ROTARY INTERNATIONAL

Happy 107th Birthday, Rotary!

23 February 1905: Rotary Club of Chicago the First of the Sixteen Clubs prior to the formation of the National Association of Rotary Clubs. First gathering, on Thursday evening, 23 February 1905 in Chicago, Illinois, U.S.A. by attorney Paul P. Harris.

Young Harris, fresh from a wild five years as a reporter, actor, cowboy, seaman, granite salesman, fruit picker and hotel clerk, five years building a successful law practice, then had an idea. It was regarding observations of success and respect which could come from organizing professional acquaintances.

More years past. He had given this much thought by the time he and Silvester Schiele walked over to Gus Loehr's office, in Room 711 that cold winter night in 1905, almost nine years from his arrival in Chicago. Several weeks later, Schiele was elected the first president of Rotary when the meeting was held in his office. Harris suggested several names, one of them being "Rotary."

They are continuing to build hospitals, but also have placed about 250 primary care clinics in the metropex area. They (continued on page 3)

THOUGHTS ON . .

College

I was thrown out of college for cheating on the metaphysics exam; I looked into the soul of the boy sitting next to me.

~ Woody Allen

Fathers send their sons to college either because they went to college or because they didn't.

~ L. L. Henderson

A college degree is not a sign that one is a finished product but an indication a person is prepared for life.

~ Rev. Edward A. Malloy

Changing a college curriculum is like moving a graveyard--you never know how many friends the dead have until you try to move them! ~Calvin Coolidge or Woodrow Wilson

FAMILY of ROTARY

From Blue Harris

Feb. 8, 2012

To the Rotary Club of Park Cities,

How shall I say within the confines of this small note all that Rotary meant to Big Jon! Throughout most of our married life, he could be found on any given Friday at his table. Of late, he come there even when there were no more holes to punch to make his belt smaller, and when his cane was barely strong enough to support his feeble steps – but always with a determination that Rotary Club was where he wanted to be. He was “BIG”, and loud, tender-hearted, and fun – and I miss him dearly. Thank you for remembering him.

Blue Harris

(Meeting Notes continued from page 2)

have about \$3.9 million in revenue; they deliver about 24,000 babies and see over two million patients a year. They are committed to exemplary care, and he remarked that a lot of surgery has become minimally invasive. He remarked that the sophistication of healthcare is mind-boggling, and a lot of surgery has become minimally invasive. He believes that cancer will be cured in our lifetimes. Currently, the primary health issue is obesity, and bariatric surgery is very common. He said with improvements in care there are new ethical dilemmas. One percent of patients account for twenty-two percent of healthcare cost. Can that continue?

THEY PROFIT MOST WHO LAUGH BEST

Questions That Need Answering

- Do Lipton employees take coffee breaks?
- What was the best thing *before* sliced bread?
- If someone with multiple personalities threatens to kill himself, is it considered a hostage situation?
- Why, in comic strips, does the cartoon figure on the left always speak first?
- Can a stupid person be a smart-aleck?
- Did Noah keep his bees in archives?
- If Barbie is so popular, why do you have to buy all her friends?
