## OUR HISTORY - Joint Technical Education District (JTED)

- 1970 – Dr. Keith Crandell, High School Business Teacher proposed a vocational high school.
- Mesa Alternative High School —→ Mesa Vo-Tech
- 1988 - Dr. Crandell reached out to State Senator Lester Pearce and Eddie Basha, State Board of Education.
- 1990 - Legislation created Joint Technical Education Districts (JTEDs). EVIT began operation in August, 1991.
- JTED is an overlay district that serves schools in contiguous districts.
- 2018 - JTEDs now called Career Technical Education Districts (CTEDs)

# Funding CTEDs

- Funding comes from a .05 cents property tax approved by the voters in 1994 for every \$100,000 of the assessed property value of the “sending” districts.
- Legislation created a weighted funding source for CTEDS.
