Year Established	2023
Type of Request	Student Services
Program / Project Name	The Community Clothing Closet and Pantry
Requested Amount	350
Program / Project Description	At SPMS we have a community clothing closet and pantry for students, staff, and families. Students utilize this closet consistently throughout the year with the help of a trusted staff member. Right now there are shelves in there filled with clothing in no particular order and oftentimes unfolded. Students and staff are visiting this when there is a spare minute in the day and are rushing to find something that the student likes and will fit. We have staff who go in to try and refold and organize it consistently but is not on the top of everyone's to do list during the busy year.

We are hoping to use these funds to put clear bins on the shelves so the clothing is organized by size and article of clothing. That way a staff member and student can look through that bin, and put it back when they are done and it is clean/organized for the next person. This would take significant stress off those working to maintain it and keep the closet sustainable and accessible in the future.

Is this a time-sensitive request?

No

If the request is time sensitive, by what date are the funds needed?

08-28-2026

Are there other ways that Rotarians can be of service to your organization/project/program (such a volunteering, mentoring, professional services)?

Always happy to have someone help fold and organize the clothing when the time comes!
