the PETS seminar, in which Presidents-Elect are whipped into a frenzy. His first step toward launching into his presidential year was a brainstorming session of the Board after the regular 4/19 meeting. Various fundraising ideas were tossed around including a corporate bowling match, community chicken dinner at Fort Williams and bobbing for fried dough (ouch!). The Board will be roughing out a schedule of summer/fall activities in the next month so if you have thoughts on the types of activities we should be doing, how much is too much, etc., please feel free to discuss your ideas with any Board member. (To refresh your memory, members of the new Board are: Livingston, Goodrich, Wagner, Hawes, Murphy, Flynn, Day, Carson, Kremer, Gemme.)

THE POWER OF STRATEGY

Richard Snowden of Evergreen Associates presented the program at the 4/26 meeting, at the invitation of **Mark Ayers**. Mr. Snowden gave a fascinating talk about the importance of having a meaningful sense of purpose for your business. Along with interesting stories about some of the Fortune 500 companies, he also had some intriguing one-liners, such as:

"There is a fine line between visioning and hallucinating."

"A business idea is the guts of your business."

"In a world of apples, how can I be an orange?"

"The road to hell lies in trying to differentiate yourself by low price."

The only drawback to his speech was that he didn't tell us where we could get those "mass-customized" jeans for women! (And could they please make shoes that way too?) Many thanks to **Richard** and **Mark** for this great program!

Bob Danielson introduced two seniors who were guests at our 4/26 meeting: **Matt Dransfield** and **Betsy Roberts**. Matt is planning to study environmental studies at the Univ. of Vermont next year and Betsy will be attending Connecticut College. It was certainly a worthwhile visit for Betsy, who drew her own raffle ticket, winning a gift certificate to Dyer's Flower Shop, donated by **Nick Pappas**.

(For anyone who's counting, that's 2 weeks in a row that the winner has drawn his/her own ticket!)

HANDS-ON TIME AGAIN!

Now that the long winter is over, it's time for physical labor once again. The first opportunity is putting the finishing touches on the food trailer. **Sat., May 6** from 8 - 12 at the **Wagners'**, 11 Todd Rd., CE.

GET WELL, DIETER!

Unfortunately I missed the meeting at which it was announced that **Dieter Schnauck** would be going in to the hospital for surgery. So very belatedly and happily I report that Dieter had successful surgery just before Easter and is well on the road to recovery. Best wishes for a complete and speedy recovery, Dieter!

REPORT FROM THE DISTRICT ASSEMBLY

On April 29, the annual District Assembly was held at the Univ. of NE in Biddeford. There were over 200 attendees (8 from our club) who met as a whole for part of the day and split into discussion groups for the rest of the day. The discussion groups are intended to help prepare incoming officers as well as to inform about various programs of Rotary and its Foundation.

We were introduced to the Rotary theme for the upcoming year, which according to DG George Cashman, is "Act with Integrity, Serve with Love, and What's That Other Thing?" (That other thing is "Work for Peace.")

I didn't run into **Frank, Alec, Wayne** or **Bob Levasseur** later in the day, but **Adrienne** said that she and **Tony** had learned something. I attended the bulletin editor discussion group and the main topic of discussion was mailing the bulletins. The clubs who mail their bulletins are astonished that some clubs don't mail them, and the clubs who don't mail them are amazed that clubs would go to the expense of mailing bulletins to all the members.

I had to leave at noon and missed the featured luncheon speaker - **Dan Mooers**, reporting on happenings at RI. I'm sure we'd all like to know what he said so maybe someone who was there can fill me in before next week's bulletin.

GSE NEWS

At our last District GSE Committee meeting someone asked about the Indians' impressions of their trip. As a result, I received leader Vimal Singhvi's report in the mail this week. In his cover letter he writes:

"In my opinion, GSE is a marvel of R.I. No amount of wealth of an individual can give him the kind of experience of an in-depth study and appreciation of each other's culture of two countries that GSE gives. . . . I find myself short of words to express my appreciation and indebtedness for the thoughtfulness of the Rotarians of host District 7780, particularly our host families."

In his report he mentions **Laurenz** and **Barbara Schmidt** and their beautiful home, **Tony Wagner's** escorting them to S.D. Warren, and their tour of National Semiconductor, which he described as "an exhilarating experience."

Opportunities are available for our club members to participate in this unique Rotary experience from May 21-25 (4 nights, 3 days), this time with business and professional men and women from Germany. Let me know if you're interested in being a host or in escorting them on one or more of their activities.

REMEMBER NOT TO MISS:

***Soup Kitchen** on May 9 (Dessert = cupcakes).

***The May 10 Meeting.** Our speaker will be Maine author **Larissa Kotyeva** and word-of-mouth has it that this will be a memorable program. Tex Ranger of the Brunswick club reports that she received a rare standing ovation at their club after her speech about her life in the Ukraine under Stalin.

***District Conference** at the Balsams on Memorial Day weekend. Over 200 have registered so far; see Frank if you'd like to be added to the list.

And you may want to mark your calendars now for next year's conference May 30 - June 2 at the Summit Hotel & Conference Center at Sunday River.

THE MATCHMAKER

Dave Bagdasarian introduced **Priscilla Greene** from the Southern Maine Area Agency on Aging, who described her job as a "matchmaker." Priscilla works with RSVP (Retired Senior Volunteer Program) and matches up people 55 and older with organizations needing volunteers. The program offers initial training and a support system for volunteers. If you know of newly- (or otherwise) retired people looking for something meaningful to fill their days, send them to Priscilla (775-6503). It was nice to hear about so many other people who are putting service above self - Thanks, Dave & Priscilla!

UNFINISHED BUSINESS

I mentioned in last week's bulletin that I hoped someone would fill me in on what Dan Mooers talked about at the District Assembly. Thanks to **Frank Gemme**, I found out that what I missed was a slide presentation of

Dan & Shirley's January trip to Nepal, India, Bangladesh, etc. He spoke about the many international service projects which could be undertaken in that part of the world, where a little bit of money can do a lot of good. I love to see slides (seriously!) so I'm kicking myself that I had to miss it.

I attended the Westbrook-Gorham club this week and they gave a full report of the District Assembly, so I also heard about Jim Labrie's report from the Council on Legislation. Among the more significant actions taken by the Council were (1) a provision to extend the make-up "time window" (we will have 2 weeks before and after a meeting to make up), (2) a provision to allow retired people to become new members of Rotary, and (3) provisions to revise the constitution and literature of RI to remove references that assume all Rotarians are male.

WELCOME to:

Quasi-college graduate **Diane York**, a guest of **Wayne's**.
Sam Giftos, who's toughing out these sub-80's temperatures.

THANKS to:

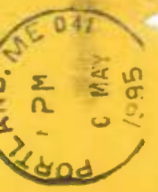

Jim Russell for filling in for **Bob Carson** while Bob was hitting balls in Myrtle Beach.
Bob Carson for endeavoring to transform us into a harmonious chorale.

CONGRATULATIONS to:

Priscilla Greene who drew her own winning ticket for the raffle (this makes 3 weeks in a row). She took home an ice chest donated by **Jack Roberts**.
Mic Maher for having a paper accepted for publication.
Bob & Kathy Lindsey married 2 years on May 15.
Mark & Cindy Ayers, May 16.

MAY 10, 1995

YOU THINK YOU'VE HAD A BAD DAY?

Our May 10 speaker **Larissa Kotyeva** helped to put things in perspective as she told about:

-her early life in the Ukraine where her family was persecuted as "enemies of the people;"

-living through the famine of 1932-33 imposed by Stalin to break the spirit of the Ukrainians;

-the labor camp in Austria where she was placed after she fled the Soviet Union with her mother and grandmother;

-the terror of being delivered back into the hands of Stalin after the war; and

-the hardships of immigrating to the U.S. with no money and no English.

She concluded by saying that all her life she had dreamed of a safe place to live, and that she has found it in Brunswick, Maine.

Thanks to Larissa, and to **Paul Butler** and **PDG Tex Ranger** for bringing us this powerful program!

In the audience to hear Larissa (besides Tex) were **Frank & Susan LeTorre** (neighbors of the Davidsons' and friends of Larissa's), **Eddie Davidson**, **Sally Campbell** and **Jan Butler**. Congratulations, Jan, on your early retirement and come visit us any time!

Providing a musical interlude was **Bob Carson** who insisted that we sing My Wild Irish Rose even though songleader **Joe Conroy** couldn't make it. Despite **Adrienne Murphy's** numerous raffle tickets, she lost out to **Nick Pappas** on the Red Sox tickets donated by **Jim Russell**.

GET WELL to:

Karen Dunfey's mother, who broke her leg on a visit to the Dunfeys.

NICE TO HEAR FROM:

Maarit Tammarinne, Finnish exchange student who visited the club a while, back with Tony Wagner.

FROM THE BOARD ROOM

The Board of Directors met after the May 10 meeting and took action on two issues which had been under consideration for a few months.

1. **CASA**. You may have heard in the news about the movement in South Portland by the Citizens Against Substance Abuse. This is a community effort to institute a program in the high schools aimed at preventing substance abuse. The DARE program, which the club supports, is aimed at preventing substance abuse by working with middle school students. In recognition of the need for continued prevention efforts in the high school, and the widespread nature of the problem, the Board authorized a contribution of \$1000 to CASA to help get this program off the ground.

2. **Maine Community Loan Fund**. This program makes home loans to Maine individuals who could not otherwise afford to own their own homes. The Board agreed to loan \$3000 to the program for one year, with possible renewal after that time. This loan differs from depositing our money in the bank in two ways:

*We will receive a lower interest rate. For the one year period, it is estimated that we will give up about \$100. This is viewed by the Board as a donation in the area of Community Service.

*The loan is not insured. However the Loan Fund's Board consists of respected astute business men & women (including **Bob Danielson**) whom the club's Board felt could be trusted to make wise decisions. The loan fund has an excellent track record and any potential losses would be shared by others in the pool. Therefore the Board felt that the risk of losing a significant amount of money was extremely small.

In other business the Board decided that it would be more practical to present scholarship checks at graduation rather than at Christmas.

CONGRATULATIONS!

Tara Nisbet for induction in the National Honor Society.
Frank & Lynne Gemme on their wedding anniversary (5/20)
Mike McGovern on discovering that his dead uncle in Ireland is alive!

THANKS

To everyone who worked on the trailer on May 6: **Jeff Gabrielson, Kathy Ray, Jim Higgins, Bob Danielson, Paul Butler, Joe Conroy, Tony Wagner, Alec Livingston & Wayne Goodrich.**

To everyone who worked at the Soup Kitchen. I'd publish your names if I knew who you were, but fortunately since I don't, service in the soup kitchen is its own reward.

IMPORTANT DATES

May 17 - Program will be **Sybil Riemensnider**, speaking on Alzheimer's disease.
May 24 - Tour of National Semiconductor in the morning with GSE team. Contact Laurenz or Nancy if interested.
May 26-28 - District Conference.

MAY 17, 1995

(Editorial Note: The Portland Partnership is holding a Corporate Spelling Bee on Monday (5/22) as a fundraiser for the Portland Public Schools. I'm on my company's team so you'll have to bear with me as I practice the study words in this week's bulletin.)

The May 17 meeting was presided over with the usual **panache** by our **decorous** President Frank Gemme. **Subsequent** to saluting the flag, Bill Stanton gave a **fervorous** invocation. The Purpoodock Club satisfied our **epicurean appetites** with a **savory** roast beef dinner. We were pleased to have with us the **congenial** company of Dick and Barbara Wigton, both members of the Portland club.

Our (permanent?) conductor Bob Carson led us in a **medley** of Rotary favorites. Without benefit of **phil-harmonic** accompaniment, or even a **metronome**, Bob **fantasizes** that he can make **musicians** of us. Opening the **suite** was a **vivace** rendition of "Take Me Out to the Ball Game," followed by a **segue** into "I'm Looking Over a Four-Leaf Clover." For the **finale** we sang a **capriccioso** version of the **humoresque** "I've Been Workin' on the Railroad." Bob is **tenacious** and **indomitable** in his attempts to produce **harmony** and **rhythm** from us.

Jim Russell won Laurenz Schmidt's raffle prize - it was wrapped up but appeared to be a **manuscript** of some sort.

Joe Conroy introduced our speaker Sybil Riemensnider of the Maine Alzheimer's Association. Alzheimer's disease is a problem of **magnific proportion**, being the fourth leading cause of adult death. The association is involved in fund-raising (e.g. the Memory Walk and Alzheimer's night at the ball park), education, in-home respite care, a speakers bureau, advocacy, a helpline and a newsletter. Alzheimer's disease can become a

monumental financial burden because it is not covered by Medicare. We thank Sybil for speaking to us and appreciate her **sthenic** (look that one up!) efforts in furthering the **benevolent** mission of the Alzheimer's Association.

CONGRATULATIONS!

USM graduates Diane York and Mick Maher's son Timothy.

Joe Conroy the younger on his recent marriage.

Sam Giftos, appointed one of 34 international coordinators of RI President-Elect Herb Brown's task force on Community & Family Values.

Laurenz, on winning \$1000 in the lottery.

Kathy Ray and the employees of Maine Bank & Trust for surviving a bank robbery.

THE JUNE 7 MEETING WILL BE AT THE CAPE ELIZABETH COMMUNITY CENTER
ON SHORE RD. (NEAR INTERSECTION WITH RTE. 77)

Sorry for the short notice - the Purpoodock Club just notified us that we could not meet there on June 7.

This week's bulletin is a double issue - due to Wayne's travels and the post office holiday, we would not have been able to get last week's bulletin to you before May 31.

THE MAY 24 MEETING

We had lots of visitors and most of them were happy to be there, judging from the pile of happy dollars!

Visiting from the SP-CE club were **Dieter Schnauck** and **Bill York** - it was good to have them back with us!

Visiting from the Portland club was **Earle Leavitt**, who, along with wife **Peg**, graciously agreed to host 2 German visitors. With his happy \$, Earle commented that those who don't get involved in the Group Study Exchange don't know what fun they're missing. I heartily second that.

And visiting from Germany were:

Herbert Feltkamp, recently retired VP of Quality Assurance at Bayer AG; he recommends taking 100 mg of aspirin a day;

Elsbeth Wischmann, an economics teaching assistant at the Univ. of Duisburg, due to be married in August;

Bodo Badorf, an international corporate banker with DeutscheBank, who spent a year in Texas as an exchange student in high school and consequently speaks English with a unique Texan/German accent;

Johannes Wagner, who is just completing his Ph.D. in economics and is trying to respond to job offers, interview requests, etc. back home while he is here; and

Florian Edinger, a lawyer with the Rhineland-Palatinate legislature who, thanks to Dan Mooers, learned that there is more to the U.S. judicial system than the O.J. trial.

Though they are only here for four weeks, the GSE team will meet an astonishing number of people in that time. For example, the number of thank you notes to be written for our area alone was 20, and that doesn't even count the other people they meet at Rotary meetings, receptions, family & friends of hosts, etc. As usual, of those 20, most of them were for people in our own club. I would like to also publicly thank those in our club who participated: **Dan Mooers, Paul Butler, Adrienne Murphy, Karen Dunfey, Wayne Goodrich, Alec Livingston, Mike McGovern, Jack Roberts**, and especially **Laurenz & Barbara Schmidt**, hosts extraordinaire.

THE MAY 31 MEETING

We didn't have quite so many visitors at the May 31 meeting, but we were happy to have with us visiting Rotarians **John Perry** and **Rich Berube**, as well as **Dr. Peter Webber**, a guest of **Paul Butler**. Another visiting Rotarian from the Lewiston-Auburn club was our speaker **Roger Stricker**, who spoke to us at the invitation of **Bob Carson**.

Roger is the Director of the Maine Drug Enforcement Agency, a position which he took over in 1994 after retiring as chief of the Auburn Police Dept. The Agency was \$1 million in debt when Roger took over and hadn't paid its bills in 7 months. As a result, the number of agents is now only half of what it was in 1992. Roger deplored the level of spending on drug enforcement in Maine: less than \$1 million/yr, placing Maine 45th in the nation. He said that we "need to start shoveling against the tide of crack cocaine before it becomes an epidemic." Thanks Roger and Bob for this enlightening program!

On June 7 we enjoyed an indoor picnic at the Cape Elizabeth Community Center. Thanks go to **Wayne Goodrich, Steve Kremer, Jim Russell, Alec Livingston, Bill Stanton, Adrienne Murphy** and everyone else who pitched in to help.

You may want to make note that we will be meeting at different locations 4 more times this summer:

- June 28 - DiMillo's
- July 19 - Fort Williams
- July 26 - CE Comm. Ctr.
- August 23 - Fort Williams

THE HOUSE THAT LOVE BUILT

Phil Dube introduced **Joe Foley** of Stand By ME to present our program. This program was a special treat for me because Stand By ME shared office space with us for 2 years but I had never heard the whole story about how the organization progressed from meeting in Joe's living room in 1987, to the grand opening of the Ronald McDonald House on May 26.

The house is located at the corner of Carlton & Brackett Streets and has 15 bedrooms arranged in clusters around sitting areas. The House will be operated by a full-time manager and 150 volunteers who will work 3-hour shifts. The House Manager, selected from over 250 applicants, is Nancy Savage who was an attorney with Pierce Atwood et al.

The House is now operational and Joe described the first families to use the House. I think most of us share Joe's sentiment that we admire Nancy Savage but wouldn't want to trade places with her as she deals with the families who stay in the House because of a sick child.

Many thanks to Phil and to Joe for bringing us this community success story.

CONGRATULATIONS TO:

Tom Perkins of the Boothbay Harbor club who was able to fund us for a make-up despite the last-minute change in location.

Alec Livingston, winner of the raffle prize: Megabucks tickets donated by **Dave Smith** and peddled by **Bill Stanton**.

Recent college graduates **Priscilla Yerxa** and **Don Day's** son **John**.

Bob Carson on the birth of a new grandson.

Mike McGovern, celebrating ten years as town manager of Cape Elizabeth.

Nick's daughter **Alexia Pappas** on her engagement.

Rotary scholarship recipients **Anne Curran & Sarah Olsen** from SPHS, and **Shauna Stevens & Daniel Coffey** from CEHS.

THANKS TO:

Yankee Ford for donating a truck to assist with our graduation project.

IN OUR ROTARY FAMILY

The SPCE Rotary Club extends its sincere sympathies to Portland Club President-Elect **Don Lowry** and his family on the death of son **Grey** who was killed when his F-15 aircraft crashed on takeoff.

COMING UP:

Cape Family Fun Day - There are still openings in the sign-up schedule for those who have not yet signed up to help on June 17. This will be our first chance to use the new food trailer!

Habitat for Humanity - Following in our theme of community projects to provide housing, **Karen Dunfey** will be bringing us the director of Habitat for Humanity as our June 14 speaker.

JUNE 14, 1995

If you couldn't make it to the June 14 meeting you really missed out - not just on the prime rib dinner, but on Bob Flynn's solo performance of "Let Me Call You Sweetheart." This proved to be a very profitable fundraiser (every member paying \$2 for Bob to sing alone) and we can eliminate the need for membership dues if we have his name come up in the rotation often enough.

And speaking of Bob Flynn, the graduation project went very smoothly, thanks to the tremendous job Bob did. He had help from Jim Russell, Wayne, Alec, Shari Roberts and Don Day - thanks, folks!

Thanks also go to Dick Yerxa, who has donated so much assistance in getting the food trailer put together.

The third highlight of the 6/14 meeting, along with the meat & the music, was a presentation on Habitat for Humanity by Janice Drinan, the new Executive Director, and Sally Bancroft, a member of the Board of Directors. Sally stressed that Habitat offers a hand up, not a handout. The program builds homes for people who are above the poverty line but who don't satisfy conventional mortgage application criteria. The homeowner is required to put in 500 hours of "sweat equity" into the home, and pays off the mortgage at about \$300/month.

Internationally, Habitat will be completing its 40,000th home this year; seventeen of those have been in the Portland area. The program welcomes contributions of time, money and contacts for acquiring land.

Thank you, Janice & Sally, and Karen Dunfey for inviting them.

CONGRATULATIONS to high school grad Maria Dube, and to Warren Simpson for 55 years as a Mason.

More about DiMillo's: The meeting on June 28 will be a dinner at DiMillo's with a social hour at 6, dinner at 6:45 and the meeting at 7:30. Entree selections are baked stuffed chicken breast and broiled haddock. **Please bring your spouse.**

AUF WIEDERSEHEN - I visited the Durham Rotary Club to see the German Group Study Exchange team once more before they departed for Germany. They have had a great trip with no mishaps and were still as charming as when they arrived. They conveyed their best regards to our club, especially to **Laurenz & Barbara.**

Jim Higgins has updated the local makeup opportunities for us. Nice job, Jim, and thanks!

GRAND FINALE!

Remember to head for Portland (DiMillo's) instead of Cape Elizabeth on the 28th at 6:00. And remember to bring your spouse along with you! The meeting will be primarily a social gathering so plan to come, relax and have fun.

The meeting on the 21st was Frank's penultimate meeting as president (and last at Purpoodock as president). He gave soon-to-be President-elect Wayne Goodrich a chance to introduce visitors, throwing Wayne for a loop since there were none. He also gave **Jeff Gabrielson** a chance to make his debut as songleader. Jeff opted out of the solo route and chose instead to lead all of us in "You're a Grand Ole Flag," getting us ready for the 4th of July. Several people gave happy dollars for missing **Bob Flynn's** solo - happy because they didn't hear it?

ONE BEAUTY QUEEN IS AS GOOD AS ANOTHER...

so when Miss Maine Victoria Reynolds couldn't make it, **Bill Kourakos** stepped in as speaker and told about his trip with **Sophie** to the Rotary International Convention in Nice. In addition to visiting Nice, they visited Paris, Versailles, Chartres & Monte Carlo. The principal speaker at the convention was Suzanne Mubaric of Egypt. (King Hussein and Prince Rainier were scheduled to speak but could not do so due to protocol difficulties.) Bill described the entertainment as "terrific." Among other things they enjoyed home hospitality with the mayor of Nice, an air show and the Battle of Flowers parade. Bill had such a good time and was so enthusiastic about it that I hope he made you consider going...

ON TO CALGARY!

As **Sam** mentioned, I am the district's "On to Calgary" chairman. I agreed to get stuck with this position because, of the places that

I've visited, Calgary & the Canadian Rockies is the place I'd most like to go back to. I've had my eye on that item on the Rotary Int'l schedule ever since I joined Rotary and thought what a great excuse that would be to re-visit Alberta. Calgary, home of the 84 winter Olympics and the annual Calgary Stampede, is a clean friendly fun city. The Canadian Rockies contain some of the most spectacular scenery in the world: Lake Louise, Athabasca Falls, Moraine Lake. Moreover, it's a foreign country where they speak English and don't drive on the wrong side. What more could you ask for?

FAMILY FUN DAY

Bob Danielson reported on this successful event, in which we sold out of product, netted \$1225, and most importantly, inaugurated our spiffy **Red Trolley**. Thanks go to **Bob** and the **Red Trolley** who helped put the trolley together (mainly **Tony & Dick Yelka**), all those who peddled fried dough & chicken (most notably **Bill Stanton** who had the record for longest shift - 6 1/2 hours).

One of the Portland club's fundraisers is the Rotary Crafts Festival. If you know of any crafty people who may be interested in participating, put them in touch with Ruth at 773-7157.

CONGRATULATIONS TO:

Mick Maher for 2 grandsons born one day apart (this makes 4 now), and for winning the raffle (gift certificate to the Good Table donated by **Tim Thompson**).

Nickie Pappas whose good cooking was front page news.

Dan Mooers, who will serve as Chair of the Executive Committee of the Board of Directors of RI in the coming year.

CEHS graduate **Matt Hennessy**.
