The Membership Development Committee (MDC) shall serve as the first committee assignment for new Rotarians. This assignment will continue the orientation process and give the new Rotarian an opportunity to learn about the committees of our club and discover where he/she is best suited to serve. As new Rotarians determine their preference for service, they will select a committee. If the choice is for a committee other than the MDC, then attendance at MDC meetings is no longer required.

Use this form to monitor your progress. When you reach **225** points, please notify the **Red** Badge Committee Chair. If you have any questions, please contact the **Red** Badge Committee Chairman.
