### PALESTINE DAILY HERALD February 2, 1928

FOR MAKING HIGH GRADES CLINTON CRASS IS GIVEN SCHOLARSHIP AT A&M

**Clinton Crass**, member of the 1928 mid-year graduating class of the Palestine High School, has been awarded a scholarship from A & M College, according to announcement made by **Bonner Frizzell**, Superintendent.

Crass left Wednesday night to enter A & M, and also to attend the Older Boys' Conference which is in session at the college. The scholarship will be presented to him at College Station prior to his registration for the new term.

The scholarship comes as an award to Crass for making the highest grades among the boys of the mid-term class.

He is the son of Mr. and Mrs. J. P. Crass of this city and was active in high school work.

*Note: Superintendent Bonner Frizzell was a long-time member of our club, and served two consecutive terms as club president.*

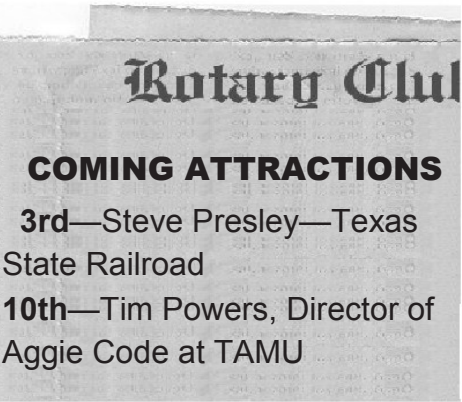

**Cad Williams** introduced our speaker, **Eli Crow**, Superintendent of the Innovation Academy, who stepped in for **Dr. Odell**, who was unable to make our meeting. **Mr. Crow** told the club of the Academy now in operation here in Palestine under the sponsorship of UT Tyler.

He pointed out that the Academy is part of a world-wide system dedicated to innovation in education, emphasizing STEM (Science, Technology, Engineering, & Math) as a core of the programs, but offering and fostering new directions in the classroom, such as fewer lecture periods, leaving time for pupils to continue their work on projects at home. The key to this concept is to "learn by doing," instead of reliance on the lecture as the primary means of gathering information. Their hope is to have their pupils develop individual methodologies for the process of study—of learning.

• We heard from our first set of **Junior Rotarians** from our area High Schools. As always, it is a treat to listen to these bright, energetic students who bring so much to our club. PHS—Jack Rogers & Dana Whitehead; WHS—LaRodney Brown & Kierra Butler

• **President Mike** announced the date—October 18, 2012, at 6:30 P. M.--for his "**Rumble in the Jungle**," a fish fry at his place in Leon County. Bring the spouse and kid-

• **Mike Abrahamson** announced the scheduled **Safety Town** program for **Westwood First Grades** for November 8. More info will follow, but he needs all of our help in this Rotary program.

• **President Mike** won our drawing, but demurred and asked for another number to be drawn. This time, our visitor, **Toni Rogers**, won the drawing.

## DID YOU KNOW...

One of the three specially-designed B-29s which flew in the atomic bomb raid on Nagasaki was piloted by a Palestine man, **James I. Hopkins**, according to a graphic description of the bomb blast written by one of the observers, William L. Laurence of the New York Times, and just released by the War Department.

(Hopkins, son of **Mrs. J. I. Hopkins**, 1102 N Cedar Street, has been elevated from major to lieutenant colonel since the epochal raid).

The flying contingent which dropped the

atomic bomb on Nagasaki included three Superfortress, two of which carried no bombs. In the plane piloted by Hopkins were two distinguished observers from Great Britain, whose scientists played a great part in the development of the atomic bomb. One of them aboard was Capt. G Leonard Cheshire, famous RAF pilot. The other was Dr. William G. Denny, professor of applied mathematics at London University.

Cheshire was designated as an observer of the atomic bomb by Winston Churchill. He is now an official representative of Prime Minister Attlee.

The Super-fortress piloted by Lieut. Col Hopkins was primarily an instrument ship, according to Laurence's written account. It carried special apparatus to measure the power of the atomic bomb at the time of the explosion. Also, it carried high speed cameras and other photographic equipment.

(Note: **James I. Hopkins** was a 1936 graduate of Palestine High School. In 1951, the aircraft he was piloting was lost over the Atlantic Ocean, and never recovered.)
