*Thank you to Jim Russell for taking notes at the November 5 meeting while I was out of town.*

**Help Wanted** – Please let Bill York know if you are interested in helping out with planning programs for our club. We have had many interesting and stimulating programs over the past several months and Bill would appreciate having someone help him so we can continue to have interesting programs.

**And Help Wanted to Give Away Money** – Remember that each member of the club is entitled to “spend” \$50 of the club’s money in the way that we want. Just let Nancy Irving know who to send the check to, or if you have made the donation personally, ask her to reimburse you. The club’s Charitable Giving policy does not provide for the club making direct donations to an individual – other than through our established programs such as scholarships, RYLA, etc. – so if you know of an individual in need of help, this is one way of accomplishing that. You can also use the money to add to what the club gives to various causes, e.g. the soup kitchen or the Food Cupboard. Or you can give the money to an approved charity – for instance I gave mine this year to Doctors Without Borders. Feel free to ask Nancy I or Kathy C if you have any questions about how this works.

**For the Birds** – This week’s speaker was Eric Topper, the education director for Maine Audubon Society. Eric discussed the Maine's Audubon's current education and conservation priorities in Southern and Coastal Maine. Maine Audubon has three main goals: conservation, education, and advocacy. They operate three centers, five sanctuaries, and have seven chapters statewide. Eric invited everyone to visit the Gilsland Farm Audubon Center in Falmouth, which has undergone several upgrades.
