Welcome to our new website!*by William D. George*

We are all excited to see how ClubRunner will revolutionize the way we manage our day to day club activities, as well as communicate more effectively.

ClubRunner is a database-backed **membership communication tool**. Accessible by all club members, it allows you to communicate much more effectively, as well as saves you valuable time. **Online registrations** for events and volunteer activities, **automatic email** services, and an integrated **e-Bulletin**, among other features, makes it easy to promote your club's activities.

The website features easy to use **content management tools**, where you don't need to know HTML or FTP to update it. Accessible by any club member with a browser and Internet connection, it stays current with less effort.

Doxess , the creators of ClubRunner, welcome any comments or suggestions, and of course, bug reports. All correspondence related to ClubRunner is to be forwarded to clubrunner@doxess.com . For more information on ClubRunner, visit their website at www.clubrunner.ca .
