## DG Howard Templin Update on District 5810

2022-23 5810 DG Howard Templin, a 4th generation Dallas native, married his wonderful wife Ellen in 1990. They have three adult daughters, Nicole Templin, Barbara Templin, and The Very Reverend Claire Makins. They have 2 grandsons, Cal and James Makins.

Howard has Bachelor of Architecture degree from the University of Texas, Austin. After working as an architect and capital improvements project manager for over 47 years, he retired in July 2020 from being a Senior Project Manager on the University of Texas at Dallas campus.

Howard, a 4th generation Rotarian, has been a member of The Rotary Club of Dallas since 2009. He is Paul Harris Society and a Major Donor. He was president of the Rotary Club of Dallas, the 1st club in Texas, in 2017-18.

Howard has served on the RCD Board of Directors, the Dallas Rotary Foundation Board, Chairman of the Membership committee, several committees, as well as participating in many of his club's projects. He is a past District Membership Chairman, Assistant Governor, and a Lone Star PETS facilitator.

Ellen Templin's charity: **Project Moses**

Project Moses is a mission founded by parishioners of St. Michael and All Angels Episcopal Church in Dallas to highlight the truths of Human Trafficking, to provide financial assistance, as well as volunteer assistance to the agencies who work with its Survivors, and to seek avenues of change.

This ministry focuses on the scourge of human trafficking in our community through education and awareness, advocacy with legislatures and law enforcement, and partnerships with many agencies working on the rights and rehabilitation of the many victims of this crime.

One of the truly unique things about our Club is our Legacy of Leadership program. This is a leadership development program that helps our members be better leaders in our Club and also in their daily lives. The focus is on servant leadership and teamwork.

We have had four cohorts travel through this program, and we have improved the course every time. We have found that not only is the course beneficial as a leadership training, it has also built strong relationships within the Club. *(continued on page 3)*

Currently, they serve on the second Monday of the month. Ronald McDonald House provides housing and meals at no cost for families who have traveled to Dallas for medical care for their children,

### LAST WEEK

Presiding: **Jeff McNaughton**  
 Invocation/Pledge: **William Taylor**  
 Chair of the Day: **Happy Franklin**  
 Speaker: **Deborah Rose**  
 Program: **Change Your Handwriting, Change Your Life!**

President **Jeff McNaughton** called the meeting to order on another hot August day. **William Taylor** gave the invocation, noting that **Orv Salmon** had broken his foot and was moved to an assisted living facility. **William** then led the Pledge of Allegiance and singing *The Star Spangled Banner*. President **Jeff** introduced our visitors and guests. **Leo Avila** introduced our Marketplace Advertiser of the Week, **Kyle Marmillion**.

**Ryan Botzong** was called on to give his New Member Speech. Ryan said he was born in Shreveport, but was a Cowboys fan and always wanted to come to Dallas. He graduated from Old Miss with a degree in finance. He currently works for 49 Financial. He said he enjoys Rotary, and after he had joined, he found out that his grandfather had been a Rotarian.

Then **Patti Schaub** was called on to give her New Member Speech. She said she had been in Dallas since 2008, but didn't know about Rotary until **Sarah Oliai** told her about organizing the Fourth of July Parade. **Patti** said she has a husband, three children and four grandchildren. Her youngest has Down Syndrome and an Autism Spectrum disorder. She is on the Special Education Board in the HPISD, and is Chair of the Developmental Committee. She is concerned with providing an enriching program for adults with disabilities. She attended the U. of Maryland and lived in Maryland. The family moved to Austin in 1995 and to Dallas in 2008.

PP Rod Pirtle, an over thirty-three year Rotarian, accompanied by his wife Beth was awarded an Honorary Membership, recognizing his many contributions to the club.

PP **Happy Franklin** introduced our speaker today, **Deborah Rose**, who spoke on "Change Your Handwriting, Change Your

Life." She said at first she was skeptical, but she saw benefits in her own family. Both of her children had mental health issues in childhood. Her daughter was struggling with depression. A handwriting analyst told her that her daughter was suicidal. She found out that it was true. The whole family went through the handwriting therapy. The therapist was one of only nine people in the world who can train others to do this type of therapy. A complete profile takes eight hours to complete. It shows three hundred and fifty traits, which are divided into major and minor traits. She said the subconscious likes to hang on; that is why habits are so hard to break. Handwriting therapy does not require that you talk or share secrets. She said when she went through the therapy, her life changed; she lost weight, she got more confident and she became a better parent. The therapy works well with anxiety, depression, bipolar, and PTSD. The only downside is that you have to write ten minutes a day with your non-dominant hand. The non-dominant brain makes you stronger, smarter and taps into the subconscious. It gets results. It is a great team builder; she does an analysis of the members and then they have to guess who it is. It can also tell the leader who has weaknesses. It is a science, but it also intuition. It tells about personality, character and interests. It cannot tell about a person's age, sex, color or creed, She never reads what a person wrote. She also looks at the size of the letters, the size of the margins, and letters are compared to others on a chart.. For her family and many of her clients it is life changing; Many get off of some or all of their medicines. Both of her children have a good quality of life now. She was asked about the psychological community. The American Psychological Association has not commented on this, but it is big in Europe. Currently, there are only about thirty therapists in the U.S. She said she had clients in Europe; because she does not read the words; she just looks at the letters. The cost of a profile is \$1000 and therapy is \$5,000. She can be called at 972-494-3232

## THOUGHTS ON . . .

### The Words of Paul Harris about Rotary

It has been the way of Rotary to focus thought upon matters in which members are in agreement, rather than upon matters in which they are in disagreement.

Friendship was the foundation rock on which Rotary was built and tolerance is the element which holds it together.

There is nothing in Rotary so sacred it cannot be set aside in favor of things better.

Rotarians are very much more favorably disposed towards action than they are toward words.

If you have the love of your fellow men in your hearts, my friends, you are a potential Rotarian.

Rotary brings out and develops the best there is in men.

The Rotary of today is different from the Rotary of yesterday and the Rotary of tomorrow cannot, must not, be the same as the Rotary of today. Rotary will continue to evolve.

## PEOPLE OF ACTION (continued)

*Legacy of Leadership continued from page 1*

This is a great way to really get to know some of your fellow Club members and to get involved

Cohort 5 is now open for application, and please consider making this valuable investment in your personal development.

**When:** The group will meet eight Tuesday mornings at 7:30-9:00. The meeting dates are 9/20, 10/11, 10/25, 11/8, 12/6, 1/10, 1/31, and 2/21. Additionally, the cohort will complete a capstone service project that will benefit the Club and perhaps one of its collaborative partners.
