# HISTORY OF THE ROTARY WHEEL

A wheel has been the symbol of Rotary since our earliest days. The first design was made (1905) by Chicago Rotarian Montague Bear, an engraver who drew a simple wagon wheel, with a few lines to show dust and motion. The wheel was said to illustrate "Civilization, Movement and Service work in action." Most of the early clubs had some form of wagon wheel on their publications and letterheads.

In 1922, it was decided that all Rotary clubs should adopt a single design as the exclusive emblem of Rotarians.

In 1923 the keyway was added to signify the wheel was a "worker and not an idler".

At the 1929 Rotary International Convention, it was determined that blue and gold would be the official colors of the organization, so the wheel was designed with these colors. The four blue bands within the outer radius of the gear represent our four avenues of service. And the design which we now know was formally adopted as the official Rotary International emblem.
