Tonight the Lancaster Sertoma Club dedicates this evening's production of the 60th Kick Off Show to two men who started it all, DR. PAUL "RIP" RIPPLE and the late FRANK FILLING. In addition to creating the first show in 1953, these remarkable men have given untold time and energy to our organization for many years. Their charming wit and sense of humor has had us laughing in the aisles and cheering after every performance. Most importantly, perhaps, they encouraged us all to carry on this 60 year tradition which announces the beginning of the season for the WORLD'S LARGEST ONE DAY CHICKEN BARBECUE, an annual fund raiser which has generated over Two Million Dollars for the benefit of the Lancaster community.

Here's to you Frank and Rip from all of us.

To all who are attending today's program and who support the Lancaster Sertoma Club's 60th Chicken Barbecue, our heartfelt thanks! Don't forget that tickets for the World's Largest Chicken Barbecue are on sale in the lobby.

The Lancaster Hempfield club will NOT be sponsoring a GSE reception this year. Evidently we did not have anyone on the GSE committee, so we can't have a reception. Bummer. Instead, we are invited to join the **Lancaster Club on Wednesday, May 8, 12 Noon, for a combined reception.**

The GSE Committee has a request below, please respond:

*Greetings Lancaster Hempfield:*

*We are looking forward to our joint meeting and sharing the GSE experience with your club. We could use some help on May 8th with transporting the GSE team to Tucquan Glenn and staying with them for the hike immediately following our joint club meeting until approx. 6 PM. Would 1 of your club members be interested in this service? Let me know, thanks!*

## Program

Scott and Ed B. presented final instructions on the upcoming “Shop for a Cause” at Park City, four days away.

Scott started the meeting with that kiss of death: “I don’t think we’ll even take up the whole 15 minutes today.”

40 Booths with 38 full sponsorships  
Job details were distributed.

Scott announced that he had designed a ballot counting system that was “perfectly counter intuitive.” Poor guy. He hasn’t slept for weeks.

Other details were discussed.

*Stay tuned for final results. Initial reports are that the event was a smashing success!  
Great job, Scott and Ed B.!*
