Matt Hannum attended president elect training over the weekend and told us about his experiences. He also made an announcement about the Youth Exchange Program. If our club is interested in participating we need to find two host families in the same school district.

This year marks the 150th anniversary of Newton and as a result the town is putting a lot behind this year's Newton Day celebration. Our club is going to be operating a booth on Spring Street for the event.

Sylvester Fletcher gave us an overview of Rotary's five areas of service:

Club Service focuses on fostering strong relationships and an active membership development plan.

Vocational Service calls on every Rotarian to work with integrity and to contribute their expertise to the problems and needs of society.

Community Service encourages every Rotarian to improve the quality of life in their communities and serve the public interest.

International Service, sponsoring or volunteering on international projects, seeking partners abroad.

Youth Service recognizes the importance of empowering youth and young professionals through leadership development programs such as Rotaract, Interact and RYLA.
