

## **Dentistry With A Heart Impact from Dr. Michael Rainwater**

Dentistry with a Heart" celebrated it's 12th year on October 5th, 2024, treating 26 patients from Salvation Army Adult Rehabilitation Center and Agape Clinic, for basic dental services of extractions, fillings and cleanings. Salvation Army has been a partner with D.W.A.H. from our 1st year and not only helped identify patients but hosted our dental pre screening on Sept. 30th. This early screening improved time and patient flow and allowed patients to go directly to their dental chair. Thank you to Javance Johnson and Captain Cheryl Gibson with Salvation Army, Park Cities Rotarians; Fred Brown, Dr. Michael Rainwater, Pam Carvey and Mary Bishop as the pre-screening enabled a great start for the treatment day.

This was the 7th year working at Agape Clinic. This partnership of amazing Agape staff, private practice dentists, hygienists and assistants, along with Park Cities Rotary organizing the event each year, gave patients the dental treatment needed, health vitals were checked and each can return for future care at Agape for medical and dental needs.

Park Cities Rotary volunteers who guided us through the day; Chair - Fred Brown, Karen Farris, Chief photographer Phillip Bankhead, Paul Hoffmann Executive Director of Agape Clinic, Ley Waggoner, Richard Stanford, Pam Carvey, Barbara Jeffries, Barbara Marcum, Walt Marcum, Holly Hollenbeck, Jodie Ray, Kacey Lambert, Patsy Watson, Mary Bishop and Michael Rainwater.

Our dentist volunteers were Drs.; Karl Veasey, Todd Ayars, Martin Kahn, eighth year participating Patrick Wharry, Sarah Kong and Michael Rainwater. Thank you to our amazing Hygienists; Melissa Gruenwald, Wendi Gray. As always, nothing happens without assistants, Thank you Diana Rodriguez, Kiara Ransom, Beatriz Mata, Nataly Archundia, Maheen Rahman, D.M.D., and Petra van Beveren. Big Thanks to Dora Gonzales coordinating Agape's medical team!

Working with Agape Clinic is always such a blessing and they have a truly a great Team!

**\$ 35,690.00 of dentistry accomplished improved the lives of our patients and provided an opportunity for all volunteers to make a difference.**

Great way to spend a Saturday!!
