I have been a member of the Bristol Rotary Club since September 2014.

I have a degree in Economics (concentration: Accounting) from the University of Connecticut (go Huskies!). I also have a Master's degree in Public Administration from the University of Hartford.

I have worked in the nonprofit field for over 30 years, the majority of that time in social services organizations. I also have experience with federated giving (like United Way) and membership organizations.

I am currently the Executive Director at BARC (Bristol Adult Resource Center), which provides services for adults with intellectual and developmental disabilities. This has long been a career goal for me and it feels good to have achieved it! It's really hard but I truly do love my job.

Working in nonprofits can be a career and I would be happy to talk about it with anyone who is interested.

I have a husband, John, and two kids (Patrick and Elizabeth). I enjoy singing at my church and I also run (slower than a turtle in peanut butter, but I get out there and do it anyway).

Rotary has been a great experience for me – I served as President of the Club for the 2019-2020 year, and I am on the Scholarship Committee. I also serve as the Governor's Aide for the District Governor track for District 7890 (upper part of CT and southwestern part of Massachusetts).
