Rotary shares an interest in protecting our common legacy: the environment

We are committed to supporting activities that strengthen the conservation and protection of natural resources, advance ecological sustainability, and foster harmony between communities and the environment.

Rotary empowers communities to access grants and other resources, embrace local solutions, and spur innovation in an effort to address the causes and reduce the effects of environmental degradation.

Rotary members are tackling environmental issues the way they always do: coming up with projects, using their connections to change policy and planning for the future.

Pictures by Debbie Clason - thank you!
