Widman School of Dancing, under the direction of the ever popular and gracious Miriam Widman Rowley, presented an array of talent of which our entire city may be proud. These youngsters — both young ladies and young men — displayed unusual ability in their several numbers.

If we would name the best dance — it would be our inclination to name the most difficult — probably the number "Valse" — a beautiful and graceful dance — mostly on the toes. The dancer was Frances Jones. However, the number, "Star Dreams", by Ann Page Halpin and Walter Nebgen looked most professional. It displayed some very "strong man" activity by Walter as he handled "with the greatest of ease" his partner Ann in the adagio dance.

The singing of Bobby Carraway proved a popular intermission on the program. Bobby, after dancing a very fast number "Do, Do, Do" came right back to sing "Hold Me in Your Arms" and "Ole Man River". Bobby's talent was recently recognized at the Horace Heidt talent show in this area.

Perfection in rhythm, exactness and precision were all present in the group numbers. The costumes were very well chosen. We'll sum up by saying that this program is always a real treat and a pleasing change from too many speeches but this time in the words of a Rotarian who sat close by — "this year it was **unusually** good".

MEANIN' TO DON'T PICK NO COTTON — MAKE UP

Deep in the Neches River Festival are Rotarians **Bob Schieble, T. Hunt, Pinky Kolter, Don Evans, Bill Weed,** and **Otho Plummer.**

Sweetheart—Daughters

Our list of unmarried daughters of Rotarians of 13 years of age or more has never been considered complete, although we are constantly revising it. To date and since July 1st, Fred Neumann reports that he has covered the entire file of names and has started at the beginning again, so if **YOUR DAUGHTER HAS NOT SERVED AS CLUB SWEETHEART**, won't you please call the Rotary Office, so that her name may be added?

MEANIN' TO DON'T PICK NO COTTON — MAKE UP

Herf Weinert was guest speaker at the Port Neches Rotary Club last week using as his subject "Rotary Classifications". Port Neches Rotarians reporting on what they called one of their finest programs commented that they should have had Herf and his information on classification a long time ago. **Snow Arthur**, Past President of our club, accompanied Herf to Port Neches.

ROTARIAN J. VERNON BROCK

The news that Rotarian Vernon Brock will not sit with us at Rotary again has just been brought to the Rotary office, and we are deeply saddened. It was only yesterday that his Rotary Ann called at Vernon's request to say that he wouldn't be here last Wednesday on 100% day, and that he hoped his absence wouldn't affect the 100% try. He was stricken only a few days before his death, although he had suffered two severe illnesses in the past. Even so, his going comes as a shock. We shall miss him, and he cannot be replaced. He had been a loyal member of this club for the past 38 years. Our deepest sympathy is extended to Rotary Ann Edd Brock and the other members of the family.

Walter and **Marie Mayer** were in San Francisco and Los Angeles last week, and **Sam Sharfstein** aiding and abetting 100% Attendance Day volunteered to wire Walter to make up his attendance.

O. C. Honig reports one good felt hat missing at Rotary last week. His initials of O.C.H. were in the hat; his business card, too, but all that was left was a very tired piece of felt.

When **John Winter** heard at Rotary that **Kelsey Lamb** has been elected President of Beaumont Symphony, he found **Kelsey** and told him that he (**John**) is resigning from the Rotary Quartet, since **Kelsey** has gone long-hair. Poor Quartet. For many months now its voice has been silent, even before **Dick Jenkins** left town. Page **Red Mills** for action.

As Rotarygrams goes to press **Benny** and **Lily Hughes** are winging their way back from a week end in Hilo, Honolulu, where **Benny** was called to represent the President of Rotary International at a Rotary meeting.
