## History of the Club

On Tuesday evening, June 3rd, 1913, the Rotary Club of Palestine held its first meeting. Some 20 members were present. The group, which had been called together by Harry I Meyers, met at the Interstate dining room in the International Hotel. Myers, a Palestine native, had come back home in 1912 from San Antonio to join members of his family at the Grand Leader Department store. Perhaps he had heard of the Rotary Club organized in 1912 in San Antonio.

Club officers were elected with twenty-nine-year-old Myers as club president. The newspaper article about that meeting states that "the object of the Rotary Club is to promote social relations between business men."

At the time of its organization, the Palestine Club was the 75th Rotary Club, world-wide, and the 8th club in Texas.

### President Greg

I was born April 6, 1965 in El Paso, Tx. My mother was Betty Martin and father Donald Lindsey. I have one brother, Mark Lindsey

and one sister, Wendy Carter. My wife of 35 years, Doris Lindsey, passed in November of 2019. We had many years of enjoyment together alongside my 3 step daughters: Lorrie Joles, Polly Fraser (deceased) & Gina Fraser, 5 grandkids and 6 great grands.

I moved to Palestine in 1979 and have been involved in Rotary for 20 years. I started in Fairfield Rotary for 7 years and currently working on my 14th year with the Rotary Club of Palestine. I am the definition of "jack of all trades", master of a few! I am the Manager of All-Star Chevrolet here in Palestine, but I am known to embrace the roll of Finance Manager, Gen. Manager and anything else they need.

I am an entrepreneur by nature. I enjoy creative community endeavors and feel being a part of our Rotary gives me the opportunity to both grow and serve. My main goal, among many, is to raise our membership. I would love we gain so many members that the incoming president nominee, Jodi Davis, will not know what to do with it all.

I also want to work on everyone being more involved in the Rotary projects. Like many organizations, there always seem to be a few doing the most. I feel the more involved, the more enjoyable and fulfilling it is for everyone. Service, while building goodwill and better friendship, is a great goal.

I know my Presidency is not about me, it is about the board, the members and the teamwork to make it all a successful year.

## RI President Message

### Francesco Arezzo

Rotary Club Ragusa Italy

Francesco Arezzo, a member of the Rotary Club of Ragusa, Italy, has been selected by the Board of Directors to become Rotary International's president for 2025-26. Arezzo will become president on 1 July. The Board conducted a special session following the unexpected resignation of RI President-elect Mário César Martins de Camargo on 8 June. Guided by the RI code and policies, the Board selected the new president-elect from a pool of candidates who were considered by the Nominating Committee for President of Rotary International in August 2023.

The 2025-26 presidential message, announced at the 2025 Rotary International Assembly in February, will remain Unite for Good, which calls on Rotary members to be a force for unity in a world increasingly divided by politics, geography, and ideology. Through service projects, Rotary brings together people of every background — across races, religions, and professions — in a shared mission to do good in their communities.

Arezzo is an orthodontist in private practice. He is active internationally as a member of the Italian, European, and American orthodontics associations. He is vice president of the National Association of Italian Dentists for the province of Ragusa and was the founder and head for seven years of the delegation for Ragusa of the National Trust for Italy. He is a Knight of Honor and Devotion in Obedience within the Sovereign Order of Malta.

A Rotary member for more than 30 years, Arezzo has served as vice chair of the Joint Strategic Planning Committee and as RI director, learning facilitator, and as district conference presidential representative.

Arezzo is a Major Donor and Benefactor of The Rotary Foundation. He is married to Anna Maria Criscione, an entrepreneur in the tourism field. They have two children.

**OBJECT OF ROTARY**

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

**FIRST:**  
The development of acquaintance as an opportunity for service;

**SECOND:**  
High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;

**THIRD:**  
The application of the ideal of service in each Rotarian's personal, business, and community life;

**FOURTH:**  
The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

## Years of Service

**John McAughan - 13 Years**

**Ed Link - 8 Years**

Every day mothers risk their lives giving birth and millions of children die each year from treatable, preventable causes. At least 7 million children under the age of five die each year due to malnutrition, poor health care, and inadequate sanitation. To help reduce this rate, we provide immunizations and antibiotics to babies, improve access to essential medical services, and support trained healthcare providers for mothers and their children. Your Rotary projects ensure sustainability by empowering the local community to take ownership of healthcare training programs. And there is more.....

Through grants from The Rotary Foundation, Rotarians improve access to essential medical services for mothers and their children. These efforts are aimed at reducing the number of children under age five who die each year because of malnutrition, inadequate health care, and poor sanitation – a figure that is currently estimated at 7 million.

According to another estimate, more than 80 percent of maternal deaths can be prevented with access to reproductive health services and trained health care workers. Rotarians provide education, immunizations, birthing kits, and mobile health clinics to support these causes. Women are taught how to prevent mother-to-infant HIV transmission, how to breast-feed, and how to protect themselves and their children from disease.

## Jodi Davis, Classification Talk

Born and raised in Palestine, I graduated from our local high school in 1992. I've traveled the world and owned various successful businesses

elsewhere –but no matter where life took me, I always came home.

I have 2 grown children: One son & one daughter, who has gifted me with a grandson that truly rules my world (they aren't lying when they say “grandkids are the best!”).

In and out of real estate over the years, I found myself with the opportunity to come back full-time. 2 years later, I purchased Combined Associates and am currently blessed with a group of agents I don't just call friends – but family.

Each agent brings a quality of knowledge to our clients in various areas of Real Estate from the city and rural homes, hunting & ranch land, to commercial and investment properties. Whether buying or selling, our motto here is we want you to feel right at home.
