Happy 80th Birthday, Bill - Four generations of the Stanton family were present tonight to honor Bill on his 80th birthday. Sons Phil, Scott (and his wife, Ruth), Jeff, grandchildren Ryan & Liz and great-grandchild Keegan were on hand to surprise Bill at tonight's meeting. President Kathy presented him with a plaque and thanked him for all of his efforts on behalf of Rotary for the past 25 years. Birthday cake was served as dessert. Many thanks to Eleanor Brainin for organizing this event.

Perfect Attendance - A pin was awarded to Dan Mooers for 17th years of perfect attendance.

Raffle - Dave Bagdasarian conducted the raffle, which was won by David Lourie. Prize is to be announced.

Happy Dollars - Dollars were given by David Lourie, Phil Dube, Janet McLaughlin, Bill Stanton, Joe Conroy, Wayne Goodrich, Adrienne Murphy, Mariann Goff, Dan Mooers, Bob Packer, Thurston Holt and Jeff Holden.

Alumni Night - The location for our 2nd Annual Alumni Night has been changed to CCCS in South Portland. If you have any last minute additions to the roster, please let Marcie Martelle know ASAP, as we need to get an accurate head count to the caterer.

Public Works Luncheon - On Friday, October 20, our club will be hosting its annual Public Works Luncheon. Chairperson for the event, Adrienne Murphy, is looking for volunteers to help with set up and to serve the meal. Please see Adrienne or Frank Butterworth if you can help.

GSE Team Update - This year, our District will sponsor two outgoing GSE teams - one to Turkey and one to East Africa. If you know of a non-Rotarian who would be interested in being on a team, or if you are a Rotarian and would be interested in being a team leader, please contact Pam Levere from the Portland club.

Vocational Tour - Our club will be taking a vocational tour on November 15 of the Maine Credit Union League Processing Center in Westbrook. Directions and more information will follow. Please note this on your calendars.

Soup Kitchen - Next Tuesday, October 10, is our monthly soup kitchen commitment. This month's dessert is cupcakes without nuts.

Program - Tonight's program was Sharon Paul, an outgoing member of last year's GSE team. The team spent four weeks traveling in Brazil speaking to 13 different clubs, learning how to speak a little Portuguese, sampling the local cuisine and culture and enriching their lives. Even though Sharon spoke little or no Portuguese, she said she was able to communicate with most of her host families. The host district kept the team quite busy, as they would spend only two days in a location before moving to a different one. If Sharon had any advice to give to anyone considering becoming a member of a GSE team, it would be to keep an open mind, have lots of patience and be prepared for last minute change of schedules. Overall, Sharon called the trip one of the most fulfilling experiences of her life, and she thanked the club for sponsoring her. Thank you, Adrienne Murphy, for such an interesting program.

October is Vocational Services Month by Frank Butterworth, Vocational Services Director

One of the very basic foundations of Rotary is Vocational Service. Members join Rotary by a classification principle, as the representative of their particular vocation or profession. As Rotarians, our goal is to adhere to and promote the highest of ethical standards within our businesses or vocations; in essence applying the 4-way test to guide us in our decision-making.

- Is it the Truth?
- Is it Fair to all concerned?
- Will it build goodwill and better friendships?
- Will it be beneficial to all concerned?

This month's Rotarian magazine has an interesting article about a club in Illinois that established a working relationship between local high school students and Rotarians. The program, called Career Insights Team, focuses on helping students understand what vocational opportunities are available for their consideration once they complete high school. They begin by having classroom presentations by various business leaders in the club and the community. This expanded into on-site business visits, mentoring programs, job shadowing and internships at local businesses. During the 1999-2000 year, 25 Rotarians and chamber of commerce members reached more than 850 students with their presentations. As opposed to a "career day," this program is ongoing. This is something that our Club might consider as a valuable service to our schools, and to ourselves.

Also in this month's issue, RI President, Frank Devlyn, recognized Vocational Service Month by encouraging Rotarians to create employment opportunities for the disabled. As business leaders, Rotarians are in a key position to offer the opportunities for those who are disabled to be able to achieve their potential. As he states in his article, "It is the lack of opportunity, not the disability itself, that limits a person's potential."

New Member Proposal - Adrienne Murphy has purposed Sharyn Paul, classification-Massage Therapist. Sharon was a member of last year's outgoing GSE team to Brazil, as well as last week's speaker.

Raffle - Tonight's prize, a gift certificate to Mulberry Cottage donated by Paul Butler, was won by Marcie Martelle.

Happy Dollars - Dollars were given by Tony Wagner, Joe Conroy and friends, Warren Simpson, David Lourie, Nancy Hawes, Marcie Martelle, Mariann Goff, Mike McGovern and Jack Kennealy.

Alumni Night - The location for our 2nd Annual Alumni Night on October 18 has been changed to CCCS in South Portland. If you have any last minute additions to the roster, please let Marcie Martelle know ASAP, as we need to get an accurate head count to the caterer.

Public Works Luncheon - On Friday, October 20, our club will be hosting its annual Public Works Luncheon.

Chairperson for the event, Adrienne Murphy, is looking for volunteers to help with set up and to serve the meal. Please see Adrienne or Frank Butterworth if you can help.

Vocational Tour - Our club will be taking a vocational tour on November 15 of the Maine Credit Union League Processing Center in Westbrook. Directions and more information will follow. Please note this on your calendars.

Basketball Season Begins - The fall Basketball Schedule has been set, with our first game being Tuesday, November 14 from 7:30-9:30pm. The location is the Cape Middle School Gym and cost per player is \$4.00. Check the Upcoming Club Events calendar for future games.

Welcome Loretta - Tonight, Assistant District Governor, Loretta Rowe attended our club meeting. It was nice to have a visit from our esteemed colleague from the Portland Club.

Program - Our speaker tonight was Joe Brannigan, Executive Director of Shalom House in Portland. Shalom House operates 12 facilities in the Greater Portland area, assisting individuals in their recovery from mental illness. The focus is on developing the skills to meet the challenges of daily living, pursuing long-term goals and transitioning to independent living. Shalom House currently has 110 borders and assists between 500-600 individuals per year. The success of Shalom House can be illustrated by the fact that in 1956, AMHI had 1800 residents; and today has 95. Residents at Shalom House pay a percentage of their income for room/board, but most of the funding comes from Medicaid. Thank you, David Lourie, for providing such an interesting program.

Program - District Governor Elias Thomas spoke tonight about his thankfulness to Past DG Sarando Giftos, the DG when Elias was his Club President. Sam had encouraged Elias to look to having his club nominate him for DG. Elias has chosen the plight of the homeless as his focus as DG. In traveling to the different clubs, he dressed as a homeless man and said that he has learned so much by this experience. Reactions have been varied from being called a "doorstop" to being brought in for a hot meal.

Elias also spoke of the bond between Rotarians. When you meet someone wearing a Rotary pin, whether it is in your own town or across the world, there is a sense of kinship. Non-Rotarians view our organization with feelings of respect and trust. RI is the only non-governing body that is a member of the United Nations. He felt we should be proud to be part of this organization. Thanks, Elias, for such an inspirational program.

Tonight's Visitors - We were privileged to have Assistant DG Loretta Rowe, Jane Thomas (Elias' wife), Cartson Gerreger (a German guest of Annette Beuth and Hendrick Fischer) and Bill Berman (a guest of Adrienne Murphy) at tonight's meeting.

This group is hopeful that the peace settlement negotiated by George Mitchell can hold and the country can go on to debate "ordinary things." The group introduced themselves and sang songs, ending with the classic "Sweet Molly Malone." The chaperones, Stocker and Maureen, thanked our club for our financial support of the Friends Forever program, and hoped for our continuing support. Thank you, Janet McLaughlin, for bringing these fine young people to us, and we look forward to meeting next year's group.

Program - Tonight's speaker was Chris Hayden a Captain in the United States Air Force Auxiliary, the Civil Air Patrol. Captain Hayden began his discussion of the Civil Air Patrol with a brief history. The CAP began in 1941 as a result of the chronically understaffed Air Force not being able to control the coast on the eve of World War II. Three pilots, one of them Guy Gannett of Portland, went to Mayor LaGuardia who was head of Civil Defense with the idea to use some of the 128,000 civilian air pilots to volunteer to help patrol the coast. The idea was enthusiastically accepted, and on December 1, 1941 the Civil Air Patrol came into being. As the war progressed, the mission of the CAP changed from patrolling the coast to pilot training, target towing and search & rescue. In 1947, the current Civil Air Patrol came into being as a non-profit organization chartered by Congress. Its current missions are aerospace education, cadet programs and search & rescue.

Thank you very much, Jeff Hobbs, for providing such an interesting program.

there are 83 credit unions in the state serving 575,000 members with a combined asset value of \$2.7 billion. The Service Center serves as a facility for the individual credit unions for education, training and to increase productivity. The trade association allows the individual credit unions economies of scale. This allows them to compete effectively while offering products such as checking accounts and ATM use to their customers. Thank you, Mariann, for such an interesting program.

Sharyn is a native of Bangor who has lived in the Portland area since 1983. She currently resides in South Portland with her golden retriever, Camden. Her classification is Massage Therapy. Welcome Sharyn!

District Governor Nominations - Clubs are encouraged to submit nominations for District Governor for the year 2003-2004 and District Budget Committee for 2001-2004 and 2002-2005. If you have any interest, please see Kathy Ray.

Get Well, Dick - Some of you may know that Dick Kilroy was recently hospitalized with what has been described as a mild heart attack. He is now out of

the hospital and is resting comfortably at home. I'm sure Dick would appreciate a card or a call wishing him well.

Program - Tonight's program was a classification talk given by Dr. Fawn Dunfey. Fawn is a native of Houlton, Maine who attended the University of Maine for her undergraduate work and graduated from Logan College in St. Louis with a degree in Chiropractic Medicine. Fawn first became interested in this field while working in sports medicine at UMaine. She noticed that while the patients were getting better, they were not healing completely. Chiropractic medicine was founded in 1895 by Daniel David Palmer who used manipulation to heal a custodian who was not able to hear properly. The first school for chiropractic medicine was opened in 1897. Currently there are 16 schools in the United States and 31 world-wide.

Chiropractic medicine combines elements of traditional medicine, physical therapy and osteopathic medicine to heal the whole person. Its basic principal is that the spine is imperative to the well-being of the rest of the body and its systems, placing the emphasis on preventive care to ease the stress on the spinal cord. Thank you, Fawn, for a very interesting program.

Program - Tonight's speaker was Kristen Walpole, Director of the local chapter of the Juvenile Diabetes Foundation (JDF). The mission of JDF is to cure diabetes through research with over \$500 million raised to date. JDF deals with Type I diabetes, which is the genetic predisposition to attack the body's autoimmune system. Nationally, over 16 million people in the U.S. have diabetes. To put a human face on JDF, Kristen introduced Lt. Tom Anderson whose 11-month old daughter was diagnosed with the disease. Lt. Anderson gave a very chilling narrative into his daughter's near death experience with the onset of diabetes. The result of his daughter's surviving a diabetic coma is that she must now be injected 5 times a day with insulin. On the positive side, Lt. Anderson reports that some clinical research in Canada may hold the key to curing the disease. Thank you very much, Adrienne, for such a sobering and informative talk.

Christmas Tree Update - President-Elect Bob Packer reports that we are on pace to sell out sometime this weekend. Bob said there wasn't enough time at the meeting to thank all that had participated, but he wanted you to know that your efforts are greatly appreciated. Lot Take Down Chairman, Jeff Hobbs, is looking to break the lot down Sunday afternoon, sales permitting. We need between 10-12 people for a couple hours on Sunday to help take the lights and tree stands and load them into the truck to bring back to Ft. Williams. This should begin sometime mid-afternoon. Jeff will be sending an e-mail via Kathy Ray to give the specific time.

Happy Dollars - Dollars were given tonight by Dan Davidson, Eleanor Brainin, Marc Mutty, Ed Ingraham, Jim Russell, Wayne Goodrich, Bill Stanton from the United Senior Citizens (\$36).

Perfect Attendance Pins - Pins were awarded tonight to Bob Packer (5 years) and Dick Kilroy (39 years). Program - Tonight's meeting was our program. As has been the tradition for many years, our club hosted a group of senior citizens for an evening of fellowship and entertainment. After a fine meal, our own Joe Conroy led us in song, singing such classics as "Deck The Halls," "White Christmas" and "Jingle Bells." Warren Simpson conducted the raffle, giving out several \$5 cash prizes to various seniors. And then it was time for the entertainment. As in the past several years, the Cheryl Greely Dancers regaled us with an evening of song and dance, everything from "Neutron Dance" to "Silent Night." This party would not be what it is without the diligent efforts of our own Bill Stanton and Warren Simpson. They do a wonderful job each year organizing this event and should be given much praise. Thanks to all who helped make his event such a success.

Program/December 20 - Tonight's speaker was Arthur Mayo, a legislator from Bath, who spoke on the health care crisis in Maine. Basically, there are four reasons for Maine's problems: (1) our independent nature - we don't like consolidation; (2) drug company excesses; (3) for-profit hospitals; and (4) Medicare/Medicaid inefficiencies. One of the solutions offered by Mr. Mayo was the Maine Rx Program, which sets the cost of prescription drugs or some sort of multi-state consortium that would do the same. Ultimately he feels that we are headed for some sort of socialized medicine.

Program/December 27 - Tonight's speaker was CE Police Chief, Neal Williams. Chief Williams is a life-long resident of Cape Elizabeth and has been with the department since 1979. He officially became Chief on June 13, 2000. Chief Williams paid tribute to his predecessor, Chief Pickering, for establishing a level of professionalism that will be something to aspire to in the coming years. His biggest challenge has been the hiring of new officers and dispatch personnel, primarily because of the demands on family life. He says one of the main goals of the department is to focus on accountability, primarily youth. He stated that people need to be held accountable for their actions without being preached to. In addition, Chief Williams spoke quite eloquently about the new police station that will be built at the site of the current station sometime in 2001.

January 3 Meeting - Next week's meeting will be held at 6:00pm at the new Public Works Building on Spurwink Avenue. If you are planning to attend this meeting, please let either Eleanor Brainin or Kathy Ray know ASAP so that we may get an accurate count for the caterer. As part of our meeting, Public Works Director, Bob Malley, will be conducting a tour of the new facility.
