You are my sunshine
 My only sunshine
 You make me happy
 When skies are grey
 You'll never know, dear
 How much I love you
 Please, don't take my sunshine away

The other night, dear
 While I lay sleeping
 I dreamt I held you in my arms
 When I awoke, dear
 I was mistaken
 So I hung my head and cried

Dr Rispba McCray-Garrison
Primary Care Physician

Dr Rispba McGray-Garrison is a talented Primary Care Physician who practices in the Houston area. She earned a master's degree in biochemistry, microbiology and molecular biology at Penn State University. She later earned her doctoral degree from the University of Texas Medical Branch School of Medicine. She also completed an internship in internal medicine at the University of Texas Medical Branch in Galveston.

Dr McCray-Garrison served in the U.S. Air Force for several years and continued her medical training as a Family Practice General Medical Officer. As a medical officer, she treated the men, women and their dependents from every branch of the military.

Nearly 1.4 billion employed people live on less than \$1.25 a day. Our members promote economic and community development and reduce poverty in underserved communities through training, well-paying jobs, and access to financial management institutions. Projects range from providing people with equipment to vocational training. Our members work to strengthen local entrepreneurs and community leaders, particularly women, in impoverished communities. Typical world wide projects are shown below.

AGRICULTURAL OPPORTUNITIES
Entrepreneurs in rural communities can borrow money to buy livestock or plant crops, or get training in sustainable farming.

ADOPT A VILLAGE
Rotary members use a multifaceted and coordinated strategy to break the cycle of poverty in extremely impoverished communities.

MICROLOANS
Entrepreneurs use microloans to become street vendors, rickshaw drivers, weavers, and tailors.
