Slants at the Meeting

Ed Barcus drove over from Orange last Wednesday to attend our meeting so that he might keep his 100% attendance record. He said that he had been reading the riot act to his members because their attendance record had not been good enough, so he couldn't afford to miss.

Ed and I sat at the same table; and during the "reading", I whispered to him that I was pinch hitting for Bill and that it would be my painful duty to comment on the high-lights of the program—if any. After the meeting, my good friend, the preacher left me with this admonition—"temper your mercy with justice."

Lawrence Galewsky needed more mercy last Wednesday than I could possibly bestow on him. He was squirming in his chair even more than you and I.

Now let's get this thing straight and dish out a little justice where it is due. Lawrence has given us some good programs, and we expect and know that he will come up with lots of other good ones. The Houston Club had promised to send a Mexican musical program in charge of none other than Walter Jenkins. Last Wednesday morning Lawrence received a letter from Houston that told him that the musical program would not be here, but they were sending a substitute. Lawrence did not know what they were sending; and in justice to the Houston Club I don't believe they did either. The Houston Club has sent us some fine programs, and we want to thank them for doing so. But last week—let's just forget the whole thing and talk about something else.

Those Exporters are hotter than hot. They have been knocking off their closest contenders without looking back down the home stretch. A good ball club is quite an asset to any town. Walter Casey should give every Exporter a commission in his Forward Beaumont army.

ROTARY SOFT BALL

Our Rotary ball team quieted the Lion's roar to the tune of 13 - 3. The boys played a good game all the way, and it was quite gratifying to the players to see so many Rotarians with their Annes in attendance. Quite a few of our members were out there for the first time, and quite a few of them expressed surprise at the brand of ball the boys played.

Snow pitched a good game, and his team mates gave him perfect support. Oxford, Adams, Harper, Dutton, Walden and the rest of the gang were hitting that apple with a determination to produce enough runs to quiet those Lions for a year at least.

The fielding star of the game was George Adams who came up with a number of sparkling plays.

Wise to Him

A state inspector of a lunatic asylum went to the telephone and found difficulty in getting his connection. Exasperated, he shouted to the operator: Look here, girl, do you know who I am?"

"No," came back the calm reply, "but I know where you are."
