### **Sybil's Housewarming Party**

This week's meeting was a visit to the new location of the South Portland Food Cupboard on Thadeus Street in South Portland (had anyone ever been to Thadeus Street before?). After the delicious potluck meal), Sybil presented a before and after slide show that showed the steps in the move from the church basement to the present location. Those members who had seen the present location before it was renovated gave Sybil all the credit in the world for her foresight and her determination to make it work. The new space is wonderful and fits the Food Cupboard's needs admirably. Sybil gave credit to lots of individuals and businesses who made the move and renovation possible, including:

- Employees at Sappi
- The Cumberland County Pre-release program
- Town & Country Federal Credit Union
- Benjamin Moore Paints
- Lowes
- Hannaford
- Common Good Ventures
- Ruth's Reusable Resources

I think there may have been one or two others I didn't catch but you get the idea – a lot of people and businesses came together to make this happen.

The Food Cupboard serves 175 people each week, giving them enough food to make 21 meals. The Cupboard spent \$72,000 last year for food but also received food donations worth \$301,000.

Welcome to your new home, Sybil!
