AROUND OUR ROTARY WORLD

Rotary's work paints a beautiful picture

A painting by British artist Rosa Branson, commissioned by Rotary International in Great Britain and Ireland (RIBI), was unveiled 19 March by Baroness Helene Hayman, the Lord Speaker, in the River Room at the House of Lords.

The thematic work, entitled *Service Above Self*, depicts the many facets of Rotary humanitarian service, including the global campaign to eradicate polio and efforts addressing literacy, health, hunger, and water issues.

The 9-by-6-foot oil painting is Branson S 15th charity work.

Branson discovered Rotary work on a trip to Sierra Leone to visit the land-based

operations of Mercy Ships, which is depicted in the painting and provides health care to port cities around the world. (Rotary clubs

in Great Britain and Ireland helped raise more than £1 million [US\$1.9 million] for the ophthalmic operating unit and the Rotary International Lounge of the new *Africa Mercy* ship.) Other

charities represented are the Impact Foundation, which aims to prevent and alleviate disabilities; the Institute of Cancer Research; The Rotary Foundation; ShelterBox; Sightsavers, whose efforts to fight blindness in developing countries have been supported by Rotary for more than 25 years; and the Wheelchair Foundation.

Branson, who trained at the Slade School of Fine Art, has painted similar pieces for the Red Cross, Salvation Army, and other organizations.

☐ have always loved working on a big scale, and my training has enabled me to be able to paint anything, ☐ she said. ☐ I feel I have found this amazing world, and each time I paint one

charity painting, it leads to another.

LAST WEEK

Presiding: **Linda Tunnell** Invocation: **Fred Speno**

Pledge/Song leader: Larry Gebhardt Introductions: Barbara Barney Sgt-at-Arms: George Keeling Chair of the Day: Bart Noble Speaker: Coach June Jones, SMU

President **Linda Tunnell** called the meeting to order with an interesting Rotary comment from an unlikely source, Ted Turner. Among our many visitors and guests were four students who are Interact Club members at Hill-

crest High School. George Keeling reported that he received two very nice checks and two IOU's, which will undoubtedly be collected next Friday.

Margaret Collins reminded us of the upcoming Kentucky Derby party on Saturday, May 4th, at her home in Southlake. This is also a new member event. This week's HUB advertiser is Kathleen's Sky Diner (Robert Ellington). Do they still have those wonderful French-fried leeks?

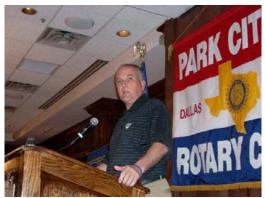

We were introduced to Kelly Warnock, Hillcrest H.S., who will be going to France as our exchange student in next Rotary year. Kelly spoke briefly and thanked Park Cities Rotary for making it possible.

President **Linda** announced that we will be celebrating the Rotary Club of Park Cities' 60th birthday on May 19th.

SMU Athletic Director Mike Vaughan introduced us to new head football coach, June Jones. Mr.

Jones noted that he brings NFL experience on his coaching staff. He told us he grew up as a sports junkie and played lots of sports, but he didn't get a chance to play until his senior year at his third college.

At the college level, many players have the same skill sets. What makes the difference between being good and extraordinary are the intangibles. Coaches can make a difference with athletes who are persistent and determined. His philosophy is to share and to give to those around you. This fall should be very different on the Hilltop.

WORTH REPEATING

HOT LINKS

When Rotarians see a need in their community, they re quick to take action. However, many projects require more than just hard work they need funding, too.

Project funding can come from club, district, or international sources. Rotary s funding guide at www.rotary.org can help you sort through the types of funding available and learn how to ap-

ply for it (to access the guide, click the Service and Fellowship tab, then click Fund a project).

The online guide provides links to information about obtaining funding through districts and through The Rotary Foundation Humanitarian Grants Program, as well as how to communicate your project funding needs to other Rotarians through a project database.

AROUND OUR ROTARY WORLD

Tapping Rotary for clean water

From May to November, heavy rains wash out the unpaved roads that wind for 38 miles between the city of San Marcos and the village of San Isidro in Guatemala. But April Veness has made that journey four times to help with a Rotary Foundation Matching Grant project that has installed a clean water system for the people of San Isidro.

It was a "huge and expensive challenge," says Veness, an associate professor of geography at the University of Delaware in the United States and a recipient of a Rotary Grant for University Teachers. "The people are subsistence farmers, and the houses are scattered over a large area." The project entailed laying miles of pipeline from fresh-water springs to the village.

Veness got involved with the effort while teaching at the Centro Universitario de San Marcos from August 2006 to April 2007. She and three of her former students at the University of Delaware, including 2002-03 Rotary Founda-

tion Ambassadorial Scholar Jennifer Koppenhaver, helped forge a network between District 7630 (Delaware; Maryland, USA), the Rotary Club of San Marcos, the Catholic Diocese of San Marcos, and the San Isidro community.

When she went back to San Isidro to help inaugurate the new water system, Veness was moved to learn that the effort had been named April's Project in her honor. Even better was seeing "the happy faces of the San Isidro community that, at long last, got clean water and latrines," she says. Veness is now helping the San Marcos club and Builders Beyond Borders, a nonprofit organization based in Connecticut, USA, to form a partnership to construct a school for the deaf in San Marcos. All the work, she says, has rewarded her with "a rich web of support and fellowship that will be important to me for years to come."

Farris's mother-in-law has passed away. Please keep these families in your prayers.

On a happier note **Dudley Rouse** is out of rehab and should be back with us

soon. Along with the Pledge of Allegiance and "Star Spangled Banner," **Charlotte Kroeker** led us in singing "Talk to the Animals." Sgt-at-Arms **George Keeling** re-

ported that he had gotten five nice checks for the RCPC Foundation.

P-E **Ley** announced some highlights of the Paul Harris Foundation Dinner, chaired by

PP Greg Pape; former member Larry Heller was

awarded

a Foun-

dation

Distinguished Service Award, **Charlie Bond** became the latest member of The White Hat Society, and **Greg Pape** was awarded the Foundation Citation for Meritorious Service. Greg reminded us that our District's top contributor is our own Charlie Bond. Charlie made his annual contribution in memory of his father-in-law and former RCPC member **Jere Eliot** by honoring **Elizabeth Hart** as a Paul Harris Fellow for her significant contributions to Rotary.

P-E **Ley** introduced today's speaker Sean Greene, Director of Community Relations

for the Dallas Zoological Society. He explained that the zoo is owned by the city, but the Society is a support organization which runs all the marketing and non-profit events for the zoo. Sean brought two feathered friends with him, an Eagle Owl and a Blackfoot Penguin. The zoo's exhibit Wings of Wonder opened last year, and the penguin exhibit opened in 2006. He feels the purpose of zoos is to conserve animals, to educate and to provide recreation.

Blazing a trail to freedom In October, four Rotarians left highlighted the importance of maintaining dams in India to

from Hull, England, to embark on a 25-day, 4,500-mile humanitarian journey to Sierra Leone. Clubs from District 1270 (England) sponsored one of the group's five four-wheel-drive vehicles, which the Rotarians drove along historic slave routes from France through Europe and North Africa. In Freetown, Sierra Leone's capital, the team and other volunteer drivers handed the trucks over to agencies that will use them to repatriate child slaves and soldiers. ShelterBox provided survival equipment for the Rotarians to pass along to aid organizations, including Help a Needy Child International.

tion system still needs serious improvement. He feels that it must be

public

educa-

asked why so much reform has yielded so little change.

Mr. Paige believes the answer has four points. First, education reform has been driven by policy elites and advocacy groups, but not the teachers and principals. Second, education comes down to the quality of the teaching, and schools must create an environment where teachers can do their magic. His final concerns were for the weak governance of the schools and of the system as a whole.

THOUGHTS ON ...

The Future

We should all be concerned about the future because we will have to spend the rest of our lives there.

~Charles F. Kettering

I never think of the future. It comes soon enough.

~Albert Einstein

The future ain't what it used to be.

~Yogi Berra

And in today already walks the future.

~Samuel Taylor Coleridge

The best way to predict the future is to invent it.

~Alan Kay

The world is full of people whose notion of a satisfactory future is, in fact, a return to the idealized past.

~Robertson Davies

The future is here. It's just not widely distributed yet.

~William Gibson

You must be the change you wish to see in the world.

CLUB ANNOUNCEMENTS

4th of July Parade It's coming soon and the club will need your help. The RCPC Parade Hotline, 972-239-6499, is operational and provides important parade information.

RYLA Dates Change Camp RYLA will start on Saturday, June 7 (instead of Sunday) and will end Thursday, June 12. The site remains Camp Hoblitzelle.

HAPPY 60TH BIRTHDAY PARK CITIES ROTARY

Organized by the Rotary Club of Dallas, the Rotary Club of Park Cities opened its storied history on the evening of June 11, 1948,

with a Charter Night Banquet that inducted 60 new members. The original meeting site was the Melrose Hotel and remained so for 29 years. Over the course of the following 25 years, our club met in a variety of facilities before moving to our current location in 2000.

Miss Inez Teddlie, a Dallas institution, was the first hired administrator. She was an accomplished pianist and organist, who played for Park Cities Rotary beginning in

Organized by the Rotary Club of 1948. She continued to play for our club for the next 54 years, until her death in 2002.

The Rotary Club of Park Cities has a long and active history in the local, national, and international arenas, and it has garnered numerous District awards for its unflagging service. This is truly a remarkable club with a remarkable history, and it continues to attract the kind of people who will make a real difference going forward.

Happy 6oth birthday, Park Cities Rotary. You can rest assured that the legacy of the past is in good hands with the present membership as you look toward a future of service to the community and the world.

APPLICANT: Illness. My boss got sick of me.

FLOOD: A river too big for its bridges.

One good thing about egotists is they never talk about others.

MOTHER: "Last night there were two pieces of pie in the pantry, now there is only one. Can you explain that?"

Teenager: "Well, I guess I didn't see the other one.

If people listened to themselves more often, they would probably talk less.

TODAY'S PROGRAM

Jess Johnson Memorial Day Tribute Celebrate Commemorate

May 23, 2008

Program Chair of the Day: Linda Tunnell

called Declaration Day, is a day of remembrance for those who have died in our nation's service. There are many stories as to its actual beginnings, with over two dozen cities and towns laying claim

emorial Day, originally to being the birthplace of Memorial Day. There is also evidence that organized women's groups in the South were decorating graves before the end of the officially proclaimed on 5 Civil War: a hymn published in 1867, "Kneel Where Our Loves are Sleeping" by Nella L. Sweet carried the dedication "To The Ladies of the South who are Decorating the Graves of the Confederate Dead" (Source: Duke University's Historic American Sheet Music, 1850-1920).

Waterloo N.Y. was officially declared the birthplace of Memorial Day by President Lyndon Johnson in May 1966. Memorial Day was May 1868 by General John Logan, national commander of the Grand Army of the Republic, in his General Order No. 11, and was first observed on 30 May 1868, when flowers were placed on the graves of Union and Confederate soldiers at Arlington National Cemetery.

Jess Johnson served as a US Army combat medic in

the Vietnam War and as a US Army Reserve weap-

specialist and instructor at the JFK Special Warfare Center before retiring in 1999.

Virtual book drive lets everyone participate

Rotarians heading to the 2008 RI Convention in Los Angeles next month are urged to bring one or several books in the language of their choice for Rotary's Wide World of Books, a commemorative project of the LA2008 Convention Host Organization aimed

at boosting literacy among local schoolchildren. Those who want to be a part of this global literacy initiative but aren't able to attend the convention, can still help by making a virtual donation.

Scholastic, the world's largest publisher and distributor of children's books, has partnered with Rotary's Wide World of Books and Reading by 9 to provide great books at low cost to Rotary clubs. Scholastic will ship the books free of charge to Los Angeles. Books must be ordered before 1 June to be included in the project.

"Literacy is crucial in determining a person's overall academic, professional, and personal success," says Ingo Werk, chair of the initiative and past governor of District 5280.

Werk hopes the initiative will set a Guinness World Record for the largest international book drive. A "mountain" of donated books will be on display in the atrium of the Los Angeles Convention Center. This achievement will be certified at the convention, says Werk.

Since 2000, a number of Southern California clubs have participated in Reading by 9, a multiyear campaign established by the Los Angeles Times that helps students in kindergarten through third grade read at grade level by the age of nine.

May you never forget what is worth remembering, nor ever remember what is best forgotten.

Vet-To-Vet

Vet to Vet was founded in 1994. Just before Christmas of that year, Jess and Peggy Johnson distributed hamburgers and coffee

thermoses to 24 patients at the Dallas VA Hospital. Their generosity was warmly received, and in the years since they have

expanded their operation to include the Bonham, Waco, and Temple VA hospitals in addition to the Dallas location.

Vet to Vet now provides 4,000 gifts to 1,600 patients each Christmas, as well as hosting monthly bingo games and barbecues throughout the year.

Vet to Vet hosts fundraisers to support Texas VA hospitals and would like to open a chapter in all 162 VA hospitals across the country. Additionally, the organization is building homes on land near VA hospitals that will accommodate veterans and their families free of charge during their rehabilitation.

THEY PROFIT MOST WHO. BEST

The day I got married was really embarrassing. The minister said, "If anyone does not agree with this marriage, speak now or forever hold your peace." I turned around and her family had formed a double line.

BACHELOR: Footloose and fiancée free

Did vou hear about the blond who locked herself in her car and had to break a window to get out?

HUSBAND TO WIFE (AS THEY LEAVE THE BABY SITTER WITH THEIR SON): "I still say that when they starting asking for a blonde instead of a brunette, they are old enough to stay home alone."

POLITICS: A career that is mostly promising.

Have you noticed how politicians consider free speech not as a right but as a continuous obligation?

children before receiving his papers to emigrate to the United States in 1951.

Mr. Jacobs is founder and past president of the Holocaust survivors in Dallas and is founder of the Dallas Memorial Center for Holocaust Studies dedicated to the memory of the 11 million souls - 6 million Jews and 5 million non-Jews - who perished at the hands of the Nazis from 1939 -1945.

AROUND OUR ROTARY WORLD

Rotarians, healthcare providers rise to Rotary's Challenge

Two Chicago-area health care providers joined the Rotary Club of Elgin, Illinois, USA, in helping to meet Rotary's US\$100 Million Challenge. The Elgin club raised \$40,000, and Provena Saint Joseph Hospital and Sherman Health each contributed \$5,000. Elgin club president Michael McKay presented a check for \$50,000 to RI President Wilfrid Wilkinson at the club's 10 March meeting.

"While Provena Saint Joseph Hospi-

tal is deeply committed to the communities we are privileged to serve as a faith-based, mission-driven health care organization, our commitment to provide healing and hope transcends far beyond the Elgin area," said Bill

Brown, president and CEO of Provena Health's northern Illinois region. "It is an honor to partner with highly regarded organizations like Rotary International and Sherman

Health on such a worthy cause."

"Rotary International's polio eradication effort has been one of the great success stories in world health," said Rick Floyd, president of Sherman Health, a network of suburban Chicago medical facilities. "We are pleased to join with Provena Saint Joseph Hospital in contributing to complete victory over polio."

Earlier this year, McKay approached Brown and Floyd with the objective of creating a partnership to help support

Rotary's challenge. RI is matching the joint contribution at 50 cents on the dollar through PolioPlus Partners for a total of \$75,000.

President-Elect **Ley Waggoner** called this Memorial Day meeting to order. PP **Karl von Bieberstein** led The Pledge of Allegiance, "The Star Spangled Banner," followed by one verse of "America, The Beautiful." Among our guests today was a long-distance visiting Rotarian from Longview. Self-described "corporal" **Mike Kelley** stood in for our Sgt-at-Arms and announced two checks from last week and one check this week, with two more promised for our RCPC Foundation.

\$8,800, had been made from the Foundation's funds; one will go to RI for a water catchment dam to go with the water well we sponsored in India. **Jeff Pirkl** auctioned two sky suite tickets for the Colonial Golf Tournament with the proceeds donated to the RCPC Foundation. **Fred Brown** announced Attendance Awards, with **Mark**Jess explained that there are 600,000 cases of Post-Traumatic Stress Disorder resulting from the Iraq War, and that these vets will require care to help them recover. Don't forget to listen to Jess on the radio on 91.7 on Saturdays at 10:00 am! The program ended with Hy Lyon, Bob Dill, and our own vets presenting Jess with a book of photographs commemorating the American sol-

Thomason topping the list with twentytwo years. PE Ley awarded Blue Badges to **Nick Shoop** and **Rob Banes**. **Bill Clark** brought a flag from his previous club in North Little Rock.

Jess Johnson began our Memorial Day Program by explaining that he had just come back from Mosul in northern Iraq and Arbil in the Kurdish area, where there is a lot of new building. Jess then described the meaning of a military Honor Guard's thirteen ceremonial folds of the flag. When completely folded, the stars are up, and the flag resembles the tricorn hat worn during the Revolutionary War. Jess then introduced our special quests from the VA Hospital, and recognized our own veterans, as well as those who volunteer for Vet to Vet. Jess explained that there are 600,000 cases of Post-Traumatic Stress Disorder resulting from the Iraq War, and that these vets will require care to help them recover. Don't forget to listen to Jess on the radio on 91.7 on Saturdays at 10:00 am! The program vets presenting Jess with a book of photographs commemorating the American soldier.

THOUGHTS ON...

Hope

Man can live about forty days without food, about three days without water, about eight minutes without air, but only for a second without hope.

~Unknown

To keep the lamp burning, we have to keep putting oil in it.

~Mother Teresa

We'd never know how high we are till we are called to rise; and then, if we are true to our plan, our statures touch the sky..

~Emily Dickinson

In the midst of winter, I found there was, within me, an invincible summer.

~Albert Camus

When you reach the end of your rope, tie a knot in it and hang on.

~Thomas Jefferson

Hope is the thing with feathers that perches in the soul, and sings the tunes without the words and never stops at all.

~Emily Dickinson

BRINGING PEACE THROUGH UNDERSTANDING

Investing in people to help build peace Many others disappeared.

Former Rotary World Peace Fellow Umar Shavurov is fond of quoting a proverb popu-

lar in his native Kyrgyzstan: "The wise invest in people; fools invest in wars.'

Shavurov hasseen both sidesof that adage in action. In 1990, at age 11, he and his family were forced to flee their home

as violence erupted between Kyrgyz and Uzbeks in the city of Osh. Hundreds of people died during the month long conflict.

"I have always asked why once-close neighbors kill each other and what are the ways to avert such acts," Shavurov says.

A Rotary World Peace Fellowship helped provide some answers. Sponsored by the Rotary Club of Bishkek, Shavurov studied at the Universidad del Salvador in Argentina, graduating in 2005 with a master's degree in international studies.

"One of the greatest lessons I learned in the program is that peace is about being patient," he says. "Everyone has a different understanding of peace and how to achieve it. It takes a lot of patience to bring together all of these understandings."

THEY PROFIT MOST WHO BEST

The prisoner was being questioned by the judge. "Do you deny that you stole this typewriter?"

Cried the prisoner, "Gee! Is that a typewriter? I thought it was a cash register."

"I'm going to marry a 25-year-old girl," said the 88-year-old man to his doctor. "That could be fatal," answered the doctor.

"Well, so be it," replied the old man. "If she dies, she dies."
