

A Club for leaders who care, neighbors who share, building a better future

Membership in the Madison Rotary

Rotary was founded in Chicago in 1905 as the world's first volunteer service organization and quickly expanded around the globe. Rotary members represent a cross-section of business owners, executives, managers, political leaders, those interested in helping others and professionals – people who make decisions and influence policy. Madison Rotary was chartered in 1923. We meet weekly at either breakfast or lunch for fellowship and to discuss local and global topics. Our Club provides over \$100,000 each year to support youth development and non-profit organizations here at home and around the world.

Why Join Rotary?

You'll make valuable connections with community leaders who care about issues facing our community. You'll have the chance to apply your personal experience and professional skills to solve these challenges and create positive change. Madison Rotary seeks like-minded individuals who want to help give back to the community and make a difference both locally and globally.
