Rotarian Happenings

Piloted in 2007, the Rotary Student Program was fully launched in 2008 to help guide junior and senior high school students in the earliest stage of the career selection process—before high school graduation.

Through the Rotary Student Program, select young people are invited to explore career interests with behind-the-scenes visits to area businesses. Meeting one on one with business professionals, participating students gain rare access to every level—from CEOs of global corporations to small-business owners. In reverse interviews, students are given the opportunity to learn more about particular areas of interest, what it takes to land their dream job, and even verify opposing career interests.
