What’s New With Our Members

Happy Anniversary to Adrienne & Steve Murphy (Nov. 12)

Crackers Wanted – In the recent inventory of the fire barn, it was discovered that many of our lobster crackers are missing. If you took them home to wash them and still have them, please let Anne Swift-Kayatta know.

Committee Member Wanted – the Veterans Committee currently is made up of all males, and they would love to have representation from a female point of view. If you are female and have an interest in deciding what our club can do to help homeless veterans, please let Dan Davidson know.

TREE NEWS – See separate email from Scott re sign-ups, but here is the schedule:

Thursday, November 19, 8 a.m. Trailer Setup at Mill Creek Park. This seems to be adequately staffed.

Saturday, November 20:

- 7 a.m. Fire Barn Loading – need a few more people
- 8 a.m. Corral & Lot Setup at Mill Creek Park – need more hands. Please bring appropriate tools.

Friday, November 27, 7:30 a.m. – Tree Unloading

Saturday, December 5, 7:30 a.m. – Tree Unloading

Friday, November 27 till whenever – sales shifts from noon – 9 p.m. weekdays and 9-9 weekends. Please sign up for 5 shifts. Any shifts you do in excess of 5 counts as makeups, as do the tree unloadings and setup activities.

- When signing up for shifts, please make sure that there is at least one experienced Rotarian on the shift, and that the shift is not predominantly people who are too short, etc. to drag trees and tie them on cars.
- When using the chain saw, please be very cautious and make sure customers stand well back.
- Please be careful with utility knives and limit students' use of them (we are getting some safety utility knives that they should use instead).
- Here's a tip courtesy of Bill Daviero – to be sure you make a straight cut on tree trunks, follow the dotted lines on the bark.
- And another tip from Jon Talty regarding tying trees on cars – if you can't tie a knot, tie a lot!
