Rotary Worldwide

Founded in 1905, Rotary is an organization of business and professional leaders united worldwide to provide humanitarian service, encourage high ethical standards in all vocations, and helps to build goodwill and peace throughout the world. In more than 160 countries worldwide, there are approximately 1.2 million Rotarians who belong to over 35,000 Rotary clubs.

Rotary International is the association of Rotary clubs around the world. The local clubs are comprised of individual Rotarians who meet weekly to discuss and plan the club's service projects, learn from leaders in the community through guest speakers, and enjoy each others fellowship. Clubs select their own projects based on the local needs of the community.

Clubs also support projects internationally, through their own contacts with Rotarians in other countries and through participation in the programs of The Rotary Foundation.

The Rotary Foundation

Established in 1917, the Rotary Foundation is the charitable arm of Rotary International. The Foundation is a non-profit corporation that supports the efforts of Rotary to achieve world understanding and peace through international humanitarian, educational, and cultural exchange programs. During the past 100 years, the Foundation has spent \$3 billion on life-changing, sustainable projects.
