Howard Fitch* New Member Speech Day

The Club's New Members Introductions

Howard Fitch was a member for only about three and a half years before his sudden and untimely death in September, 2012. Always friendly and joking, he is most remembered for "shepherding" the new members through to their Blue Badges. He coined the phrase "Living Obituaries" for these new member speeches.

COMMITTEE TIME

Program Committee Meeting

All members of the Club are members of the Program Committee.

Programs are absolutely critical to the Club. Almost all of our new members come to visit a regular meeting, and the lure to get visitors to visit is that week's speaker.

RCPC has an excellent track record of interesting speakers. Every single speaker was invited by one of our Club members.

Now that we are streaming our meetings on Facebook even more people are learning about our excellent programs. Over 1300 people have viewed the video stream from the meeting where Max Glauben spoke

Our next Program Committee meeting will be

Thursday, August 30, at 6:30 pm
at the Agape Clinic, 4104 Junius St.

You get to participate in program planning, get free pizza and visit the facility of one of the Club's collaborative partners in one evening!

Join Us for a Tour of the George W. Bush Presidential Library Followed by Happy Hour at Peggy Sue's!

LAST WEEK

Presiding: **Paul Pirok**
 Invocation: **Maryllyn Hargrave**
 Pledge: **Ley Waggoner**
 Photographer: **Ley Waggoner**
 Chair of the Day: **Paul Pirok**
 Speaker: **Bill Slicker, District Governor of District 5810**
 Program: **State of the District**

President **Paul Pirok** called the meeting to order. **Maryllyn Hargrave** gave the invocation, noting that **E G McMillan's** stepdaughter is in the hospital with cancer. Please keep her and her family in your prayers. **Ley Waggoner** led the Pledge of Allegiance and "The Star Spangled Banner." Our visitors and guests today included a DG Bill Slicker and DGE Beverly Grogan. **Herb Ziev** introduced our Marketplace Advertisers of the Week, **Nolan Duck** and **DBG Advisors** who specialize in selling privately held companies. PP **Greg Pape** remarked that in 2017-18, 100% of the members of RCPC were Paul Harris Fellows. There were forty members who were not PHFs up to that time, but fifteen members contributed to make them PHFs. He remarked that in some clubs another member must make you a PHF before you can contribute additional funds yourself. PP **Greg** then called **Richard Stanford** and **Larry Nichols** to the podium and awarded them a

PHF pin with three sapphires, designating a 4th level contribution. President **Paul** announced a Program Committee Meeting for August 30. He also congratulated **Jina McDaniel** whose grandfather was the founder of El Fenix and is having a street named after him near the original restaurant. He also thanked **Sarah Oliai** for chairing next year's Fourth of July Parade.

President **Paul** introduced our speaker

today District Governor of District 5810, Bill Slicker. DG Bill started by remarking that "It is a good day to be a Ro-tarian." He also said that he would be focusing on having more fun this year and was planning to have more parties. He continued that Rotary was making a difference around the world. He commented that Rotary conventions light up with excitement, with representatives from countries all over the world. Rotary can be a little liberal, but it is made up of people from all walks of life and cultures. He said that there have been some changes starting on July 1; if you have a community project, you must have a community impact statement. The people in the community must be asked what they want before a project is started. The locals are asked to put money in a community fund, managed by the local elders, to contribute to the project. Rotary does not just give money, but facilitates the project. Many projects have brought clean water to communities, which has the added benefit that women and children no longer have to spend so much time getting water and can start a home business or go to school. There are kids in Ghana who are raising money to build a VoTech school. This will better train the people there, and they will not have to leave their families. Fresh water also impacts the spread of polio. Rotary has signed an agreement with Ghana to put in microflush toilets in homes, schools and other public places. The families must buy them, but they are giving the blueprints to the locals so that they can manufacture them. RI has eliminated polio in all but three countries, Nigeria, Afghanistan, Pakistan. The women are the best navigators in providing the vaccine. However, at least twenty women have been killed by terrorists while distributing polio vaccines.

Our Mission

Building a legacy of good works and fellowship, we strive to:
 REACH those in need in partnership with others
 INSPIRE tomorrow's leaders with high ethical standards
 FOSTER lives of service above self

THOUGHTS ON ... DISTRICT 5810 AWARDS

Membership

We are obliged to respect, defend and maintain the common bonds of union and fellowship that exist among all members of the human race.
~ Cicero

Deceivers are the most dangerous members of society. They trifle with the best affections of our nature, and violate the most sacred obligations.

~ George Crabbe

To succeed as a team is to hold all of the members accountable for their expertise.

~ Mitchell Caplan

The bond that links your true family is not one of blood, but of respect and joy in each other's life. Rarely do members of one family grow up under the same roof.

~ Richard Bach

The greater the loyalty of a group toward the group, the greater is the motivation among the members to achieve the goals of the group, and the greater the probability that the group will achieve its goals.

~ Rensis Likert
