Volunteer Opportunities

Aspire Academy - March

Aspire Academy is a four-day camp for high school aged girls (9-12th grades) that gives them exposure and hands-on experience while being totally immersed in police officer and firefighter scenarios. They are coached along by female sworn police officers and firefighters from various agencies across the state of Arizona.

The camp challenges the girls to perform police and firefighter skills such as rappelling, forensics investigation, search and rescue, self-defense and obstacle courses.
