Bristol, CT 06011-1674

Judi Ann Lausier

Office: (860) 582-9559 ext. 407

Email: bristolctrotary@gmail.com

I am a new member just shy of a year. My Bachelor's degree is in Communication Marketing with a minor in accounting from Central Connecticut State University. Where I was editor of the student newspapers, and extremely involved in student activities/Board of Governors student-faculty committee.

My current employer is United Way of West Central Connecticut, serving Bristol, Burlington, Plainville, and Plymouth. I work in the Resource Development department to raise funds for various causes.

I'm involved with the Environmental Learning Center and the Indian Rock Nature Center. I worked security for concert and sports venues, worked with many noted performers, and chameleon background of networks and hospitality contacts.

My current goals are spreading awareness and education of many of local, grassroots efforts for open land, and environmental-related issues. Working with the senior population and supporting efforts to become a "Dementia Friendly" community. My future aspiration is to travel more.

Bristol and Beyond
