Rotary Club of Space Center

EXPECTATIONS OF NEW MEMBERS (Prospect retain following pages)

Service

The Space Center Rotary Club is a service club, founded on the ideal of service to others. Members are expected to give time to the Club and its projects. Service activities are channeled through the avenues of club service, vocational service, community service, and international service. You are expected to volunteer for club service projects, support worthy causes, and serve on club committees. The success of the club and your success as a Rotarian is directly proportional to your involvement in club activities and by regular attendance.

Attendance

Regular attendance and active involvement is expected of a member who aims to be a good Rotarian. The Space Center Rotary Club, as all Rotary Clubs, encourages attendance of 50% of the meetings each six-month period. Committee meetings or board meetings count as a Space Center Rotary Club meeting.

Rotary International and the Space Center Rotary Club permit you to make-up for a missed meeting by attending the meeting of any other Rotary Club anywhere in the world or on-line. The make-up meeting should be attended fourteen-days prior to or within fourteen-days after missing a club meeting. You are encouraged to attend no less than 30% of your home club's meetings during a six-month period. The club constitution and bylaws provides for the termination of membership for failure to meet attendance requirements.
