To the Rotarians,

I would like to personally thank you for helping Yonas and his family with your generous scholarship. They are so appreciative of the help you have given them.

The best gift is Education and with your help Yonas will be able to continue his!

You will be pleased to know that last week Yonas was accepted into the Bridge Program at USM! They will help him become proficient with English while assisting him with the skills necessary to matriculate into a degree program. He has selected his courses, and after he returns from Ethiopia he will begin!
