It Happened Last Week

Haywood Harris introduced our speaker, **Tim Powers**, Director of the Aggie Honor System Office for Texas A & M. He is also **Haywood's** son-in-law, and **Tim** surely made **Haywood** proud as he did the rest of the club with his splendid

presentation.

Tim is responsible for Academic Integrity issues and training for all 50,000 students and 2400 faculty members of the University—some kind of a daunting task, I would think, even though the great tradition of A&M must ease off the difficulty somewhat.

Tim stressed the problems—particularly cheating—endemic in schools today, at all levels—from public schools to prestigious universities. Though not always perceived as a question of honor, Tim's premise is that such activities are one manifestation of the question.

He stressed the Aggie code: An Aggie will not lie, cheat, or steal, nor tolerate those who do. Tough to live by, but as he pointed out, closely parallel to **Rotary's Four Way Test**.

Tim told us afterwards that he brings that same program to high-school seniors across the state. Great show, indeed.

Take Me Out to the Ballgame

Take me out to the ball game
Take me out to the crowd.
Buy me some peanuts and Cracker Jack
I don't care if I ever get back,
'Cause it's root, root, root
For the home team.
If they don't win it's a shame.
For it's one, two, three strikes
You're out—At the old ball game.

Using Vocational Services to Build Peace

In Japan, we place great importance on the value of work. Whatever we are called to do, we should do it to the very best of our abilities, with dignity and with pride. Whether the job is running a country or shining shoes, there is honor in every vocation.

I grew up embracing this belief, but I had never stopped to contemplate it. One day, in my third year in Rotary, we had a speaker at our club who talked about the purpose of one's livelihood. He asked, why do we work hard? What is the importance of our work?

I had never thought about this before. I never saw it as a question. We work to earn money. We work to be successful. We work because it is required of us. To me, this was all. On that day, I learned about the idea of vocational service. It was the idea that through our work, we can serve others. We think about others' needs, and grow to care more for the needs of our communities. We build positive connections between people, and a more peaceful world.

This is the idea that has changed my life. It did not change how much I worked, or how hard I worked. But it changed why I worked, and how I experienced my life. It has made me see a higher purpose in everything I do.

The idea of Service above Self is an idea that is unique to Rotary. But it is an idea that can be embraced by anyone. And I believe very much that in Rotary, and beyond Rotary, we can build Peace through Service.

DID YOU KNOW....

PALESTINE DAILY HERALD
October 30, 1917

TWENTY CENT SHAVES HAVE COME TO TOWN

Twenty cent shaves have arrived, or will arrive on November first. This is the announcement the local Barber's Union has caused to be issued.

And why not? The barber has to live. With war prices on everything else, he has to pay about double for everything he buys, therefore, he is entitled to receive slightly increased prices for his work. It is announced, however, that hair cuts will remain the same, 35 cents.

Of course, the reader has recourse to the safety razor, if he prefers that sort of facial cultivation.

But, if you wish your face treated kindly, patted and coaxed, and bathed with a warm towel, and then sweetened up with a face-lotion, you must, hereafter, pay 20 cents for the service
