April 2, 1997

Ted Spitzer

Portland Public Market

Ted is Project Director for the Market, which will begin its site work in May and open next spring at a cost of \$4.7 million. The new Market, Ted says, "Will affirm the value of buying from local farmers."

A project initiated and paid for by Betty Noyse, the Market will be in the Preble St. area near the newly-constructed indoor parking garage. It will be designed primarily to attract local patronage, not tourists. There will be no trinket or T-shirt sales.

Ted showed us some slides of other public markets such as the famous one in Seattle. He also showed some of the architectural drawings of the exterior and interior.

It is hoped there will be about 30 to 35 businesses in the market, including produce, meats, fish, flowers, specialty products, and probably a restaurant. There will also be special events designed to attract customers.

Ted says if you have a merchant you'd especially like to see in the Market, tell them to contact Ted for details @ 772-8140.

## UPCOMING PROGRAMS:

Editor's Note: Let me know **WHAT** your program is so it can be printed here. Please!!

## District Assembly April 26

Call Wayne or Jim if you are interested in attending. Wayne made some mention of the Club picking up the tab ... but you should confirm that with them.

## Yard Sale

Remember the old adage "One man's junk is another man's treasure"?? Well, there's a move afoot to have us all clean out our garages and attics for spring. And to donate our junk to be turned into treasure. In other words, a fund raiser for the Club. We might join up with another club for the project. If you have any ideas or suggestions, please pass them along to Wayne.

Helio Medina of Fairchild Semiconductor, substituting for Laurenz Schmidt, gave a brief background and history of Ingraham (Helio is also a volunteer there), and introduced the principal speaker Executive Director Jane Morrison.

We learned that Ingraham last year responded to more than 42,000 phone calls. The organization helped thousands of people with food, shelter, medical care, fuel, transportation, suicide intervention, domestic violence, crisis intervention, and various other support services.

Jane told us that Ingraham began a new service on March 3: Cumberland County Crisis Response. This new program will be available 24 hours a day and its volunteers will go on-site to provide help.

Ingraham's HOT LINE is 774-HELP.

For more information about Ingraham, call their regular number: 874-1055 or e-mail the organization at [Ingraham@ime.net](mailto:Ingraham@ime.net).

## TECHNOLOGY IN CAPE SCHOOLS

Jay Trevorrow, Technology Coordinator in the Cape Schools System, was introduced by **Dan Davidson**. Jay spoke on "Casting the People Net; how technology will change education in Cape's Schools."

Cape is in the 2nd year of a 5-year technology plan. As part of establishing the school computer network, many volunteers have been donating their time and talents -- high school students (some of whom have their own businesses in computer consulting), SMTC technical volunteers, teachers, the Technical Committee, school maintenance staff members.

Jay says there are 1500 drops in the system and SMTC has terminated more than 1000 so far.

"We're creating a model for using volunteer talent to set up the network at little cost," says Jay.

He adds, "Digital networks will globalize our experiences. Our children, for example, should be able to interact with others worldwide."

Jay believes technology will decentralize our educational processes and gives as examples:

- digital experiences are going on now in Maine in the home schooling program;
- e-mail is in use by our students;

*(continued to the right)*

Our program on April 30 was presented by **Gene Guilford** of the Maine Oil Dealers Association, courtesy of **Dick Yerxa**. Thanks to Gene and Dick for this very interesting program!

## A FUN-FILLED EVENING AT THE MCKERNAN CENTER

The April 7 meeting held several treats. One was meeting at the McKernan Center with its lovely view and delicious food. Thanks to **Kathy Ray** for arranging this for us. Another was having several of the spouses joining us for the meeting; two of our members (Alec & Mike C.) even had some wonderful things to say about their wives. Another was having **Alec Livingston** back among us, looking so healthy that it was hard to believe he had just had an angioplasty.

The meeting was capably run by **Adrienne Murphy**, filling in for the vacationing (in his mind?) President **Wayne**. A highlight of the evening was the presentation of two Paul Harris Fellowships to community leaders. **Don Day** made a presentation to **Joe Foley**, the moving force behind the Ronald McDonald House. Joe informed us that the house will celebrate its second anniversary on May 25, and that so far it has served over 700 families. The house's 15 bedrooms are full almost every night, demonstrating that it fills a real need in the community. In addition to the Paul Harris award, Don presented Joe with a check for \$250 for the Ronald McDonald House.

**Kathy Ray** made the other presentation to **Wayne Ross**, President of SMTC. Wayne modestly gave credit for the accomplishments of SMTC to its faculty and administrators, including **Linda Gabrielson**. Joe and Wayne were accompanied by their wives **Katherine** and **Betsy**, respectively (yes, **Betsy Ross**), whose support they gratefully acknowledged.

Our program was exceptionally interesting and was brought to us by some exceptional youngsters and teachers. **Jean Wandel**, **Daniel DeLuca**, and Portland Rotarian **Ray Parks** of the Baxter School for the Deaf brought along two students (**Mary Beth & Matt**) to tell us about a grant program the students have been working on. In a project that combines environmental education, community service and public relations, the students have identified trees along the walking trail around

Mackworth Island and have made up guide books, sign posts and a slide presentation to give to community groups (such as ours!). The students were remarkably poised and had a very polished presentation. Thanks to **Joanne Stuart** for bringing this project to our attention!

## CONGRATS, THANKS, ETC.

*Congratulations* to **Frank Gemme** in his new role as President of Gabriel Electronics.

*Thank you* to **Dan Davidson** for doing the bulletin for the months of March and April.

*Welcome back* to **Bill Daviero**, from his annual excursion to the Kentucky Derby.

*Bon Voyage* to **Don Day**, heading for Ireland, to **Mike McGovern** who is in Australia by now, and to the **Butlers**, who are headed out west.

*Congratulations* to **Sam & Lynne Rinaldi**, whose daughter is sleeping through the night now!

*Happy Birthday* to **Bill York** (55 on May 14)

*Happy Anniversary* to **Don & Grace Day** (31 years on the 14th) and to **Frank & Lynne Gemme** (30 years on the 20th)

**June 14** - Yard sale to benefit internal budget. **David Lourie** has graciously volunteered the use of his lawn on Spurwink Avenue. Wayne indicates

that this is a "no clothing" event - interpret that any way you want!

## STUDENT EXCHANGE NEWS

**June 21** - Cape Family Fun Day!

**June 26-29** - District Conference. See Bob Carson for registration forms. The club has some money available to help out with registration fees if you plan to attend.

**July 13** - We will be helping out with the 5k road race celebrating the bridge opening.

We don't usually get a chance to see how busy **Karen Dunfey** is at the District level in her role as the Outbound Coordinator for International Youth Exchange. Next year, though, our club will get to be more actively involved in youth exchange than we have been for the past five years. Specifically, Karen reports that we will be sponsoring a young man going to Japan, and will be hosting two inbound students: a young man from Germany and a young woman from Japan.

## WELCOME, TOM!

In the transition from one bulletin editor to the next, we seem to have left out reporting on **Tom Moulton** joining the club. Tom grew up in Cape Elizabeth and now lives in Portland. After graduating from CEHS he was with the Army Corps of Engineers for 3 years. He then went to UMO for a degree in finance and San Diego State for his master's degree. He is a commercial real estate broker with the Dunham Group. He enjoys sailing, biking, hiking, and basically anything outdoors (hopefully that includes selling Christmas trees?). A belated (but nonetheless hearty) welcome to Tom!

## THE CASCO BAY BRIDGE

**Dave Bagdasarian** arranged for our program, which was a fascinating presentation about the Casco Bay Bridge, presented by **Tom Doe** of the Maine Dept. of Transportation. Tom showed a short videotape and then added some additional information about the bridge project's recent progress. Did you know, for instance, that:

The "Million Dollar Bridge" did not cost a million dollars - only \$970,000?

The first bridge over the Fore River cost \$7000 and stood 4 feet above water?

The new bridge will be one of the largest drawbridges in North America?

Each "leaf" of the drawbridge weighs 2,600,000 pounds?

They are currently using 10 hp motors to raise and lower the leaves for ship traffic (these will be replaced with two 75 hp motors for each leaf)?

The new bridge will take two minutes to open (as opposed to 3 minutes for the old bridge) and will not have to open for tugs?

By using the concrete from the old bridge to form a harbor-view park, the bridge project will save \$1 million?

These are just some of the interesting facts we learned about the new bridge. Thank you, Dave and Tom!

## THANK YOU, SOUP KITCHEN VOLUNTEERS

Helping out at the soup kitchen on May 13 were **Bill Stanton, Bob Packer, Dan & Edie Davidson, David & Matt Lourie, Phil Dube, B.J. Nicholson, Karen, Neala & Casey Dunfey, Nancy Hawes and Joe Conroy**. We also had a couple of rookies: **Janet McLaughlin and Ibbey Conroy**.

## LUCKY FOLKS AT THE MAY 14 MEETING:

**Dick Kilroy**, who won \$1000 in the Maine lottery;

**Dave Bagdasarian**, who won the raffle prize (a cooler donated by **Jack Roberts**);

**Dick Yerxa**, who avoided giving the invocation by showing up just a little too late;

**Frank Gemme**, who will no longer have tuition bills to pay - **Brian** graduates from Colby this week.

**Rick Dobson**, who had the pleasure of his father **Gordon's** company at the meeting.

## UPCOMING CLUB EVENTS

**May 21** - We will be making Service Above Self presentations to community leaders. We will also have the DARE officers from both communities as our guests that night.

**June 5** - Ceremony to recognize Rotary's contribution to landscaping at Joan Benoit Samuelson statue. 1:30 p.m. in front of library.

## SERVICE ABOVE SELF

On May 21 our club presented four "Service Above Self" awards to community leaders. One of our award recipients mentioned that he had always been taught that "service is the rent we pay for living." If that's the case our four award winners must be living in a high-rent district, judging by the amount of service they give to our communities! Receiving awards were:

**John McCall.** Dr. McCall is the minister of First Congregational Church in South Portland ("Meetinghouse Hill"). He comes from a family of ministers - both parents, a grandfather, two brothers and his wife **Andrea** are all ministers. John has a deep commitment to service, not only to his congregation but to the wider community.

**Mary Finnegan.** Mary is a member of the Portland Rotary club and was honored for her efforts to help the family of 11-year-old Kayleigh Austin of South Portland. Mary reported that Kayleigh had been making progress in a rehab center in Massachusetts until she suffered another attack of her mysterious illness which undid all of her progress. Since Kayleigh's situation now looks like she will have a permanent disability, the family will probably be needing additional assistance in accommodating to her needs. As tough as this situation has been on the family, their hardships would have been much greater without Mary's tireless and generous efforts! Mary's son **Peter Bourgoin** was with us to witness the award presentation.

**Sue Weatherbie.** Sue is no stranger to our club and has presented the program for us in the past year. She is the head of community resources in Cape Elizabeth and manages a program which provides a wide range of services and facilities for residents of all ages and interests. She was nominated for the award not only for the service that she provides but also for the pleasant and cheerful manner in which it's provided.

**Thomas Vacca.** Tom is the Director of the Wayside Soup Kitchen. As any of us who have worked at the soup kitchen know, the soup kitchen provides essential services to an unfortunately large

segment of our local population. Tom somehow manages to see that the soup kitchen is staffed 365 days a year! Tom was joined by his wife **Joyce**.

## SALUTE TO DARE OFFICERS

The house was packed at Purpoodock as we also honored our local DARE officers, in addition to the above visitors. We were joined by our old friends **Linda Barker** from South Portland, and **Don Tubbs** and **Chris Carson** from Cape Elizabeth. They updated us on the program and Chris even passed out rulers to people who answered his quiz correctly. The club presented each community with a check for \$250 for the DARE program.

## WHAT WEEK IS THIS?

National Safe Boating Week, of course, as we were reminded by **Jeff Gabrielson**. Jeff informed us that of the boating deaths nationwide last year, 9 out of 10 of the victims were not wearing a life vest. Also half of them involved the use of alcohol. As we head into the summer season (assuming that it ever comes), remember to observe safety rules whenever you're near the water.

## Member News:

Welcome Back, **Sam Giftos!** And congratulations on all those grandchildren graduating from college and high school!

Congratulations and condolences to **Eleanor Brainin** who climbed Mt. Cadillac on her vacation (first one in 7 years!), but also came down with poison ivy!

Congratulations to **Jen Daviero** (who was with us Wed. night) who just graduated from BU! And good luck on all those job interviews!

Congratulations to **Bill Stanton's** daughter who was honored as Educator of the Year by the Maine Holocaust and Human Rights Center.

Get well soon to *Dieter Schnauck* who is home and making slow but steady progress. If you want to give him a call, I think his number is 829-5962.

Encore, encore, to *Rick Dobson* who did a solo for us as songleader! He then led us in *When You're Smiling*, which we sang without books!

Happy Anniversary to *Dave & MaryEllen Nisbet* (21 years on 5/29), *Bill & Sophie Kourakos* (45 years on June 1), *David & Joyce Lourie* (25 years on June 2), and *Kathy & Alan Ray* (18 years on June 2)!

**HELP WANTED!**

We need one, or preferably two, co-chairs to work with Phil Dube to head up our fried dough sales at Cape Family Fun Day on June 21. The hard parts (cleaning the trailer and finding someone to haul it) are already taken care of. There is not much work involved but we do need to spread it out over two or three people so that it's not such a long day for one person. Please see Nancy Hawes if you can be available.

**UPCOMING CLUB EVENTS**

May 28 - Mike Cantlin will be bringing us the program, which will be **Cheri Murray** from **Project Horse**. Cheri is a very dynamic young woman and this program is very timely, following as it does the DARE presentation. Project Horse attempts to give young people positive ways to spend their spare time.

**June 5** - Ceremony to recognize Rotary's contribution to landscaping at Joe Benoit Samuelson statue. 1:30 p.m. in front of library.

**June 7** - Trailer clean-up; Fort Williams.

**June 10** - Soup Kitchen. Dessert = brownies (no nuts)

**June 11** - We will be meeting at the Cape Elizabeth Community Center for burgers and dogs - spouses invited!

**June 14** - Yard sale at **David Lourie's** house.

**June 18** - Club Assembly.

**June 21** - Cape Family Fun Day!

**June 25** - Annual "Changing of the Guard" ceremony. Spouses invited.

**June 26-29** - District Conference. See Paul Butler for registration forms. The club has some money available to help out with registration fees if you plan to attend.

**To:** All members of South Portland - Cape Elizabeth Rotary Club  
**From:** Wayne  
**Subject:** Next few weeks

As this Rotary Year winds down, we have a flurry of activity that requires your help and/or participation. Nancy has dutifully noted all the below in the Newsletter this week, but I wanted to make a personal appeal for your help on these projects and celebrations. Jim will be asking little of you until Spring Point Festival in August, so the following events will be your last chance to volunteer until then.

- Thursday, June 5th 1:30 PM** Join us for a chance to meet Joan Benoit-Samuels, Mike McGovern and Janet McLaughlin as we re-dedicate the Statue and landscaping improvements at the Thomas Library in Cape Elizabeth
- Saturday, June 7th 9:00 AM** Join Jeff Gabrielson at the Fire Barn to help clean up the food trailer. Need three or four.
- Wednesday, June 11th** Regular meeting, but at the Cape Community Center. Bring spouses and children. Only \$10 per head. We need volunteers to help. Call Eleanor Brainin.
- Thursday, June 12th 4:00 PM** We need four volunteers to help us bring a truckload of donated items from the fire barn to David Lourie's house.
- Friday, June 13th 1:00 PM** Bob Flynn needs four volunteers to help on PROJECT GRADUATION at the parade grounds at Fort Williams.
- Saturday, June 14th 8:00 AM** We need four people to set up tables for the yard sale. We need two to man the sale at least until noon, and another two until 3:00 PM.
- Wednesday, June 18th** Regular meeting. Assembly. A celebration of the past Rotary year. Please try to attend.
- Saturday, June 21 9 to 6** Family Fun Day Sign-up sheet being passed around this week. Need minimum of 12.
- Wednesday, June 28th** "Passing of the Guard".

## PROJECT HORSE

**Cheri Murray** spoke to us about the non-profit group she founded and leads, Project Horse. As a young girl she was crazy about horses (what 10-year-old girl isn't!) but her family didn't have the means to give her riding lessons. Now Cheri is giving other young girls the opportunity to realize their dreams of riding a horse. The program is not just about fun though - the girls learn responsibility and discipline at the same time - lessons that will help them throughout their life. It was obvious to all that Cheri has a great deal of enthusiasm and passion for this program. Thanks to Cheri, and to **Mike Cantlin**, for this very interesting program!

## SINGING THE BLUES . . .

No doubt **Phil Dube** is, since he did not get the opportunity to lead us in song at the May 28 meeting. In President Wayne's rabid quest to set the record for earliest meeting adjournment, the singing was overlooked and Phil somehow forgot to complain about this omission.

Phil somehow was also the raffle conductor; the prize of a Borders gift certificate donated by **Laurenz Schmidt** was won by **Jack Roberts**. Last week's raffle prize of 4 Red Sox tickets on June 18 against the Phillies was donated back to the club by **Sam Giftos**, who saw them play in Florida and thinks the tickets are worthless. **Rick Dobson** didn't think so, however, and was the top bidder in the ticket auction.

Rick had a guest with him at the meeting: **Chuck Redman** of Key Investments; Wayne also had **John de Santis** with him as a guest.

## CONSIDER THE DISTRICT CONFERENCE

Many newer club members (and maybe some veterans) may not have been to a district conference and you may be curious as to what takes place at one. The format is basically two days (Friday and

Saturday) of plenary sessions in the morning, followed in the afternoon by special interest breakout groups or recreational activities (such as a golf tournament). The evening dinners include speeches and presentations of awards, as well as considerable socializing. The plenary sessions include programs on district activities (youth exchange, Group Study Exchange, ambassadorial scholars, RYLA, etc.), as well as programs about activities of individual clubs. It is usually quite interesting and inspirational to see what other clubs in the district are up to.

It has been my personal experience that the more I learned about Rotary and its activities, the more interested I was in Rotary and in being a Rotarian. The conference is not just for officers, and is probably more interesting if you're not an officer since you can just sit back and enjoy it. The club has funds from the internal budget available to pay for conference registration for club members interested in attending. See **Paul Butler** for registration forms.

## UPCOMING CLUB EVENTS

**June 4** - Our speaker is . . . a surprise!

**June 5** - Ceremony to recognize Rotary's contribution to landscaping at **Joan Benoit Samuelson** statue. 1:30 p.m. in front of library. All club members who can be available at that time are encouraged to attend.

**June 7** - Trailer clean-up; **Fort Williams**.

**June 10** - Soup Kitchen. Dessert = brownies (no nuts)

**June 11** - We will be meeting at the **Cape Elizabeth Community Center** for burgers and dogs - spouses are cordially invited! (\$10/head.)

**June 13** - Project Graduation at **Fort Williams**. **Bob Flynn** needs about 4 volunteers to help out from 1 - 3:30. Call him at 799-7814 if you can help.

**June 14** - Yard sale at **David Lourie's** house.

**June 18** - Club Assembly.

June 21 - Cape Family Fun Day!

July 30 - Lobsterbake, Fort Williams

June 25 - Annual "Changing of the Guard" ceremony. Spouses invited. (We will be meeting at Purpodock.)

NOTE: As you have heard on the news, the bridge opening has been postponed. Therefore the related activities have also been postponed until the end of August.

June 26-29 - District Conference.

## Don't Forget - Meeting Next Week is at Cape Community Center!

(Spouses and young people who live with you are invited. Menu = burgers & dogs & assorted things that go with them. Dress = casual.)

### CELEBRATING JOAN SAMUELSON

On June 5 several club members gathered with town officials, Joan Benoit Samuelson and her family and friends to re-dedicate her statue in front of the library and to dedicate the landscaping surrounding the statue. The landscaping (brick patio, benches, shrubs and plantings) was done last fall through funding of \$4500 provided by our club. On behalf of the town, **Janet McLaughlin** thanked the Rotary club, represented by President **Wayne Goodrich**. Other club members present included **Dan Gacetta, Mike McGovern, Jim & Vicke Russell, Dan Davidson, Jeff Gabrielson, Bill Stanton, Jack Roberts** and **Nancy Hawes**.

### ALTERNATIVE EDUCATION

Another project recently funded by our club is a photography program at SPSHS. Our speaker for the June 4 meeting, **Tom Hyland**, requested funding from our club to develop the photography program as part of the Alternative Education program that he directs at the high school. Tom told us about how growing up as one of 10 kids in a 3 1/2 room apartment, he learned to appreciate diversity and the need for cooperation. He has devoted his career to helping students who may need a little extra help because of their different learning styles. Originally charged to keep kids from dropping out of school when he took his position at SPSHS, he has expanded his mission to not only keeping them from dropping out but helping them to be successful in school. Tom feels that the addition of a photography program will teach students a skill, will help to motivate them to be interested in school and learning, and will help them to improve their writing skills as well. Tom was a very impassioned

speaker, and we thank him and **Joe Conroy** for this great program.

### MORE GOOD DEEDS

After the June 4 meeting, the Board met briefly to approve two funding requests. One was a request from **Karen Dunfey** on behalf of the District's Youth Exchange committee to re-allocate \$500 of money previously approved for youth exchange students our club was to sponsor, to a student from Gorham who needs help with travel expenses. The money became available when we had a cancellation by one of the students we were to have sponsored. Ordinarily travel expenses are the responsibility of the student and Rotary clubs do not cover this cost. Occasionally exceptions are made however, and Karen thought this student was worthy of making an exception.

The other expenditure approved was a matching grant project to provide basic necessities - furniture and a toilet facility - for a charitable primary school in India. The request came from District Governor Nominee **Marie Williams** on behalf of the DGN of the District in India. The club in India would match the \$2100 that they are requesting; the combined \$4200 would in turn be matched by the Rotary Foundation for a total of \$8400.

### "The Little Red Schoolhouse in my Green Mountain Valley"

That's how **Paul Harris** described the little brick schoolhouse where he went to school in Wallingford, Vermont. **Warren Simpson, Dan Mooers, Sam Giftos, and Joe Conroy** went on a road trip to visit the Rotary club which meets in **Paul Harris'** schoolhouse. Warren was so impressed with his visit to this historic club that he even contributed a happy dollar to tell us about it!

*Bon Voyage* to:

**Dan Mooers**, who is off to attend 3 District Conferences simultaneously in Holland (he will be giving 13 speeches in 3 days!), and to **Bill & Sophie Kourakos**, who are headed for Glasgow, Scotland for the International Convention.

## YARD SALE UPDATE:

You can bring items to David Lorie's house for the yard sale on June 14, beginning Thursday evening. We will need a couple helpers on Thursday late afternoon or evening to move stuff that has already been collected from the fire barn to David's house. Call Wayne if you can help or if you have questions.

## PICNIC WITH THE POPS

For those who forget their picnic, or who bring their picnic but like our food better, we will be selling refreshments at Fort Williams on July 3 before the PSO Independence Day concert. We had not originally planned to work at this concert due to the Bridge celebration scheduled for the following week. However, since the Bridge opening has been postponed, this easy-to-work event was thought to be do-able.

## OTHER IMPORTANT DATES

**June 10** - Soup Kitchen. Insert = brownies (no nuts)

**June 11** - Bob Flynn's birthday.

**June 13** - Project Graduation at Fort Williams.

**June 14** - Yard sale at David Lorie's house.

## SPCE NOMINATES MCGOVERN.

Whereas all clubs in the District are invited to submit nominations for District Governor for 1999-2000, and whereas our club has an excellent candidate in Michael McGovern, and whereas Sam Giftos is so good at reading resolutions, it was resolved to nominate Mike at the June 11 meeting for the office of District Governor. Mike is exceptionally qualified and we look forward to hearing of his selection by the District in August.

## WELCOME, SUMMER!

We celebrated the arrival of warm weather with a picnic at the Cape Elizabeth Community Center, capably coordinated by **Eleanor Brainin**. Eleanor thanked the owners of City Deli, who gave us a discount. Thanks also to all her helpers, whoever you were. Enjoying the fine weather and good food along with the usual crowd were several wives and some of the younger set: **Matt Lourie, Jessica & Kyle Danielson, Grant Smith, Ethan Cantlin, and Tori & Anne Russell**. Matt, Jessica and Kyle were a big help in serving dessert!

**Chris Hansen** of the Bath club was also able to track us down and join us to tell us about a golf tournament the Bath club is sponsoring on June 25. See Paul Butler (I think) for details. Paul also has information about a golf challenge tournament that the Bethel club is sponsoring - see him if you're interested.

Other club business conducted at the meeting included designating club members to vote for representatives to the Council on Legislation at the District Conference, and Mike McGovern presented Nancy Hawes with the paraphernalia that go along with Paul Harris Fellow recognition.

## OOPS!

It turns out the "Holland" I reported Dan and Shirley Mooers were going to was actually Holland,

Michigan. And Dan says he only had to give 12 speeches instead of 13!

## CONGRATULATIONS! to . . .

Janet McLaughlin's daughter **Nancy**, graduating from William Smith College,

**Mark Roberts**, graduating from CEHS,

**Matt Dube**, who made high honors 2 years in a row, and

**Alec Livingston**, who won a permit in the moose lottery!

(If you have a son, daughter, spouse, grandchild, whatever, graduating, please let me know so I can publish the good news!)

## GREASEMOBILE SPIFFED UP

**Jeff Gabrielson** led the efforts to get the food trailer in shape for the summer season. Thanks to help from **Bob Packer, Bill Stanton and Wayne Goodrich** the trailer was cleaned on Sat., June 7. **Dick Yerxa** took the trailer later to steam clean the fryolator.

## COMING UP:

June 18 - Club Assembly.

June 21 - Cape Family Fun Day!

June 25 - Annual "Changing of the Guard" ceremony. Spouses invited. (At Purpoodock.)

June 26-29 - District Conference.

July 3 - PSO Concert

July 30 - Lobsterbake, Fort Williams

## REMINDERS FOR THE SUMMER

Although we are not professionals in the food business, our customers expect us to maintain the same health standards that a professional establishment would. Therefore in order not to give our customers food poisoning, or injure ourselves for that matter, I offer the following reminders for the upcoming food-selling season.

1. *You can handle money or food but not both simultaneously.* If you are taking money from customers, either refrain from touching food or clean your hands first. We have a large supply of packets of pre-moistened towelettes for this purpose.

2. *Ditto for raw chicken.* It is your job is to put uncooked chicken on the grill, clean your hands before moving to another job or touching the cooked chicken. Same goes for tools - tools or dishes that are used for uncooked chicken need to be kept separate.

3. *The refrigerator may not be cold.* The refrigerator does a relatively poor job of keeping food cold, especially if the sun is shining on it. We need to make sure the refrigerator doors are closed tightly, and keep opening and closing the doors to a minimum.

4. *The fryolator is hot.* Matt Dube or one of the other people who has been burned by hot grease can confirm this. Also we need to make sure that children do not play near that end of the trailer.

*Let's be careful out there!*

## “CHANGING OF THE GUARD”

Next week's meeting will be our annual ceremony to salute the outgoing President and officers and hand the reins over to the new President. We will be meeting at Purpoodock as usual and spouses or other family members and friends are invited. (Please let Kathy Ray know about your guests you will be bringing if you have not already done so.)

Wayne, being in a hurry to get through everything, got a head start on next week's festivities at the June 18 meeting by recognizing the officers and presenting gifts of monogrammed pens. In addition to thanking the Board members, he also singled out the contributions of Dan Davidson for his efforts to publicize the club's activities. The club joined Wayne in applauding the efforts of Wayne's partner in Rotary, in business and in life: Ellie Goodrich.

Wayne also had a gift for the club: some brochures which he had written and had printed up which describe all of the activities of our club over the past year. The list of projects, activities and good causes which we support is certainly a long and impressive one!

*(Note: These brochures are great for giving to prospective members, upcoming speakers, or anyone else who may be curious about what we do in our club - see Wayne if you need extras.)*

Dan Mooers updated the club on the hospital in Katmandu and brought pictures of the construction work that we helped to finance. He said that he asked them if we can help them with medical supplies etc., and they provided a list of things that they need. Between our club and the Portland club perhaps we can help them out and continue this successful international partnership.

## PAUL HARRIS SUSTAINING MEMBERS

Since the club had credits with the Rotary Foundation that were set to expire, the Board voted to apply \$00 credit towards each member who is not

already a Paul Harris Fellow. Mike McGovern, who handled all the paperwork, explained that that makes each of those members a Paul Harris Sustaining Member of the Foundation.

## YARD SALE A SUCCESS!

Thanks to Wayne Goodrich's idea, Dave Lourie's yard, and a lot of people's junk, the club made approximately \$250 for the internal budget. Helping to get the stuff to Dave's and to peddle the stuff were Paul Butler, Bill Stanton, Jeff Gabrielson, Dick Holden, Kathy Ray, Wayne Goodrich, Nancy Hawes, Jim Russell, Mike McGovern, Dan Davidson, Dan Mooers, Matt Lourie, and most of all Dave Lourie.

## AS WAS THE PICNIC:

By fending for ourselves last week at the Cape Elizabeth Community Center, Eleanor Brainin reported that we made \$209 for the internal budget. This money, along with the happy dollars and raffle money, helps to keep our dues down.

## PUT JULY 3 ON YOUR CALENDAR

On July 3, we will need about 10 people to volunteer in the evening (from about 5-11) to help sell food at the PSO Independence Pops concert at Fort Williams. Most of the work takes place early in the evening and there are very few customers after the concert actually starts. The concert, which will focus on Sousa music, promises to very entertaining and will be a great reward for your time.

*Happy Birthday to:  
Dan Davidson (June 30)*

*Happy Anniversary to:  
Mr. & Mrs. Keith McAlary*

*Good Luck at the Drycleaners to:  
Susan Brown of the Portland Club*

*Farewell to:  
Jeff Gabrielson*

June 25, 1997

In looking back, it's been a long time  
 Since I reported events in the form of a rhyme.  
 I've attempted to follow in the steps of Carl Pearson,  
 A task that proved to be quite fearsome.  
 But if anyone is worthy of writing a refrain,  
 It's our first lady Ellie and President Wayne.  
 As president Wayne served our club with great pride,  
 In spite of a seeming reluctance to preside.  
 He turned his duties over to each Board member,  
 And thought his term closed at the end of December.  
 By the time Bea has finished serving our entree  
 Wayne already has the meeting underway.  
 Wayne's gift to the club had a real touch of class:  
 A brochure listing everything that had come to pass.  
 To South Portland we gave signs that face right at you;  
 To Cape we gave beauty around Joanie's statue.  
 We gave ten thousand to Katmandu -  
 There's a lot of good there that our money can do.  
 We sold lots of chicken and lots of fried dough;  
 We thanked 'all the kids who helped make it so.  
 We ate lobster in the park, on a day warm and sunny;  
 Eleanor and her mom helped bowl for money.  
 The Greeks fed us dinner and we ate quite hearty;  
 Warren turned 80 and we had a big party.  
 We had lots of visitors come to our meetin'  
 From as far away as Poland and Sweden.  
 We sold lots of trees - we had a big stack;  
 And somehow we did it without Bob Flynn's back.  
 Tony's been absent but he has an excuse;  
 Alec won a permit to hunt down a moose.  
 Wayne turns the reins over to our new pres Jim Russell,  
 Who came back from PETS all ready to hustle.  
 This just scratches the surface of all we have done  
 In a year packed with service, fellowship and fun!

Nancy Hawes

Nancy Hawes has written her last bulletin, at least for a while. Her duties as President-Elect require her to devote a great deal of time to making sure that our major fundraiser, the Christmas tree sale, goes off without a hitch. Nancy joined our club in the fall of 1991, and picked up the duties of Bulletin Editor just about a year later. That is about 200 "Two Lights".

Nancy has served our club in many ways, most recently as Vice President and Fund-raising Chairperson. Past duties have included Director of International Service and Director of Club Service. She is a Paul Harris Fellow, and contributes a great deal of time and energy every year to scheduling the activities of the visiting GSE team, including personally hosting several of the team members herself. She has also served as auditor for District 7780.

You'll try in vain to think of a fundraiser or event that Nancy has not been involved in in the 5 1/2 years that South Portland - Cape Elizabeth Rotary has been blessed with her membership.

Well done, and thanks, Nancy!
