The PTSD Foundation of America aims to bring hope and healing to veterans and their families suffering from the effects of combat-related post-traumatic stress. We are a 501(c)(3) organization that began as a grassroots effort in 2005 with a group of concerned volunteers who searched for homeless veterans on the streets of Houston with a vision and passion for drastically reducing the veteran suicide rate through programming and outreach services. In the past decade, 80,000 veterans were lost to suicide—20,000 more than the number of American soldiers killed in action in Vietnam. The Veterans Health Administration estimates that 44 veterans take their own lives daily. Through our dedication to the mission, we have successfully grown into a nationally recognized non-profit known for assisting combat veterans and their families with the complexities of post-traumatic stress, changing the trajectory of their lives, and transforming them into thriving and productive members of society.

In 2012, we established Camp Hope, a interim housing facility in Houston, Texas. Starting as an 8-bedroom home that provided interim and transitional housing to veterans working to heal their invisible wounds, our five-acre campus now includes five housing facilities with 120 beds: two buildings for classes, worship services, a meeting facility to hold Warrior Group meetings, Alcoholics Anonymous and Narcotics Anonymous meetings; and a unit for hosting family integration programs. Since the inception of Camp Hope, the program has maintained a 24-hour crisis line that a trained combat veteran answers. The organization employs approximately 100 individuals nationwide and offers various services and programs to prevent and reduce suicide among veterans.

October is Rotary International's Economic & Community Development Month. Rotary Clubs all over the world help communities and people in other countries with projects that aim to provide sustainable ongoing development and help, not just immediate charity.
