Victoria's Vignettes

Why? As a little girl, that was my favorite word. I would pester my mother with question after question about "why". I wanted to know how everything around me worked and why. I have kept that curiosity with me into adulthood. So, picture my delight when President-Elect Barry Bondurant and I attended the Rotary Leadership Institute training program this past weekend in Fort Worth where we were challenged to understand our own "why". As Rotarians, we serve as ambassadors of this great organization and should always be willing to introduce our club to potential new members. In order to serve these roles to the best of our abilities, we each need to know our own "why"? Why is Rotary important to you and why do you serve? When you know the answer to these questions, you are better able to share your passion about Rotary and help others imagine what they could do in the community with the power of our club behind them. So, I challenge you this week to find your "why" and then share it with those around you. As we continue to plant the seeds for our club's next century, use this opportunity to plant your own seeds by helping create new Rotarians and members of our club.

To help you get started on finding your "why", I would like to invite members, particularly Red Badges, to attend our club's Board meeting this coming Friday, June 15 from 11:30-1:00 at Legacy Financial on 1205 W. Abram Street.

Speaker: Dr. Jennifer Cowley, President, University of Texas at Arlington

Jennifer Cowley, an Arlington native, attended
Arlington High School and worked at Six Flags. She
remembers when the ballpark opened, it had a TGI
Friday. So much has changed in the entertainment
district since then. Cowley's first experience on the
UTA Campus was as a 6th grader for an orchestra
camp. It was a life-changing experience. UTA is
important and impactful.

Cowley comes to Arlington from the University of
North Texas, where she served as the provost and
vice president of academic affairs since 2017. She
was also a professor in the university's health and
public services college. She's credited with doubling
UNT's research expenditures, establishing a Frisco
campus and improving representation among

women and underrepresented groups within UNT's faculty and administrators, according to a January UT System press release. She earned her doctorate in urban and regional science from Texas A&M University and master's degrees from Texas A&M and UNT.

Before serving at UNT, Cowley spent 16 years at The Ohio State University, where she served as the vice provost for capital planning and regional campuses, head of city and regional planning and associate engineering college dean.

Jennifer Cowley hopes to make UTA a more inclusive university impacting more students with a great college education. Part of the ways Cowley hopes to achieve that is by making career pathways that will lead high school students to UTA.

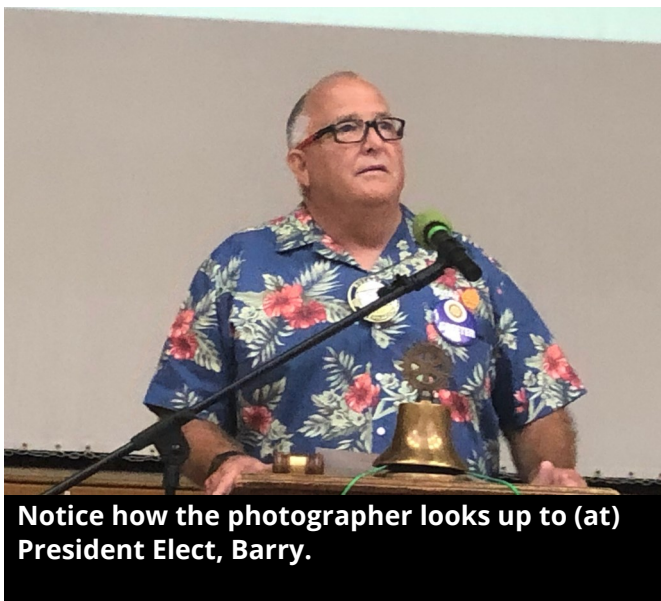

The meeting adjourned at 1:00 p.m.

BIRTHDAYS

Bob Cooke Birthday Fund
July 10 — July 16

July 14 Konstantin Maslenikov

July 14 Ify Uzomah

Our club has a tradition of writing birthday checks to the **Rotary Foundation** in the amount of the number years they are celebrating (or rounding it up a little higher if they chose). The gift sent to the **Rotary Foundation** goes into a pool that eventually funds our club grants and also earns you points toward your next Paul Harris pin. Checks can be mailed to Sally Hopper, 3409 Viscount Drive, Arlington, TX 76016. (Please note this is the **Rotary Foundation** not the Arlington Rotary Foundation. Thanks!)
