

PATRIOTPAWS
SERVICE DOGS

A PUPPY'S JOURNEY

From puppy to placed service dog is a long and expensive journey. When a puppy enters the Patriot PAWS training program to become a service dog, it takes an average commitment of 2 to 2 ½ years' time at a cost of \$35,000 per dog. However, when we place a fully trained service dog with a disabled veteran, **there is no cost to the veteran.**

AND HOW IS THAT POSSIBLE?

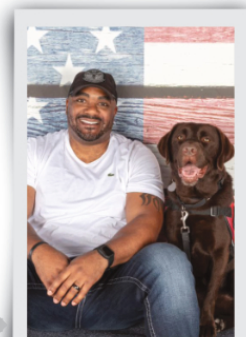

It is only **with the kind generosity of supporters like YOU** that we can train the highest-quality service dogs and provide them to our nation's disabled veterans free of charge. **Together**, we have been making a difference in the lives of disabled veterans for the past 16 years...

and together, we can keep going forward training puppies today to enrich the lives of even more disabled veterans tomorrow.

SO PLEASE, during this season of giving, help our puppies fulfill their potential to one day better the lives of those who have served and sacrificed for us all. **Together**, we can do it, *four paws at a time.*

Won't you please help us on our journey to become service dogs?

Your tax-deductible donation will help today's puppies become the service dogs of tomorrow. At an average cost of \$35,000 per dog, it is only with your kind support that we can provide service dogs of the highest quality to our nation's disabled veterans at no cost to them.

NEED AN IDEA FOR HOLIDAY GIFT-GIVING?

Engraved bricks make personal and unique gifts, so please consider ordering one or more today in honor or in memory of a 2-legged or 4-legged someone special.

My gift toward a service dog will be:

ENGRAVED BRICKS FUNDRAISER (can be personalized)
4" x 8" Brick = \$150 ea. 12" x 12" Brick = \$250 ea. Replica
