Together we see a world where people unite and
take action to create lasting change across the
globe, in our communities, and in ourselves.

Song of the Week:

My Country Tis Of Thee

My country, 'tis of thee,
Sweet land of liberty,
Of thee I sing;
Land where my fathers died,
Land of the pilgrims' pride,
From ev'ry mountainside
Let freedom ring

Our fathers' God, to thee,
Author of liberty,
To thee we sing;
Long may our land be bright
With freedom's holy light.
Protect us by thy might,
Great God, our King!

Josh Tolley is a world-renowned business expert, using business to provide needed products and services while also providing the community with the benefits afforded by privately-held enterprise.

At twelve years old, Josh began his entrepreneurial journey and three days after high school he started his first business. Having forgone the typical college education in order to build his business expertise, Josh started getting noticed for his unique skill set, and in the early 2000's he was being asked to speak and write on various topics including business and politics. In 2010 he wrote his first book, called "Quit Your Job or Die." Shortly after, he launched his nationally syndicated radio talk show, and in 2015, his three-time #1 best-selling book, *Evangelpreneur*, was released. Next month, his fifth published book will be released, titled "Acquisitional Wealth."

Josh has grown several businesses including Shyft Capital and Kingsbridge to empower people, protect what they are building and growing, and help other business owners' efforts in their successes. He firmly believes in the power of free enterprise as a way to empower faith, family, and freedom through true free entrepreneurship, restoring valuable life in our local communities for people of all ages and all groups. See more information at www.joshtolley.com.

Over 750 million people in the world lack access to safe water and more than 2.5 billion people lack access to adequate sanitation facilities. At least 3,000 children die each day from diarrheal diseases caused by unsafe water. Rotary's projects give communities the ability to develop and maintain sustainable water and sanitation systems and support studies related to water and sanitation.
