RI President Gordon McNally May Message

I am deeply gratified by the enthusiasm shown across the world in the past year to better support the mental health needs of each other and the people we serve.

In January 2023 when I first spoke about the need for Rotary to become more engaged on this crisis, I noted that the global mental health system couldn't be described as broken only because it didn't exist. But I also offered a highly aspirational wish that Rotary could help build that system.

The first glimmers of this vision have been brought to light by you in dozens of mental health projects. But just as important is the invitation many of you have given to fellow Rotary members to share their stories.

I am impressed by the leadership young Rotarians and Rotaractors have shown and by the brave, inspiring stories they have shared. Former Rotaractor Freddie Almazan, a survivor of gun violence who refused to give in to despair, has an especially powerful personal narrative that you can hear firsthand at this month's Rotary International Convention in Singapore.

To create lasting change, the work we do needs to have a sustainable impact on the people and communities we serve. One great example of that kind of impact: Rotary clubs in Colorado endowing a pediatric mental health fellowship at Children's Hospital Colorado.

In addition, Rita Aggarwal, an officer of the Rotary Action Group on Mental Health Initiatives, will be recognized for her success in applying the Wellness in a Box framework, a mental health literacy approach for adolescents, in her hometown of Nagpur, India. This highly scalable and clinically backed framework can be adapted for use just about anywhere — reach out to the action group if your club would like to support or implement it.

As we look ahead, the Rotary Action Group on Mental Health Initiatives will play a critical leadership role in promoting proven, measurable projects. In doing so, it will empower clubs to focus on initiatives that drive scalable, sustainable impact.
