Serving to Make a Difference Since 1948

TODAY'S PROGRAM

Program Chairs of the Day: Pam Carvey

Fred Chang, PhD

Securing Cyberspace: A National Priority

Frederick R. Chang is the Director of the Darwin Deason Institute for Cyber Security, the Bobby B. Lyle Endowed Centennial Distinguished Chair in Cyber Security, and Professor in the Department of Computer Science and Engineering in the Lyle School of Engineering at Southern Methodist University (SMU). He is also a Senior Fellow in the John Goodwin Tower Center for Political Studies in SMU's Dedman College and a Distinguished Scholar in the Robert S. Strauss Center for International Security and Law at the University of Texas at Austin. Chang has been Professor and AT&T Distinguished Chair in Infrastructure Assurance and Security at the University of Texas at San Antonio and he was at the University of Texas at Austin as an Associate Dean in the College of Natural Sciences and Director of the Center for Information Assurance and Security. Additionally, Chang's career spans service in the private sector and in government including as the former Director of Research at the National Security Agency.

Dr. Chang has been elected as a member of the National Academy of Engineering. He has also been awarded the National Security Agency Director's Distinguished Service Medal and was the 2014 Information Security Magazine 'Security 7' award winner for Education. He has served as a member of the Commission on Cyber Security for the 44th Presidency and as a member of the Computer Science and Telecommunications Board of the National Academies. He has also served as a member of the National Academies committee on Responding to Section 5(d) of Presidential Policy Directive 28: The Feasibility of Software to Provide Alternatives to Bulk Signals Intelligence Collection, and as a steering committee member of the National Academies of Sciences, Engineering, and Medicine Workshop on Privacy for the Intelligence Community: Emerging Technologies, Academic and Industry Research, and Best Practices. He is currently a member of the Intelligence Science and Technology Experts Group of the National Academies of Sciences, Engineering, and Medicine.

He is the lead inventor on two U.S. patents (U.S. patent numbers 7272645 and 7633951) and he appeared in the televised National Geographic documentary, Inside the NSA: America's Cyber Secrets. He has twice served as a cyber security expert witness at hearings convened by the U.S. House of Representatives Committee on Science, Space and Technology. Dr. Chang received his B.A. degree from the University of California, San Diego and his M.A. and Ph.D. degrees from the University of Oregon. He has also completed the Program for Senior Executives at the Sloan School of Management

Bring a guest!

IMPORTANT

There will be NO meeting at Maggiano's on April 29!

Attend the Friday Luncheon at the District Conference at the Hilton Hotel, Lincoln Center

Sign up for the whole Conference or the Luncheon at www.rotary5810.org/

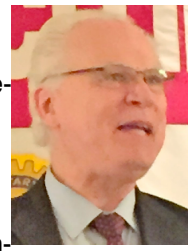
LAST WEEK (March 18)

Presiding: **Karen Farris**
Invocation: **Jim Evans**
Pledge: **Gerry Montgomery**
Introductions: **Daniel Drabinski**
Photographer: **Ley Waggoner**
Chair of the Day: **Ed Fjorbak**
Speaker: **Bob Mong**
Program: **The University of North Texas – Dallas**

President **Karen** called the meeting to order. **Gerry Montgomery** led us in the Star Spangled Banner. **Daniel Drabinski** introduced guests and then invited the club to come to the next Programs meeting. **Bob Dill** introduced Battalion Chief Brandon Ferguson with the UP Department of Public Safety as part of our "Back the Blue". **Janie Loveless** requested that we drop off crutches, walkers, wheelchairs, etc. for the District Assembly, at Hillcrest High School, Saturday, March 19, 2016.

President **Karen** said we have a record number of new members so far – 11 new and 5 in the pipeline. She also reminded us there will be no meeting April 29th in order to attend the District Conference Luncheon at the Hilton Hotel at Lincoln Center. The first twenty members to register will receive a free lunch at Maggiano's.

Ed Fjordbak introduced our speaker, Bob Mong, President of University of North Texas – Dallas. Bob was the editor of the Dallas Morning News and spent 36 years at the paper until his retirement in 2015. He was then called and asked to be President of the new University of North Texas – Dallas campus. He mentioned he was influenced by an article by Peter Drucker about "Managing Oneself – the 2nd half of life". In the Dallas area, 85,000 students go to community colleges and are the largest feeder group to UNT Dallas. The campus is located in southern Dallas, twelve miles south of downtown. The majority of the students: live south of I30, 1st generation to go to college, over 80% Hispanic or Black, are eligible for Pell grants – only 9% of students in the bottom or next to bottom quartile go to college. Only 35-40% of 25-34 year olds have an associate degree – the goal is 60% by 2030. There are several building blocks of Academic Success – attend Pre-K to prepare to learn, achieve literacy by the end of 3rd grade, grade level math by mid-elementary, complete high school college ready, begin some form of post high school, complete college. The university is targeting to educate students to meet active needs in the community – high demand for teachers in the urban community; counselors and health care workers to meet demand of hospitals that have approached the school; law enforcement – the UNT Dallas College of Law has 55% minority students with tuition of $14,500/yr, the lowest in Texas. The campus will be able to accommodate 25,000 students to meet growth over the next 20-25 years.



with thanks to Patsy Watson for these Notes!

THOUGHTS ON . . .

Defense

Democracy and defense are not substitutes for one another. Either alone will fail.
~ John F. Kennedy

Not much longer shall we have time for reading lessons of the past. An inexorable present calls us to the defense of a great future.
~ Henry Luce

Experience informs us that the first defense of weak minds is to recriminate.
~ Samuel Taylor Coleridge

We have to distrust each other. It's our only defense against betrayal.
~ Tennessee Williams

Bureaucracy defends the status quo long past the time when the quo has lost its status.
~ Laurence J. Peter

DISTRICT 5810

RCPC was well represented at the 5810 District Assembly on March 19 at Hillcrest H.S. The Assembly is the DGE's training meeting for next year's club officers. Attending the Assembly provides an opportunity to learn and share important information about the future success of each rotary club. Shown with **Tracy Gomes** is Rotary 27 Zone Coordinator Dick Jones who presented on Rotary Central.

HE PROFITS MOST WHO LAUGHS BEST

Husband's Text Message to Wife:
Honey, I was hit by a car outside the office. Paula brought me to the Hospital. Doctors presently doing tests and taking X-rays. Severe blow to head but not likely to have any lasting effects. Wound required 19 stitches. I have three broken ribs, a broken arm and compound fracture in the left leg. Amputation of the right foot is a possibility.
Love you.....

Wife's Response :
Who the heck is Paula?

We gratefully acknowledge
ASTRO-GRAPHICS
for the partial funding of The Hub

Happy Birthday

NO Birthdays this week!

It's April Fool's Day!
