I grew up with Rotary. My father was a lifelong Rotarian and a past president. I attended Rotary events as a kid. In the mid-80s, I was in Rotary for two years. Now, I am back, I have been in Rotary for eight years and counting.

I have a Bachelor of Arts Degree from the University of Connecticut. My major is Psychology. I have had many different careers over the years, including being a Baskin Robins store owner for ten years. I am currently a commercial real estate broker. I specialize in commercial rentals and sales. Also, I own and manage some real estate properties. Eight years ago, I took over my father's business. He had been running his business for over fifty years.

I enjoy playing guitar and banjo. I love anything to do with water or the ocean, including water skiing. I am a Rotary past president. That was an extremely positive experience for me. I always look forward to the meetings. It is great to find out what everyone is doing. I have also made many good lasting business contacts through Rotary. There will be many good years to come with Rotary.
