Do any of these committee members have potential conflicts of interest?

A conflict of interest occurs when someone is in a position to make or influence a decision about a grant or award that could benefit them, their family, their business, or an entity in which they serve in a paid or voluntary leadership or advisory position.

For each Rotary member who serves on the grant committee, list all relationships that the member has with any scholarship recipients, cooperating organizations, project vendors, or other individuals or organizations that will benefit from the grant.

None

Next, list all relationships that district officers and other members of the sponsor clubs or districts (other than the members of the grant committee) have with any award recipients, cooperating organizations, project vendors, or other individuals or organizations that would benefit from the grant.

Project Overview

Tell us a little about your project. What are the main objectives of the project, and who will benefit from it?

THE STATE OF HEALTH CARE IN BULGARIA

With 15 deaths per 1,000 people, Bulgaria has held the top spot in the EU's mortality ranking for nearly a decade, according to the National Statistics Institute. Although Bulgaria is a member of the EU and despite the ambitious reforms to better distribute public funds and crack down on corruption to improve matters, the situation locally and in municipal hospitals is challenging.

The National Health Insurance Fund has many limitations and this is seen through the financing of local hospitals such the one in Razlog. Life expectancy at birth was 75.6 years in 2023, which was the lowest in the EU, and about 6 years below the EU average. Even worse, Bulgarian children under the age of five are twice as likely to die as their European peers. Cardiovascular diseases and cancer cause more than 80% of all deaths. Furthermore, vast regional inequalities exist as exemplified by up to six-fold differences in infant mortality across regions. Bulgaria also has large differences in health status between socioeconomic groups.

In 2023, Bulgaria spent USD 2969 per head on health care, far below other EU countries (e.g. 33.6% of Germany, 75.4% of Poland). Roughly half of total health expenditure is publicly financed, and Bulgaria has exceptionally high out-of-pocket payments – 48% – the highest in the EU. Some 12% of the population lack insurance coverage. The coverage of rural areas is extremely low. The proposed equipment will aim to cover exactly such an area constituting rural municipalities.

Why the Hospital in Razlog? (<https://mbalrazlog.com/>)

The Hospital in Razlog is a regional hospital serving five municipalities – Municipality of Razlog, Municipality

of Bansko, Municipality of Belitsa, Municipality of Yakoruda and Municipality of GotseDelchev. The population of the five municipalities served by the hospital is over 80.000 people, + an annual estimated 100,000 tourists coming to the Bansko ski center.

The total number of towns and cities using the hospital services is 34. About 30% of the inhabitants of the region served by the hospital live in difficult to access village regions, in fact the hospital is located in a valley and surrounded by three mountains. The main provision for living is agricultural work which in Bulgaria results in a lower than the average income for the country. At present the finances for the emergency care equipment are virtually impossible for the hospital to obtain from government sources. The lack of adequate work conditions such as the lack of adequate medical equipment represents one of the most urgent problems to tackle.

This need is incredibly visible in the hospital. Through the local Rotary-Club in the past few years and the generous support of a number of international clubs and Assist International we provided support to the hospital to receive life-saving equipment. The three projects over the past ten years provided highly efficient and much necessary intensive care equipment for several departments.

Besides the immediate improvement in intensive care for the patients in the hospital, the projects have strengthened the relationship between the local authorities and Rotary Club Bansko - Razlog. The local authorities are committed to participate in the maintaining of the equipment.

Project Objectives

The main objective of this project is to provide safe-saving medical equipment to four departments in the Razlog hospital as detailed below. Other objectives of the project are to provide an adequate education on the proper use of the equipment and staff training on all necessary treatments.

The equipment will be used as follows:

- GE R860 Ventilator will be implemented in the Department of Anesthesiology and Intensive Care (DAC). Currently, the hospital is in the process of expanding the capacity of the department with 3 more beds, therefore this equipment will be extremely timely and will provide full equipment for the expanded capacity. The department has medical gas installation, which will allow direct connection of the devices.

- GE V100 Vital Signs Patient Monitors will be distributed as follows:
 - o 3 units in the three operating (surgery) rooms of the medical facility;
 - o 1 unit in the intensive care unit of the Department of Neurological Diseases

- AIRSEP Oxygen Concentrator 5L 220/50 will be distributed, one each for:
 - o Department of Surgery;
 - o Department of Internal Medicine;
 - o Department of Nervous Diseases;
 - o Department of Pediatrics;
 - o Hemodialysis department.

- GE B20 Patient Monitor will be distributed as follows:
 - o 5 pieces for the Department of Internal Medicine;
 - o 4 pieces for Department of Anesthesiology and Intensive Care.

We would like to note that the GE B20 Patient Monitors are identical to those currently used in the Intensive Care Unit . The department has 4 such monitors for 5 beds. After increasing the capacity by another 3 beds, the total number of beds in the Intensive Care Unit will become 8. By adding 4 GE B20 monitors, all beds will be fully equipped and integrated into the existing central monitoring station. In this way, complete coverage of the department with a unified monitoring system will be achieved, which will significantly increase the level of control and safety in the treatment of patients in intensive care.

Areas of Focus

Which area of focus will this project support?

Measuring Success

Disease prevention and treatment

Which goals of this area of focus will your project support?

Improving the capacity of local health care professionals; Promoting disease prevention and treatment programs that limit the spread of communicable diseases and reduce the incidence and effect of noncommunicable diseases; Strengthening health care systems;

How will you measure your project's impact? Find tips and information on how to measure results in [the Global Grant Monitoring and Evaluation Plan Supplement](#). You need to include at least one standardized measure from the drop-down menu as part of your application.

Measure	Collection Method	Frequency	Beneficiaries
Number of medical and health professionals trained	Direct observation	Every year	1-19
Number of individuals reporting better quality of health care services	Direct observation	Every year	1000-2499
Number of recipients of disease prevention intervention	Direct observation	Every year	1000-2499
Number of health facilities benefiting	Direct observation	Every year	1-19

Do you know who will collect information for monitoring and evaluation?

Yes

Do any committee members have a potential conflict of interest related to a cooperating organization?

No

Why did you choose to partner with this organization and what will its role be?

We chose to partner with Assist International according to the advice from our International Partner, RC of Cupertino who recommended that we work with AI as an implementing organization based on their experience in similar projects (including in Bulgaria and surrounding regions).

Assist International (AI) is an NGO that has been in existence for more than 35 years and they have worked in more than 70 countries in global health, installing medical equipment and training of health care workers. They have also built oxygen plants in many countries, supported by General Electric (GE) Health Care. AI has partnered with several Rotary clubs across the globe to bring health services closer to local communities. The detailed profile of AI is attached.

Assist International's role in the project will be to ensure that all equipment is functional as expected and is in compliance with all the regulatory importing national standards and shipped to Dr. Asen Velez Hospital.

They will perform setup, and training of medical staff to operate the equipment at the hospital. They will also provide follow up for any equipment functional issues during the first year of operation.

Partners (Optional)**List any other partners that will participate in this project.**

Describe the roles and responsibilities that the host and international sponsors will have in this project. Please be specific. Which sponsor will receive and manage the grant funds?

Cupertino Rotary, the international sponsor, is an extremely capable and experienced club in managing Global Grants, and this club will manage all of the fundraising efforts, the payment to Assist International, the tracking of completion and then visiting the hospital site. They will provide overall coordination between the Host, Assist International (AI) and Dr. Asen Velez Hospital. They will perform fundraising activities to fully fund the project, disburse funds to AI, and any other activities described in the GG. They will also provide interim reports, final reports, and coordinate US visitors upon project implementation.

Describe how the partnership between the host and international sponsors was formed. What agreement have the sponsors made toward ensuring that the project will be implemented successfully? How will they manage any challenges that arise throughout the project?

Members of both the host and International clubs have met during implementation of a previous Global Grant, and both are motivated by the objective of doing good works while honoring the legacy of Bob Pagett, a recently-deceased Rotarian. This project is well-within the capabilities of both clubs, and our excellent communications during the creation of this grant have given us confidence in its success.

Budget

What local currency are you using in your project's budget?

The currency you select should be what you use for a majority of the project's expenses.

Local Currency	U.S. dollar (USD) exchange rate	Currency Set On
USD	1	21/02/2026

What is the budget for this grant?

List each item in your project's budget. Remember that the project's total budget must equal its total funding, which will be calculated in step 9. Project budgets, including the World Fund match, must be at least 30,000 USD.

Project planning

Describe the community needs that your project will address.

The project will provide much needed technical equipment to the hospital, ensuring the patient treatment level to reach up-to-date standards to the benefit of the community.

How did your project team identify these needs?

The needs of the hospital are obvious as patients need to be transported away due to lack of adequate equipment.

How were members of the benefiting community involved in finding solutions?

The doctors established contact with Rotary Club Bansko-Razlog members.

How were community members involved in planning the project?

Members of Rotary club are community members. They have been in regular contact with the hospital and hospital staff in ongoing support of previous Global Grants supporting this facility.

Project implementation

Summarize each step of your project's implementation.

Do not include sensitive personal data, such as government ID numbers, religion, race, health information, etc. If you include personal data, you are responsible for informing those whose personal data is included that you are providing it to Rotary and that it will be processed in accordance with Rotary's [Privacy Policy](#).

#	Activity	Duration
1	Planning	1 month
2	Fundraising	1 month
3	Purchasing and shipping	2 months
4	Staff training	3 hours, iterative
5	Monitoring and Evaluation	12 months

Will you work in coordination with any related initiatives in the community?

No

Please explain. Are local initiatives not addressing these needs? Or, if they are, why did you decide not to work with them?

No local initiatives are addressing these needs. No funding is available from the state or local municipality.

Please describe the training, community outreach, or educational programs this project will include.

Assist International will provide professional trainers to train local staff in the operation and maintenance of the equipment. Assist International will also provide user manuals to the hospital.

How were these needs identified?

The hospital contacted the Rotary Club Bansko-Razlog for help, and also provided specific departments that most needed the equipment.

What incentives (for example, monetary compensation, awards, certification, or publicity), will you use, if any, to encourage community members to participate in the project?

The public relation connected to this project will mention sponsors and supporters of the project. This will hopefully influence new members to join Rotary.

List any community members or community groups that will oversee the continuation of the project after grant-funded activities conclude.

The Rotary Club Bansko-Razlog will oversee the continuation of the project and keep in contact with the medical staff and collecting the statistic figures needed for reporting.

Budget

Will you purchase budget items from local vendors?

No

Explain the process you used to select vendors.

Assist International was chosen as they are able to provide the equipment at a very low price due to their long-term (e.g. 20 years) relationship with world renowned medical equipment suppliers. For example, they are chartered by General Electric to manage all of their worldwide charitable donations.

Did you use competitive bidding to select vendors?

Yes

Please provide an operations and maintenance plan for the equipment or materials you anticipate purchasing for this project. This plan should include who will operate and maintain the equipment and how they will be trained.

The hospital medical and technical staff will be trained in the operation and maintaining of the equipment during the installation process. Service of the equipment is available from local sources.

Describe how community members will maintain the equipment after grant-funded activities conclude. Will replacement parts be available?

Assist International gives a warranty on the products delivered similar to the producer's guarantee and also guarantees spare parts available for minimum 5 years. Expected lifetime of the equipment exceeds 10 years.

If the grant will be used to purchase any equipment, will the equipment be culturally appropriate and conform to the community's technology standards?

Yes

Please explain.

All equipment delivered are in conformity with EU standards and also Bulgarian standards. In addition, the hospital has already confirmed that they have identical units of some equipment already in use.

After the project is completed, who will own the items purchased by grant funds? No items may be owned by a Rotary district, club, or member.

The Razlog Hospital will be the owner of the items and equipment.

Funding

Does your project involve microcredit activities?

Have you found a local funding source to sustain project outcomes for the long term?

Yes

Please describe this funding source.

The Rotary Club Bansko-Razlog provides the necessary funding.

Will any part of the project generate income for ongoing project funding? If yes, please explain.

No.

Authorizations

Authorizations & Legal Agreements

Legal agreement

Global Grant Agreement - to be authorized by the primary contacts and club presidents (or DRFC chairs if district-sponsored)

This Global Grant Agreement (Agreement) is entered into by The Rotary Foundation of Rotary International (TRF) and the grant sponsors (Sponsors). In consideration of receiving this Rotary Foundation Global Grant (Grant) from TRF, the Sponsors agree that:

1. All information contained in this application is, to the best of our knowledge, true and accurate.
2. We have read the Terms and Conditions for Rotary Foundation Global Grants (Terms and Conditions) and will adhere to all policies therein.

3. The Sponsors shall defend, indemnify, and hold harmless Rotary International (RI) and TRF, including their respective directors, trustees, officers, committee members, employees, agents, associate foundations and representatives (collectively Rotary), from and against all claims, including but not limited to claims of subrogation, demands, actions, damages, losses, costs, liabilities, expenses (including reasonable attorney's fees and other legal expenses), awards, judgments, and fines asserted against or recovered from Rotary arising out of any act, conduct, omission, negligence, misconduct, or unlawful act (or act contrary to any applicable governmental order or regulation) resulting directly or indirectly from a Sponsor's and/or participant's involvement in grant-funded activities, including all travel related to the grant.
4. The failure of the parties to comply with the terms of this Agreement due to an act of God, strike, government regulation, war, fire, riot, civil unrest, hurricane, earthquake, or other natural disasters, acts of public enemies, curtailment of transportation facilities, political upheavals, civil disorders, outbreak of infectious disease or illness, acts of terrorism, or any similar cause beyond the control of the parties shall not be deemed a breach of this Agreement. In such an event, the Agreement shall be deemed terminated and the Sponsors shall refund to TRF all unexpended global grant funds within 30 days of termination.
5. TRF's entire responsibility is expressly limited to payment of the total financing amount. TRF does not assume any further responsibility in connection with this grant.
6. TRF reserves the right to cancel the grant and/or this Agreement without notice upon the failure of either or both of the Sponsors to abide by the terms set forth in this Agreement and the Terms and Conditions. Upon cancellation, TRF shall be entitled to a refund from the Sponsors of any global grant funds, including any interest earned, that have not been expended.
7. The laws of the State of Illinois, USA, without reference to its conflicts of laws principles, shall govern all matters arising out of or relating to this Agreement, including, without limitation, its interpretation, construction, performance, and enforcement.
8. Any legal action brought by either party against the other party arising out of or relating to this Agreement must be brought in either, the Circuit Court of Cook County, State of Illinois, USA or the Federal District Court for the Northern District of Illinois, USA. Each party consents to the exclusive jurisdiction of these courts, and their respective appellate courts for the purpose of such actions. Nothing herein prohibits a party that obtains a judgment in either of the designated courts from enforcing the judgment in any other court. Notwithstanding the foregoing, TRF may also bring legal action against Sponsors and/or individuals traveling on grant funds in any court with jurisdiction over them.
9. This Agreement binds and benefits the parties and their respective administrators, legal representatives, and permitted successors and assigns.
10. If any provision of this Agreement is determined to be illegal, invalid or unenforceable, the remaining provisions of this Agreement shall remain in full force and effect.
11. Sponsors may not assign any of their rights under this Agreement except with the prior written consent of TRF. Sponsors may not delegate any performance under this Agreement without the prior written consent of TRF. Any purported assignment of a Sponsor's rights or delegation of performance without TRF's prior written consent is void.
12. TRF may assign some or all of its rights under this Agreement to an associate foundation of TRF. TRF may delegate any performance under this Agreement to an associate foundation. Any other purported assignment of TRF's rights or delegation of performance without the Sponsors' prior written consent is void.
13. Sponsors will comply with all economic and trade sanctions, including those implemented by the Office of Foreign Assets Control (OFAC) of the United States Department of Treasury, and will ensure that they do not support or promote violence, terrorist activity or related training, or money laundering.
14. This Agreement constitutes the final agreement between the parties. No amendment or waiver of any provision of this Agreement shall be effective unless it is in the form of a writing signed by the parties.

15. Rotary may use information contained in this application and subsequent reports for promotional purposes, such as in Rotary magazine, in Rotary Leader, on rotary.org and on social media. For any and all photographs submitted with any application or follow-up report, the Sponsor hereby grants to Rotary an unlimited, perpetual, worldwide right and license to use, modify, adapt, publish, and distribute the photograph(s) in any media now known or hereafter devised, including but not limited to, in Rotary publications, advertisements, and Websites and on social media channels. The Sponsor represents and warrants that (a) each adult appearing in the photograph(s) has given her/his/their unrestricted written consent to the Sponsor to photograph them and to use and license their likeness, including licensing the photograph(s) to third parties, (b) the parent or guardian of each child under age 18 or each person who lacks legal capacity appearing in the photograph(s) has given unrestricted written consent to the Sponsor to photograph the child or individual and to use and license their likenesses, including licensing the photograph(s) to third parties, and (c) it is the copyright owner of the photograph(s) or that the copyright owner of the photograph(s) has given the Sponsor the right to license or sublicense the photograph(s) to Rotary.

16. Privacy is important to Rotary and any personal data that the Sponsor shares with Rotary will only be used for official Rotary business. The Sponsor should minimize the personal data of Grant beneficiaries that it shares with TRF to only personal data that TRF specifically requests. Personal data that is shared with TRF will be used to enable the Sponsor's participation in this Grant process, to facilitate the Sponsor's Grant experience and for reporting purposes. Personal data provided to TRF may be transferred to Rotary service providers (for example, affiliated entities) to assist Rotary in planning Grant-related activities. By applying for a grant, the Sponsor may receive information about the Grant and supplementary services via email. For further information about how Rotary uses personal data, please contact privacy@rotary.org. Personal data provided to TRF or collected on this form is subject to [Rotary's Privacy Policy](#).

17. The Sponsors agree to share information on best practices when asked, and TRF may provide their contact information to other Rotary members who may wish advice on implementing similar activities.

18. The Sponsors will ensure that all individuals traveling on grant funds have been informed of the travel policies stated in the Terms and Conditions and have been made aware that they are responsible for obtaining travel insurance.

19. To the best of our knowledge and belief, all relationships between grant committee members, district officers, and other members of the sponsor clubs or districts and any scholarship recipients, cooperating organizations, project vendors, or other individuals or organizations that will benefit from the grant have been disclosed in this application. Except as disclosed here, neither we nor any person with whom we have or had a personal or business relationship will benefit or intends to benefit from Rotary Foundation grant funds or have any interest that may represent a potential conflicting interest. A conflict of interest occurs when someone is in a position to make or influence a decision about a grant or scholarship that could benefit them, their family, their business, or an entity in which they serve in a paid or voluntary leadership or advisory position.

18. The Sponsors will ensure that all individuals traveling on grant funds have been informed of the travel policies stated in the Terms and Conditions and have been made aware that they are responsible for obtaining travel insurance.

19. To the best of our knowledge and belief, all relationships between grant committee members, district officers, and other members of the sponsor clubs or districts and any scholarship recipients, cooperating organizations, project vendors, or other individuals or organizations that will benefit from the grant have been disclosed in this application. Except as disclosed here, neither we nor any person with whom we have or had a personal or business relationship will benefit or intends to benefit from Rotary Foundation grant funds or have any interest that may represent a potential conflicting interest. A conflict of interest occurs when someone is in a position to make or influence a decision about a grant or scholarship that could benefit them, their family, their business, or an entity in which they serve in a paid or voluntary leadership or advisory position.

District Rotary Foundation chair authorization

I hereby certify that this global grant application is complete, meets all Foundation guidelines, is eligible for funding, and that the sponsoring club and/or district is qualified.
