Type of Request	Senior Citizens
Program / Project Name	In-home Care Support
Requested Amount	5000
Program / Project Description - how would the grant money be used?	Love in Living Action is requesting a \$5,000 grant from the South Portland-Cape Elizabeth Rotary Club to expand and strengthen our free, in-home support services for vulnerable residents in South Portland, Cape Elizabeth, and nearby communities. This funding will directly increase

our capacity to serve individuals who are homebound, isolated, aging, ill, or facing hardship.

There is significant and growing need in our community, with many residents lacking family support, struggling with mobility, or managing serious health challenges that make daily life overwhelming. Rotary's support will help us meet that demand without turning anyone away.

Grant funding will offset the real costs associated with serving more neighbors - transportation, basic household supplies, and the practical tools required to help people remain safe and stable in their homes. By strengthening our capacity, this grant ensures that more residents receive consistent, compassionate care at no cost, exactly when they need it most.

Is this a time-sensitive request?

No

For Grant Requests over \$500 - Describe how you will define program/project success and what type of reporting or metrics you can provide to back to Rotary.

Success is defined by our ability to consistently support vulnerable, homebound residents and improve their daily stability, safety, and well-being. We track simple, reliable metrics including: number of individuals served, number and duration of weekly visits completed, and types of assistance provided. We can additionally share anonymized short narratives from those we serve that illustrate the impact.

Are there other ways that Rotarians can be of service to your organization/project/program (such a volunteering, mentoring, professional services)?

We deeply appreciate Rotary's commitment to service, but because the people we support are vulnerable and often navigating sensitive personal circumstances, we cannot invite outside volunteers into their homes. However, Rotarians can still help in meaningful ways - such as raising awareness of our services, connecting us with community partners, or offering professional guidance that strengthens our small nonprofit's operations. These forms of support protect privacy while still advancing our shared commitment to caring for neighbors in need.
