Serving to Make a Difference Since 1948

TODAY'S PROGRAM

Program Chairs of the Day: Richard Stanford

Stephanie Bohan Hope Cottage

A proven nonprofit leader with more than 24 years of senior management and fundraising experience, Stephanie Bohan's decades of service reflect her commitment to the transformative power of community in areas of healthcare, social services, and social justice.

Stephanie serves as the CEO of Hope Cottage, one of North Texas' most established family services agencies. In her time at Hope Cottage, Stephanie has: spearheaded CeCe's Place, Hope Cottage's Maternal Medical Clinic that integrates social services and healthcare for underserved women in North Texas; exponentially expanded Hope Cottage's Parenting Support Program, including weekly Flourishing Fridays prenatal education classes; and successfully fundraised six-figure surpluses.

In 2024, Ms. Bohan was honored with DCEO's Leadership Excellence Award for Midsized Nonprofits, a testament to her legacy in establishing Hope Cottage as a hub of strategic partnership for community organizations across DFW.

Before her time with Hope Cottage, Stephanie most recently served as the Director of Health and Wellness Services for Dallas-based Bonton Farms. Prior to that, she was the Executive Director of the Agape Clinic for over 10 years. Prior to her work with Bonton Farms and the Agape Clinic, Bohan served as the Director of Development for the Dallas Holocaust Museum/Center for Education and Tolerance. She has also served as development director of the Alcohol and Drug Council of Middle Tennessee and St. Edward Church and School, both in Nashville.

Stephanie's belief in faithful service is inspired, in part, through her membership of the Park Cities Rotary Club in Dallas from which she received the Club's Cleve Clinton Community Collaborator Award in 2018, as well as her Master's in Ministry from Perkins School of Theology. Stephanie lives Hope Cottage's tagline that "loving families grow here" at home and at work, and she lives with her husband, Michael McGinnis, and their four cats and one dog.

Congratulations to our
RCPC Award Winners!

**Wilbur Hawkins Spirit of
Rotary Award - Kathy Wall**

**Stanley M. Wright Community
Service Award - Pat Martin**

Save the Date!

THOUGHTS ON...

Babies

The more people have studied different methods of bringing up children the more they have come to the conclusion that what good mothers and fathers instinctively feel like doing for their babies is the best after all

~ Benjamin Spock

Some things I never learned to like. I didn't like to kiss babies, though I didn't mind kissing their mothers.

~ Pierre Trudeau

Anyone who uses the phrase 'easy as taking candy from a baby' has never tried taking candy from a baby. ~ Unknown

That's the miracle of babies, their ability to lay bare the tender, beating hearts of raging assholes.

~ Heather Armstrong

This country has come to feel the same when Congress is in session as when the baby gets hold of a hammer.

~ Will Rogers

People who say they sleep like a baby usually don't have one.

~ Leo J. Burke

MEETING NOTES (continued)

'Empathy' continued from pg 2
use today.

Digital accessibility is very important. So many things can be done online today that make things more accessible for everyone. There are physical disabilities, but there are also unseen disabilities, such as poor memory, ADHD, the inability to read, and seizures. For digital accessibility to be successful it must have POUR quality.

• **Perceivable** - Information and user interface components must be presentable to users in ways they can perceive.

• **Operable** - User interface components and navigation must be operable.

• **Understandable** - Information and the operation of the user-interface must be understandable.

• **Robust** - Content must be robust enough that it can be interpreted by a wide variety of user agents, including assistive technologies.

Online products need to be designed and tested for and with people with a wide range of physical and cognitive abilities from a wide range of ages. At a minimum an app needs to be resizable, have good color contrast, be legible and be easy to navigate,
