## IN MEMORIAM

### Sidney Mayer

In the demise of Sidney Mayer the club has lost one of its most loyal and most beloved members. With Sidney Rotary was not a convention, but a conviction. He practiced Rotary ideals not only in his vocation, but on all the highways and by-ways of life.

Sidney was blessed with a heart that was a veritable dynamo of generosity. Like an upwelling spring, he overbubbled with goodness, kindness and sympathy. He was so sensitive to sorrow and suffering that he spontaneously responded to every appeal for charity, and went out of his way to do a good turn or render a helpful service to his fellowmen.

Aye, he not only gave generously, but gave with a smile. His innate goodness revealed itself in that winsome smile which always hovered over his benign countenance. He was scrupulously honest in his business transactions and fair and square in all his dealings with his fellowmen.

During the long period of his musical career Sidney played many a classic piece by the greatest composers of the world. But the sublimest musical masterpiece which he both composed as well as performed, was the beautiful symphony of his inspiring life. He played that symphony not on chords made of catgut, but on the vibrant strings of his affectionate heart.

A life builded on the solid foundation of such high worth and merit does not end with the stoppage of the heartbeat, but continues to exert its beneficent influence upon humanity until time be no more.

To the bereaved family the Club conveys its deepest sympathy. May they derive comfort from the thought that their sorrow is shared by the friends of their dear departed as profoundly as he was loved by them sincerely.

Samuel Rosinger.

### *Slants at the Meeting*

"The Human Element in Business" was the rapid fire discourse we had last week.

Apparently we can't eliminate the 'human element' so we have to educate or control it.

There seems to be more human elements in business than there are microbes in trench warfare.

The enthusiastic speaker rattled out statistics faster than hail on a florists greenhouse.

We never realized that a man could get "fired" for so many things until the 'human element' bobbed up in business.

He can have conception, inception or deception and then get the "boot" for being pragmatic, asthmatic or dramatic.

The gentleman was reading out disqualifications so rapidly that our comptometer burnt a bearing before our tabulation was complete.

We could see the hired hands wincing a little bit as a recital of their shortcomings began to clutter up the ether.

Also we were cognizant of the chest expansion of the over-lords as the hot winds of disapproval began to sear the necks of the guilty.

Anyway the lecture was a good rebuke to the incompetent and the indifferent, as well as a testimonial to the innate honesty of the hired hands . . . less than 2% were discharged for this latter offense.

Houston Club is to be congratulated on furnishing a speaker on so short a notice, with so much credit.

Just another argument in favor of developing some of the latent talent in our own club. Some of our members are so timid they can't even lie well.

Check.

### OFFICERS

WILL F. GRAHAM.....	President
J. F. ROANE.....	Vice-President
PRESTON B. DOTY.....	Treasurer
IRWIN J. FERAY.....	Secretary

### DIRECTORS

I. J. FERAY—T. H. Mastin & Co.

## Flashes from the Marshall Conference

(Via Pouter Pigeon . . with a lot of front)

The Beaumont Delegates and Representatives covered themselves with the old laurel last night in their presentation of a spectacular show. Entertaining some 700 guests. The Sproule School of Dancing did the honors in glamorous and beautiful scenes, under the "Big Top" . . a tent provided for this occasion.

A wow of a dance at the Marshall Hotel last night under the tantalizing strains of Jack Crawford's orchestra. The Roof was packed to the limit.

The registration at last count bid fair to run 500 guests, and which is running true to form for any conference.

Clare Cargill is nominated without opposition for District Governor and all that is necessary now is to count votes for election. Clare hails from the N. E. point of the State . . . Texarkana.

A rare treat is in store for you home-guys Wednesday. Charlie Wheeler, of San Francisco, Calif., vice-president Rotary International is being betrayed into this territory by Governor Keith. Charlie is an unusual talker (don't misunderstand) and maybe we can induce him to wise-us up a little on Rotary International.

SPECIAL . . . J. Fuzzy is riding high . . . (bad connection) we didn't understand whether it was a horse he was riding.

Club Reporter.

## Rotary in General

May 3, 4, 5 is the day for Conference in Fort Worth, for the 41st district.

May 3, 4, 5 is the day for Conference in Marshall, for 48th district.

May 3, 4, 5 is the day for Conference in Shreveport, for Louisiana district.

June 22 - 26 is the day for International Convention at Atlantic City, for the year 1936.

June is the time set for Rotary at dear old LONDON for 1937 . . . where you can practice up on your "cockney".

—R—

## The Board of Directors

Decreed at their last meeting that the classification of Elmon Doty should be 2nd active to John Petkovsek, Security Brokerage.

Passed a Resolution, recommending to the membership at large that the Club ask for the Conference for 1937.

Also elected C. (Chuck) B. Wilson, 2nd active to R. W. Pack, Oil Pipe Line Operation.

And then gave W. W. Breazeale the classification of Typewriter Retailing.
